Final Hours (Love in Time Book One) Life Remotely

Sometimes life is like a movie. There are moments and events in life - not often - that are as exciting and as dramatic as a movie. What happened in Lake Placid, New York in February 1980 at the Thirteenth Winter Olympics was such a time. For those who experienced it in person or watched the games on television, they remember where they were when the US hockey team beat the Soviet Union and then beat the team from Finland two days later to win the gold medal. The sports victory of an underdog group of college kids was thrilling enough but it was a win against the Soviet Union. This Cold War adversary was also the nation hosting the summer games later that year which the United States was threatening to boycott. The excitement and drama in Lake Placid gave the games a huge lift of enthusiasm and popularity when some had even come to believe that staging the Olympics was no longer affordable for many communities and that perhaps the 1980 Winter Games should be cancelled entirely. Indeed, as the games began, a US News and World Report magazine questioned whether the Lake Placid games were the "last Olympics." What happened on the hockey ice was improbable enough, but the Lake Placid Winter Games were a long shot, if not a miracle too. Winning the games had been an unlikely decades-long quest for this small town to overcome the barriers of exploding finances, environmental concerns and world politics. Few remember that the 1980 games were never supposed to take place in Lake Placid. They came to the small village because of unexpected events which unfolded and made the two weeks in the remote Adirondacks before a worldwide audience of nearly a billion viewers one of the most dramatic times in the modern era of sports, media and politics. It would not be too much of a stretch to say that the Lake Placid Games, which brought the "Miracle on Ice," saved the Winter Olympics in 1980 and greatly enhanced them for the future.

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and acquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

"Love the writing, characters and story." --Kevin Anderson, author of the Dune novels about the Icefire story on which this fantasy series is based. Deep under the City of Glass in the frozen southern land, an age-old machine called the Heart of the City radiates a power which locals call icefire. Most citizens are immune to it, but a few, always born with physical disabilities, can bend it to their will. For fifty years, the ruling Eagle Knights, who fly on the back of giant birds, have killed these Imperfects, fearing the return of the old royal family, who used icefire to cut out people's hearts, turning them into ghostly servitors. The old king's grandson Tandor only sees the good things icefire brought: power and technology now forgotten while the people of the south live in dire poverty. He's had enough of seeing his fellow kinsfolk slaughtered by ignorant Knights, of Imperfect babies being abandoned on the ice floes to be eaten by wild animals. His grandfather's diary tells him how to increase the beat of the Heart the first step to making the land glorious once more. Arrogant as he is, he sets the machine in motion. All he needs is an army of Imperfect servitors to control the resulting power. Isandor is Imperfect, an ex-Knight apprentice, betrayed by his best friend and running for his life. The queen Jevaithi is Imperfect, living like a prisoner amidst leering Knights, surviving only because the common people would rebel if their beloved queen were harmed. Both are young and desperate and should be grateful that Tandor wants to rescue them from their hopeless situations. Or so he thinks. The youngsters, however, have no inclination to become heartless ghosts, but while they defy Tandor, the Heart beats, and he alone cannot control its power.
