Where is God in the universe if anywhere? Why did God make germs? Why should we be so special? Could the universe have been different? This is a book that brings home, in no uncertain fashion, the discrepancy between the universe envisaged by the ancient sages and prophets and that of modern scientific cosmology, where the possibility of divine intervention looks less and less likely. Butchins demonstrates with clarity how the scientific method may be used, despite certain drawbacks, in an attempt to verify objective truth. It describes how the effect of the Copernican Revolution in the seventeenth century has steadily undermined the basic structure of the three great monotheistic religions of our day, Judaism, Christianity, and Islam, especially with respect to their eschatological concepts. The Eastern religions, being less anthropomorphic, are less affected. The theistic argument from design is shown to be powerful enough to have caused disagreement among present-day scientists, in spite of the strictures of Professor Dawkins. In general, the book attempts to make some sense of the structure of the universe in terms of our own consciousness; it behoves the reader to consider tha

New York Times Bestseller Embrace Hygge (pronounced hoo-ga) and become happier with this definitive guide to the Danish philosophy of comfort, togetherness, and well-being. Why are Danes the happiest people in the world? The answer, says Meik Wiking, CEO of the Happiness Research Institute in Copenhagen, is Hygge. Loosely translated, Hygge—pronounced Hoo-ga—is a sense of comfort, togetherness, and well-being. "Hygge is about an atmosphere and an experience," Wiking explains. "It is about being with the people we love. A feeling of home. A feeling that we are safe." Hygge is the sensation you get when you're cuddled up on a sofa, in cozy socks under a soft throw, during a storm. It's that feeling when you're sharing comfort food and easy conversation with loved ones at a candlelit table. It is the warmth of morning light shining just right on a crisp blue-sky day. The Little Book of Hygge introduces you to this cornerstone of Danish life, and offers advice and ideas on incorporating it into your own life, such as: Get comfy. Take a

break. Be here now. Turn off the phones. Turn down the lights. Bring out the candles. Build relationships. Spend time with your tribe. Give yourself a break from the demands of healthy living. Cake is most definitely Hygge. Live life today, like there is no coffee tomorrow. From picking the right lighting to organizing a Hygge get-together to dressing hygge, *Wiking* shows you how to experience more joy and contentment the Danish way.

Winner of the Pulitzer Prize "A must-read, cannot-put-down history." — Thomas Friedman, *New York Times* Arguably the most important American lawyer of the twentieth century, Thurgood Marshall was on the verge of bringing the landmark suit *Brown v. Board of Education* before the U.S. Supreme Court when he became embroiled in a case that threatened to change the course of the civil rights movement and cost him his life. In 1949, Florida's orange industry was booming, and citrus barons got rich on the backs of cheap Jim Crow labor with the help of Sheriff Willis V. McCall, who ruled Lake County with murderous resolve. When a white seventeen-year-old girl cried rape, McCall pursued four young black men who dared envision a future for themselves beyond the groves. The Ku Klux Klan joined the hunt, hell-bent on lynching the men who came to be known as "the Groveland Boys." Associates thought it was suicidal for Marshall to wade into the "Florida Terror," but the young lawyer would not shrink from the fight despite continuous death threats against him. Drawing on a wealth of never-before-published material, including the FBI's unredacted Groveland case files, as well as unprecedented access to the NAACP's Legal Defense Fund files, Gilbert King shines new light on this remarkable civil rights crusader.

The Light Between Oceans Harper Collins

Finalist for the National Book Award for Fiction "[These stories] vibrate with originality, queerness, sensuality and the strange."—Roxane Gay "In these formally brilliant and emotionally charged tales, Machado gives literal shape to women's memories and hunger and desire. I couldn't put it down."—Karen Russell In *Her Body and Other Parties*, Carmen Maria Machado blithely demolishes the arbitrary borders between psychological realism and science fiction, comedy and horror, fantasy and fabulism. While her work has earned her comparisons to Karen Russell and Kelly Link, she has a voice that is all her own. In this electric and provocative debut, Machado bends genre to shape startling narratives that map the realities of women's lives and the violence visited upon their bodies. A wife refuses her husband's entreaties to remove the green ribbon from around her neck. A woman recounts her sexual encounters as a plague slowly consumes humanity. A salesclerk in a mall makes a horrifying discovery within the seams of the store's prom dresses. One woman's surgery-induced weight loss results in an unwanted houseguest. And in the bravura novella "Especially Heinous," Machado reimagines every episode of *Law & Order: Special Victims Unit*, a show we naïvely assumed had shown it all, generating a phantasmagoric police procedural full of doppelgängers, ghosts, and girls with bells for eyes. Earthy and otherworldly, antic and sexy, queer and caustic, comic and deadly serious, *Her Body and Other Parties* swings from horrific violence to the most exquisite sentiment. In their explosive originality, these stories enlarge the possibilities of contemporary fiction.

One of the most influential books of the past fifty years, Team of Rivals is Pulitzer Prize-winning author and esteemed presidential historian Doris Kearns Goodwin's modern classic about the political genius of Abraham Lincoln, his unlikely presidency, and his cabinet of former political foes. Winner of the prestigious Lincoln Prize and the inspiration for the Oscar Award winning-film Lincoln, starring Daniel Day-Lewis, directed by Steven Spielberg, and written by Tony Kushner. On May 18, 1860, William H. Seward, Salmon P. Chase, Edward Bates, and Abraham Lincoln waited in their hometowns for the results from the Republican National Convention in Chicago. When Lincoln emerged as the victor, his rivals were dismayed and angry. Throughout the turbulent 1850s, each had energetically sought the presidency as the conflict over slavery was leading inexorably to secession and civil war. That Lincoln succeeded, Goodwin demonstrates, was the result of a character that had been forged by experiences that raised him above his more privileged and accomplished rivals. He won because he possessed an extraordinary ability to put himself in the place of other men, to experience what they were feeling, to understand their motives and desires. It was this capacity that enabled Lincoln as president to bring his disgruntled opponents together, create the most unusual cabinet in history, and marshal their talents to the task of preserving the Union and winning the war. We view the long, horrifying struggle from the vantage of the White House as Lincoln copes with incompetent generals, hostile congressmen, and his raucous cabinet. He overcomes these obstacles by winning the respect of his former competitors, and in the case of Seward, finds a loyal and crucial friend to see him through. This brilliant multiple biography is centered on Lincoln's mastery of men and how it shaped the most significant presidency in the nation's history.

*Selected as One of the Best Books of the 21st Century by

The New York Times * WINNER of the NATIONAL BOOK AWARD and A NEW YORK TIMES TOP 10 BEST BOOK OF THE YEAR A finalist for the Kirkus Prize, Andrew Carnegie Medal, Aspen Words Literary Prize, and a New York Times bestseller, this majestic, stirring, and widely praised novel from two-time National Book Award winner Jesmyn Ward, the story of a family on a journey through rural Mississippi, is a "tour de force" (O, The Oprah Magazine) and a timeless work of fiction that is destined to become a classic. Jesmyn Ward's historic second National Book Award-winner is "perfectly poised for the moment" (The New York Times), an intimate portrait of three generations of a family and an epic tale of hope and struggle. "Ward's writing throbs with life, grief, and love... this book is the kind that makes you ache to return to it" (Buzzfeed). Jojo is thirteen years old and trying to understand what it means to be a man. He doesn't lack in fathers to study, chief among them his Black grandfather, Pop. But there are other men who complicate his understanding: his absent White father, Michael, who is being released from prison; his absent White grandfather, Big Joseph, who won't acknowledge his existence; and the memories of his dead uncle, Given, who died as a teenager. His mother, Leonie, is an inconsistent presence in his and his toddler sister's lives. She is an imperfect mother in constant conflict with herself and those around her. She is Black and her children's father is White. She wants to be a better mother but can't put her children above her own needs, especially her drug use. Simultaneously tormented and comforted by visions of her dead brother, which only come to her when she's high, Leonie is embattled in ways that reflect the brutal reality of her circumstances. When the children's father is released from prison, Leonie packs her kids and a friend into her car and drives north to the heart of Mississippi and Parchman Farm, the State Penitentiary. At Parchman, there is another thirteen-year-old boy, the ghost of a dead inmate who carries all of the ugly history of the South with him in his wandering. He too has something to teach Jojo about fathers and sons, about legacies, about violence, about love. Rich with Ward's distinctive, lyrical language, *Sing, Unburied, Sing* is a majestic and unforgettable family story and "an odyssey through rural Mississippi's past and present" (The Philadelphia Inquirer).
