This security system is used as burglar alarm system, with 4 wireless PIR sensors, one strobe (outside the property), one piezo siren, one codepad and one power plug pack etc. The whole security system should still work well, just the batteries are low. I renewed all the batteries, followed the above installation manual (Solution Ultima 844/862/880 Installation Manual, ISSUE 1.62) to reset the system (hardware reset) to factory default (I want to reconfigure the whole security system for ...

Bosch Solution 880 Ultima Installation

I only want (need) a basic alarm solution so the Bosch 880 Ultima fits the bill perfectly. I really only need advice and suggestions on who could/would install the system once I

have bought it as I would imagine most security companies would only install products that they sell.
