"I'm not that weak. I won't let myself be controlled. I'm strong... right?" Twenty-one years of life had only taught Spirit that she needed to protect herself from any man that might look her way, and by any means necessary. In the empire of Highreach, where there were more men than women, women were only objects to be used. Men took advantage of them and Spirit hated it. She hated the way she lived, she hated the town she grew up in, she hated the people surrounding her, and she hated the bleak outlook for her life. The only way around it was to dress as a man. With her chest bound and an attitude to match, Spirit lived each day as a male with her caretaker Doriante in the town of Blackcloth, working for information. With one golden eye and another ruby red, she was pretty good at intimidation and killing. Nothing would ever change because Spirit wasn't anything special. She knew she'd die in this dirty town with nothing to show for it. Of course life is never that normal when Spirit's the exact opposite of a normal woman. Suddenly when rumors of the fabled dragons resurface, Spirit finds herself caught up in a world of dragons, magic, soldiers, and the empire. With the power of the extinct dragons within her

veins, she finds herself running from the empire to discover more about herself and her new place in this world known as Highreach.

People are often traumatized by seemingly ordinary experiences. The reader is taken on a guided tour of the subtle, yet powerful impulses that govern our responses to overwhelming life events. Through heightened awareness of these sensations trauma can be healed. *Waking the Tiger: Healing Trauma* Evil Eye Concepts, Incorporated

Two thousand years of legend and lore about the menace and majesty of dragons, which have breathed fire into our imaginations from ancient Rome to *Game of Thrones* A Penguin Classic The most popular mythological creature in the human imagination, dragons have provoked fear and fascination for their lethal venom and crushing coils, and as avatars of the Antichrist, servants of Satan, couriers of the damned to Hell, portents of disaster, and harbingers of the last days. Here are accounts spanning millennia and continents of these monsters that mark the boundary between the known and the unknown, including: their origins in the deserts of Africa; their struggles with their mortal enemies, elephants, in the jungles of South Asia; their fear of lightning; the world's first dragon slayer, in an ancient collection of Sanskrit hymns; the colossal sea monster Leviathan; the seven-headed "great red dragon" of the Book of Revelation; the Loch Ness monster; the dragon in *Beowulf*, who inspired Smaug in Tolkien's *The Hobbit*; the dragons in the prophecies of the wizard Merlin; a dragon saved from a centipede in Japan who gifts his human savior a magical bag of rice; the supernatural feathered serpent of ancient Mesoamerica; and a flatulent dragon the size of the Trojan Horse. From the dark halls of the Lonely Mountain to the blue skies of Westeros, we expect dragons to be gigantic, reptilian predators with massive, bat-like wings, who wreak havoc defending the gold they have hoarded in the deep places of the earth. But dragons are full of surprises, as is this book.

Another Dragon Fantasy for everyone who fell in love with the Dragon Lore Series and my other dragon-saturated books. After discovering she's half dragon, Rowan figures it can't be any worse than being related to the Celts. That's the thing about assumptions, though. They come round and bite you in the ass. The second book in a magic-laced, fast-paced, fantasy trilogy. With dragons. I'd rather fight than study, but I'm stuck poring over dusty scrolls. I promised I'd learn about the dragon part of my magic, but I'm having a hell of a hard time believing there's some concealed strain of power just waiting for me to kindle it. Meanwhile, my friends the witches are playing fast and loose with remaining hidden. My Celtic kin won't bother them anymore—at least I don't think they will. But far worse things rove Earth than the Celtic gods. The Breaking has developed an energy all its own. The longer it runs wild, the harder it will be to contain. Soon, very soon, no magic in the Nine Worlds will be enough to counteract it. Once that happens, the few remaining mortals will go first, but the rest of us won't be far behind them.
