The Change Process in Psychotherapy During Troubling Times invites readers to consider what it is psychotherapists do that leads to change. The book highlights different theoretical approaches, questions old paradigms, and illustrates the change process when working with people facing a range of life challenges such as the survivors of childhood trauma, refugees, and people dealing with traumatic loss. Moving between consideration of micro-moments when working with individual clients and bigger questions about how to promote change in the face of current world problems, it addresses issues that touch us all. At the same time, the book acknowledges the unprecedented challenges in today's world such as the pace of change, the thousands of displaced people who seek refuge in other countries, the illness and loss caused by the coronavirus pandemic, and the impact of climate change on lifestyles and the environment. The book presents a topical consideration of the relevance of therapeutic assumptions, theories, and practices to current global crises. With the breadth of presenting issues considered and the examples of a variety of creative approaches supporting change, the book will be useful to psychotherapists in practice and in training working in a range of settings with different populations. It will also be of interest to others working in the helping professions.

#1 New York Times Bestseller NOW A MAJOR MOTION PICTURE Oscar Nominated For Best Picture and Best Adapted Screenplay Set amid the civil rights movement, the never-before-told true story of NASA's African-American female mathematicians who played a crucial role in America's space program. Before Neil Armstrong walked on the moon, a group of professionals worked as 'Human Computers', calculating the flight paths that would enable these historic achievements. Among these were a coterie of bright, talented African-American women. Segregated from their white counterparts, these 'colored computers' used pencil and paper to write the equations that would launch rockets, and astronauts, into space. Moving from World War II through NASA's golden age, touching on the civil rights era, the Space Race, the Cold War, and the women's rights movement, Hidden Figures interweaves a rich history of mankind's greatest adventure with the intimate stories of five courageous women whose work forever changed the world.

Di usia 13 tahun, Jojo sudah dipaksa untuk menjadi lelaki dewasa. Dia harus berperan sebagai orangtua bagi adik balitanya, karena sang ayah mendekam di penjara dan sang ibu pencandu narkoba. Seakan hidup Jojo belum cukup rumit, dia dihantui pamannya, Given, yang mati karena korban rasisme. Hantu sang paman yang terus merongrong, membuat Jojo tak bisa tenang. Karena tak tahan, Jojo akhirnya membantu arwah Given membereskan urusan duniawinya. Bukan hal yang mudah, karena tiba-tiba sang ibu menyeret Jojo dan adiknya menempuh perjalanan jauh untuk menjemput ayah mereka dari penjara. Jojo dan adiknya harus menahan lapar sepanjang jalan, karena sang ibu lebih memilih narkoba daripada beli makanan. Belum lagi gangguan arwah Given yang tak henti. Apa sebenarnya yang diinginkan arwah sang paman? Dapatkah Jojo menjaga adiknya dari ibunya yang kecanduan sehingga mereka bisa pulang dengan selamat? Pulang bukan hanya soal rumah, tapi juga keluarga yang mencintaimu tanpa syarat. Kalau begitu, di manakah Jojo dapat menemukannya? Dengan gaya penulisan yang istimewa dan sarat perasaan, Sing, Unburied, Sing mendapat banyak respons positif dari para kritikus sastra. Kisah keluarga yang tak terlupakan ini dipilih Time Magazine dan The New York Times sebagai salah satu buku terbaik tahun 2017. [Mizan, Mizan

*Bel Canto* LP KATE DANIELS NOVEL

Finalist for the National Book Award for Fiction “ [These stories] vibrate with originality, queerness, sensuality and the strange. ” —Roxane Gay “ In these formally brilliant and emotionally charged tales, Machado gives literal shape to women ’ s memories and hunger and desire. I couldn ’ t put it down. ” —Karen Russell In *Her Body and Other Parties*, Carmen Maria Machado blithely demolishes the arbitrary borders between psychological realism and science fiction, comedy and horror, fantasy and fabulism. While her work has earned her comparisons to Karen Russell and Kelly Link, she has a voice that is all her own. In this electric and provocative debut, Machado bends genre to shape startling narratives that map the realities of women ’ s lives and the violence visited upon their bodies. A wife refuses her husband ’ s entreaties to remove the green ribbon from around her neck. A woman recounts her sexual encounters as a plague slowly consumes humanity. A salesclerk in a mall makes a horrifying discovery within the seams of the store ’ s prom dresses. One woman ’ s surgery-induced weight loss results in an unwanted houseguest. And in the bravura novella “ Especially Heinous, ” Machado reimagines every episode of *Law & Order: Special Victims Unit*, a show we na ìvely assumed had shown it all, generating a phantasmagoric police procedural full of doppelg ä ngers, ghosts, and girls with bells for eyes. Earthy and otherworldly, antic and sexy, queer and caustic, comic and deadly serious, *Her Body and Other Parties* swings from horrific violence to the most exquisite sentiment. In their explosive originality, these stories enlarge the possibilities of contemporary fiction.

The years-long New York Times bestseller and major motion picture from Spielberg's Dreamworks is “irresistible...seductive...with a high concept plot that keeps you riveted from the first page” (O, The Oprah Magazine). After four harrowing years on the Western Front, Tom Sherbourne returns to Australia and takes a job as the lighthouse keeper on Janus Rock, nearly half a day's journey from the coast. To this isolated island, where the supply boat comes once a season, Tom brings a young, bold, and loving wife, Isabel. Years later, after two miscarriages and one stillbirth, the grieving Isabel hears a baby's cries on the wind. A boat has washed up onshore carrying a dead man and a living baby. Tom, who keeps meticulous records and whose moral principles have withstood a horrific war, wants to report the man and infant immediately. But Isabel insists the baby is a “gift from God,” and against Tom's judgment, they claim her as their own and name her Lucy. When she is two, Tom and Isabel return to the mainland and are reminded that there are other people in the world. Their choice has devastated one of them.

Winner of the Costa Novel Award and longlisted for the Man Booker Prize, Colm Tóibín's internationally bestselling novel is a story of devastating emotional power. At the centre of Colm Tóibín's internationally celebrated novel is Eilís Lacey, one among many of her generation who has come of age in 1950s Ireland but cannot find work at home. When she receives a job offer in America, it is clear to everyone that she must go. Leaving her family and country behind, Eilís heads for unfamiliar Brooklyn, and to a crowded boarding house where the landlady's intense scrutiny and the small jealousies of her fellow residents only deepen her isolation. Slowly, however, the pain of parting and a longing for home are buried beneath the rhythms of her new life—until she begins to realize that she has found a sort of happiness. But just as Eilís begins to fall in love, tragic news summons her back to Ireland, where she unexpectedly finds herself facing an impossible decision.

*Nelson* Anova Books

One of the most influential books of the past fifty years, *Team of Rivals* is Pulitzer Prize-winning author and esteemed presidential historian Doris Kearns Goodwin's modern classic about the political genius of Abraham Lincoln, his unlikely presidency, and his cabinet of former political foes. Winner of the prestigious Lincoln Prize and the inspiration for the Oscar Award winning—film *Lincoln*, starring Daniel Day-Lewis, directed by Steven Spielberg, and written by Tony Kushner. On May 18, 1860, William H. Seward, Salmon P. Chase, Edward Bates, and Abraham Lincoln waited in their hometowns for the results from the Republican National Convention in Chicago. When Lincoln emerged as the victor, his rivals were dismayed and angry. Throughout the turbulent 1850s, each had energetically sought the presidency as the conflict over slavery was leading inexorably to secession and civil war. That Lincoln succeeded, Goodwin demonstrates, was the result of a character that had been forged by experiences that raised him above his more privileged and accomplished rivals. He won because he possessed an extraordinary ability to put himself in the place of other men, to experience what they were feeling, to understand their motives and desires. It was this capacity that enabled Lincoln as president to bring his disgruntled opponents together, create the most unusual cabinet in history, and marshal their talents to the task of preserving the Union and winning the war. We view the long, horrifying struggle from the vantage of the White House as Lincoln copes with incompetent generals, hostile congressmen, and his raucous cabinet. He overcomes these obstacles by winning the respect of his former competitors, and in the case of Seward, finds a loyal and crucial friend to see him through. This brilliant multiple biography is centered on Lincoln's mastery of men and how it shaped the most significant presidency in the nation's history.

\* Winner of the 2013 Pulitzer Prize for General Nonfiction \* Nominated for a 2013 Edgar Award \* Book of the Year (Non-fiction, 2012) The Boston Globe, Christian Science Monitor From acclaimed, prize-winning author Gilbert King comes this gripping true story of racism, murder, rape, and the law—a stirring account that brings to light one of the most dramatic court cases in American history, and offers a rare and revealing portrait of Thurgood Marshall that the world has never seen before—now available in a limited Olive Edition. Arguably the most important American lawyer of the twentieth century, Thurgood Marshall was on the verge of bringing the landmark suit *Brown v. Board of Education* before the U.S. Supreme Court when he became embroiled in a case that threatened to change the course of the civil rights movement and cost him his life. In 1949, Florida's orange industry was booming, and citrus barons got rich on the backs of cheap Jim Crow labor with the help of Sheriff Willis V. McCall, who ruled Lake County with murderous resolve. When a white seventeen-year-old girl cried rape, McCall pursued four young blacks who dared envision a future for themselves beyond the groves. The Ku Klux Klan joined the hunt, hell-bent on lynching the men who came to be known as "the Groveland Boys." Associates thought it was suicidal for Marshall to wade into the "Florida Terror," but the young lawyer would not shrink from the fight despite continuous death threats against him. Drawing on a wealth of never-before-published material, including the FBI's unredacted Groveland case files, as well as unprecedented access to the NAACP's Legal Defense Fund files, Gilbert King shines new light on this remarkable civil rights crusader.

Mommy and her little ones are settling in for story time, and this time it's the biblical story of Easter that she's telling. As the youngsters hear God's tale unfold with its sometimes somber notes about sin and death, they are softly and continually reminded, "But Easter is coming!" By the end of the book, the anticipation has built and the children can celebrate the ending and the glory of Easter Sunday. In a time when children's Easter excitement often focuses on only egg hunts and candy, this book offers a different—and true—reason for joy and expectancy. It's designed to be read and reread on the days leading up to Easter, telling the greatest story and building a sense of anticipation and celebration in little hearts. ### **Her Body and Other Parties**

Where is God in the universe if anywhere? Why did God make germs? Why should we be so special? Could the universe have been different? This is a book that brings home, in no uncertain fashion, the discrepancy between the universe envisaged by the ancient sages and prophets and that of modern scientific cosmology, where the possibility of divine intervention looks less and less likely. Butchins demonstrates with clarity how the scientific method may be used, despite certain drawbacks, in an attempt to verify objective truth. It describes how the effect of the Copernican Revolution in the seventeenth century has steadily undermined the basic structure of the three great monotheistic religions of our day, Judaism, Christianity, and Islam, especially with respect to their eschatological concepts. The Eastern religions, being less anthropomorphic, are less affected. The theistic argument from design is shown to be powerful enough to have caused disagreement among present-day scientists, in spite of the strictures of Professor Dawkins. In general, the book attempts to make some sense of the structure of the universe in terms of our own consciousness; it behoves the reader to consider tha
