SearchKeep your brain engaged while you unwind with Brain Games Relax and Solve: Word Search.

Includes 84 word search puzzles with a variety of themes and levels of difficulty. Each puzzle is laid out over 2 pages, with the word list on one page and the grid on the other page. We've included puzzles where you'll have to unscramble anagrams, solve clues to find search words, or reveal hidden messages. Spiral binding and complete answer key make this book easy to carry, solve, and check your answers. 192 pages  
New Best Brain Teasers & Word Games Workbook +120 Anagrams +300 Words to Find  
Direct correlation with IQ increase and cognitive ability  
Word games of the type featured in this book

are directly related to your ability to solve problems that are simple on the surface but complex underneath, almost exactly like an iceberg. If you want to measure this directly, you can stare at one of these word puzzles for a while, and measure the time you need till you guess the answer correctly (without using hints). If you do this twenty times in a row with twenty different puzzles, and measure the time taken to solve each, you will notice a clear downward trend in the times - this proves that, even over the course of a casual half hour "playthrough" of the word games in this book, there is a clear and measurable improvement in your ability to solve simple or complex lexical problems, and the effect will be much more pronounced as you spend more and more time

---

with all the puzzles in this volume, and in this series. All the benefits of a physical workout, but for your mind. After a good long workout at the gym, you feel good. Both your body and your mind are refreshed, and even through your tiredness you are happy. The process in the Brains Need Gyms series is very similar: you will go through many difficult puzzles, and flex your mental muscles till you are exhausted. However, the aftermath is positive - you will be able to go back to your other tasks mentally refreshed, and armed with many new logic tools to attack the questions that your daily life throws at you. Go on, gift your brain the gym subscription it's always deserved! At the very least, it's far cheaper than a physical gym subscription,

to say nothing of a personal trainer. You will acquire skills that help you get good at other word games that are more mainstream. If you have always wanted to get better at solving crosswords, this book provides a good way to acquire a formative skill. This book is filled with word puzzles that form the basis of solving crosswords. You will look at an incomplete word, and your brain will go to work recognizing patterns, and you will solve each problem. Creativity boosts, enforced by needing to look at each question in a different way. Very few problems in this book will yield to a straightforward stare-at-it-till-the-answer-manifests-itself-in-front-of-your-eyes technique. Sure, the first few questions in the first few chapters might be solved by this approach, but

---

it will rapidly become apparent to you that you need to invent new ways to look at each problem, so that your brain can acquire the lateral perspective needed to hit the correct answer on the head every time the book throws a fresh challenge at it. So, whether you're looking at interesting letter sequence patterns in the first 5 letters of a word that you have to guess, and ignoring the last few letters temporarily, or filling in placeholder letters in position 2 and 4 (the crucial letters to fill), you will have your hands full with coming up with unique solutions in real time to difficult questions. The feeling of accomplishment when you solve that pesky problem that's been filling your head (and distracting you from real life) for half an hour or

longer cannot be understated; it is akin to the pure joy that comes from finally getting rid of a mosquito.

### Brain Games - Extreme Word Search Riddles and Jokes Book 1

This collection is filled with word-search puzzles to not only challenge your brain but also to help you have fun along the way.

Offers a wide variety of entertaining seeks and searches, such as Add-a-Letter, Shrouded

It has cities, but they are  
void of houses. It also  
has mountains but is  
devoid of trees. It has  
water, but it lacks fish.

What exactly is it? Want a  
hint? You better think of  
something inanimate. Still  
stumped? The book has

---

the answer! Kidding. But really, it does. However I will give it to you: a map. If you're like me, it took you a bit to get that one. Unless of course you're a seasoned pro. See, the good thing about these brain games is that they are timeless and will always keep sharpening your mind. The more you do them, the better you become at them. Yeah yeah, you've heard that before. "You should do things that help enhance your brain health and memory strength." If you are an adult, you can still benefit from these. But for kids... What if they started early? Even just one or two minutes of mind games can help prepare their minds for enhanced learning. If you (or the teacher) are creative enough, you can even design the teasers to reflect everyday situations that kids may experience, adding a little valuable lesson along the way. For kids, learning and growth happen at a very early age. Brain teasers provide kids with challenges that allow them to check out their environment, understand other people, and learn to work with peers. OK, that is all fine, but how does this relate to this book? In *Ultimate Brain Games and Teasers*, you will discover: what exactly is a brain teaser? How brain teasers relate to cognitive function, and increase overall smartness! Enhanced tips and tricks on how to help solve brain teasers Some of the games and teasers

---

include... Fun Wordplay

loud. It's a great gift idea for any child. Buy 10 copies of this book for all the birthday parties your children will get invited to...or as Christmas gifts! You'll provide good, clean fun AND happiness for the children in your life. "Kids will love the riddles, brain teasers and knock-knock jokes in this book!! Lots of laughter and good, clean fun await you. I'm a Grandmother, and I can hardly wait to read this to our grandkids!!" Dr. Becky Slabaugh #1 International Bestselling Author, Keynote Speaker, Licensed Clinical Pastoral Counselor, Mother of 2 Sons and Grammie to Tatum and Maisy Grace. "Although this book was written for children, it is also an

excellent stress reliever for adults! It can be read by anyone who wishes to lighten up his or her mood. Jackie Morey is a mother of two young children and she knows how to spend quality time with her children telling jokes, solving riddles and brain teasers, or doing word searches. Co-written with her son Michael, the activities in this book were written through the eyes of a joyful child." Rowena Arrieta, World-class International Classical Pianist, Finalist and Laureate at the VII Tchaikovsky International Music Competition, Mother of two. "What a cool and fun book this is!! Riddles, brain teasers, tongue twisters and knock-knock jokes all in one place!! If you're a parent,

---

grandparent or someone who's around kids, you'll want to get this book to read to them. And you might find yourself chuckling a bit as well. Perfect birthday gift, too." Matt Buchanan, Operations Manager, Father of 4, Grandfather of 10, and Great Grandfather of 2."My 4 grandchildren (ages 9,8,5 and 4) absolutely love jokes! And this book is full of good, clean jokes and riddles! As a very committed and intentional Grandmother I'm always looking for age appropriate resources and books to read and enjoy with my four Grandbabes. This book 100% fits the bill! I plan to give it away as birthday gifts for all the families I know with children." Sharon Best,

Mother of two,  
Grandmother of four, Life Coach
