Launched on a welcoming public in 1995, the mid-engined two-seater Boxster was the affordable 'real' Porsche that so many had been waiting for. Developed by Porsche in response to a show-stealing Audi concept car in the mid-nineties, the Boxster drew heavily on Porsche design heritage. This made it a strong contender in terms of style to its German rivals. The Boxster sold well from its launch, and it remains one of the most popular cars in its category today. Gavin Farmer's history of the car looks at the genesis and development in all its versions. It examines Porsche tuners and modification kits, and offers advice on buying and running a Boxster.

Porsche Boxster, Boxster S Service Manual

Motorbooks

The definitive history of the entire Porsche 986-series Boxster, including an overview of all the models sold in each of the world's major markets. Packed full of information, with contemporary illustrations sourced from the factory, this book provides the perfect guide for enthusiasts, historians, and those seeking authenticity.

The Mustang GT/CS Recognition Guide & Owner's Manual by Paul M. Newitt and licensed by Ford is a hardbound, full color 224 page detailed story of the limited-

edition 1968 Ford Mustang--which was created just for California. The story of how the California-Crazy car culture in the 1960s prompted the marketing of Mustang's first factory-produced special edition is described in incredible detail - from the inspiration of Shelby's "Little Red" coupe to the development by Ford Design to become 4,118 GT/California Specials. The story continues with the marketing plan by J.Walter Thompson and California's Ford Dealer's Association to bring this Mustang to market in the spring of 1968. A detailed account of the GT/CS variant, the "High Country Special," sold in the Denver sales district is also included. Detailed production statistics, rare factory photos, authentication, options, accessories, specific part descriptions and comprehensive Concours restoration information are covered, along with the complete stories of the Shelby prototype coupes "Little Red," and the EXP-500 "Green Hornet." A separate chapter is devoted to the development, prototypes and production of the 2007-09 and 2011 GT/CS, and a complete GT/CS Owner Registry of 1,300 cars with photos rounds out the volume. Each book is beautifully bound, signed and numbered. A very special, limited edition for Mustang collectors!
