In *A Bigger Picture*, the bestselling political memoir of 2020, Malcolm Turnbull, Australia's 29th prime minister, tells the remarkable story of his life. Now in paperback, this edition is updated with an all-new foreword by the author that sheds light on the huge political and cultural changes happening today. When Malcolm Turnbull took over the nation's top job there was a sense of excitement in Australia. Sky-high opinion polls followed as the political outsider with a successful business, legal and media career took charge. The infighting that had dogged politics for the best part of a decade looked to be over. But a right-wing insurgency brutally cut down Turnbull's time in office after three years, leaving many Australians asking, 'Why?' Exceptionally candid and compelling, *A Bigger Picture* is the definitive narrative of Malcolm Turnbull's prime ministership. He describes how he legalised same-sex marriage, established Snowy Hydro 2.0, stood up to Donald Trump, and many more achievements – remarkable in their pace and significance, and delivered in the teeth of so much opposition. But it's far more than just politics. Turnbull's life has been filled with colourful characters and controversies, success and failure. From his early years in Sydney, growing up with a single father, to defending 'Spycatcher' Peter Wright against the UK government; the years representing Kerry Packer, leading the Republican Movement and making millions in business; and finally toppling Tony Abbott to become prime minister of Australia. For the first time he tells it all – in his own words. With revelatory insights on the workings of Canberra and the contentious events of Turnbull's life, *A Bigger Picture* explores the strengths and vulnerabilities of one of Australia's best-known and most dynamic business and political leaders. Lyrically written in highly readable and entertaining prose, this is a genuine page-turner that's not just for political junkies.

How Is It Love? is Simran's first professionally published book which explores the themes of contemporary love stories set in Indian states and Utah to the strained family ties of the modern era. The five short stories raise the issues of how family background impacts the lives of people in the long run which makes them vulnerable to violence, abuse and insecurities. Hidden in the layers of love and romance, the focus is on how love beyond gender, age and caste, self-love, and firm determination become the indispensable elements of healing others and oneself. Besides, another theme highlighted, stemming from mental health issues, is self-harm by a male character to show that men suffer too. The last story in the collection is not the representation of the usual terrorist activities that people come across in society, but it shows how some events make a teenager turn into a body thirsty for blood and vengeance.

Snookered probes into the lives of young Muslim men and their fragile masculinity, burdened by cultural expectations yet charged with personal dreams. In a volatile political climate, Ishy Din opens a timely window into a strand of British Muslim life that often remains unseen. The plot follows four friends who, every year, meet on the anniversary of their mate's death for a game of pool and a few drinks. As they excavate the past and measure their own lives, secrets are revealed and allegiances shift as quickly as the drinks are downed. Can they put to rest their guilt over the untimely death of their friend? And will their friendship survive the final betrayal? One of the very few plays written both by and about British Muslims, *Snookered* explores their camaraderie, life decisions, and their self identity within their close-knit Muslim community of extended families and network of friends. The sharp, pace-filled dialogue captures the Punjabi-English urban patois that is currently developing in northern towns but is rarely seen onstage. The result is that the characters are both alive and relevant, and moments of sharp wit collide with emotionally searing exchanges. Developed by the theatre company Tamasha, whose manifesto is to explore British Asian perspectives and identities, *Snookered* is unafraid to feature difficult and significant themes such as religion, drug addiction, misogyny, poverty and racism. Against this backdrop, *Snookered* is first and foremost a psychologically detailed but razor-sharp depiction of young men finding their paths in life, whilst navigating what it means to be young, British and Muslim.

The work consists of translation of speeches & conversations from the originals in Punjabi. The popular leader of a Sikh religious revival, Sant Bhindranwale is perhaps one of the most misrepresented figures in recent history. He spoke only Punjabi & authentic material in English has been virtually non-existent. During the religious oppression that followed his death in the 1948 Indian army attack, people hurried to destroy relevant records to avoid persecution. Through this culmination of fifteen years of painstaking research the author has given us a rare opportunity to meet & understand this man through his own words. Also included is an introductory essay describing the Sant's mission & martyrdom. This publication stimulates some provocative questions. Many people in the media & academia, who expect transparency from the state agencies & hold them accountable for their words & deeds, might have to undertake a probing self-analysis. They might ask themselves, where were they when the official media blitz of misinformation completely distorted the truth? The author is Professor Emeritus at The Ohio State University.

This Research Companion brings together a team of scholars from around the world to offer their view of the key issues in corporate social responsibility research. Each author is concerned with different aspects of CSR, providing a variety of theoretical lenses and a wide range of perspectives from different countries and experiences. It presents scholars and graduate students with a valuable guide to current thinking and a comprehensive reference to this increasingly important field.
