Permanent Temporary is a whimsical study of modern American society from a multitude of perspectives. After 4 years in a dead-end office job in Ohio, Joe Fedcamp decided to experiment with the job market instead of getting stuck in his cubicle. Over a 10 year period, he had over 70 temporary jobs, assignments, or projects in many different industries, and lived in 3 very different parts of the country: Ohio, the San Francisco Bay Area, and New York City. Permanent Temporary is about discovering opportunities to avoid mundane and unrewarding situations. Employment websites, particularly Craigslist.org, opened up a whole new world of opportunities to the independent and freelance workforce. Joe took full advantage. It landed him everywhere from rock clubs to the New York Stock Exchange. He was involved with NBC's hit series, The Apprentice, and he also photocopied the financial papers for the infamous Enron investigation. And of course, he waited a few tables. --Cover.

This is Suresh Subrahmanyans third volume of tongue-in-cheek vignettes on a variety of subjects. There is no topic or

issue under the sun that does not come under his genial and articulate gaze. He wields his pen, in a manner of speaking, with considerable panache and style. His love for the English language is amply evident in the way in which he crafts every sentence with minute care. He is greatly influenced by the British school of writing and the great authors from that formidable stable. He is unapologetic about adopting a slightly old-fashioned style, as he believes the present generation who read (and that tribe is rapidly dwindling) should appreciate that this is the language of Shakespeare and Milton, without the likes of whom we would all be talking to each other with a vocabulary that does not go beyond words like cool, awesome, shoot, OMG and lowbrow slang like my bad, I'm good, and get a life, bro. In the author's own words, "Texting trumps writing and language pays the price." Suresh Subrahmanyans tries to make amends.
