For fans of Grumpy Cat and Cats on Instagram there's a new cat in town—Bailey, No Ordinary Cat—of the Facebook name, is a special cat with a growing fan base, garnering over 2 million views on Ellen's Instagram and videos that have been shared by Good Morning America, ABC News, CBS News, and more. What makes Bailey more addictive than catnip? In addition to his adorable expressions and his hilarious, heartfelt antics, Bailey has a penchant for doing things that are characteristically uncatlike—things like taking bubble baths (and enjoying them), sitting attentively in a chair and being read to (for hours), getting a "pet"-icure, and his unending

patience while co-raising his human siblings Abby and Hannah (yes, there is photographic evidence that Bailey helped with potty-training). If you have a cat you know how independent they are. Bailey, No Ordinary Cat celebrates the unique quirky spirit of this unforgettable feline through four-color photographs and captions from the voice of Bailey himself. Cat lovers will be delighted to peek into the life of their favorite celebrity cat with the huge eyes, huge heart, and huge personality—and an ever-growing following.

Brand-New Emily Harlequin Groundhog Day meets Ling Ma's Severance in this "brilliant" (PopSugar) and "exhilarating" (The Millions) comedic novel about two young women trying to save their friendship as the world collapses around them. Bertie and Kate have been best friends since high school. Bertie is a semi-failed cartoonist, working for a prominent Silicon Valley tech firm. Her job depresses her, but not as much as the fact that Kate has recently decided to move from San Francisco to Los Angeles. When Bertie's attempts to make Kate stay fail, she suggests the next best thing: a trip to Paris that will hopefully distract the duo from their upcoming separation. The vacation is also a sort of last hurrah, coming during the ceasefire in

a series of escalating world conflicts. One night in Paris, they meet a strange man in a bar who offers them a private tour of the Louvre. The women find themselves alone in the museum, where nothing is quite as it seems. Caught up in a day that keeps repeating itself, Bertie and Kate are eventually separated, and Bertie is faced with a mystery that threatens to derail everything. In order to make her way back to Kate, Bertie has to figure out how much control she has over her future—and her past—and how to survive in an apocalypse when the world keeps refusing to end.

What does it take to be a STEM genius? Check out these exciting, highly readable profiles of a dozen contemporary women who are on the cutting edge of scientific research. Searching the cosmos for a new Earth. Using math to fight human trafficking. Designing invisible (and safer) cars. Unlocking climate-change secrets. All of this groundbreaking science, and much more, is happening right now, spearheaded by the diverse female scientists and engineers profiled in this book. Meet award-winning aerospace engineer Tiera Fletcher and twelve other science superstars and hear them tell in their own words not only about their fascinating

---

work, but also about their childhoods and the paths they traveled to get where they are—paths that often involved failures and unexpected changes in direction, but also persistence, serendipity, and brilliant insights. Their careers range from computer scientist to microbiologist to unique specialties that didn't exist before some amazing women profiled here created them. Here is a book to surprise and inspire not only die-hard science fans, but also those who don't (yet!) think of themselves as scientists. Back matter includes reading suggestions, an index, a glossary, and some surprising ideas for how to get involved in the world of STEM.

**The Godmothers**

HarperCollins

"Hilarious, suspenseful, and whip smart." —Cynthia D'Aprix Sweeney Meet the Harrisons! A mother running for Senate, a son running from his problems, and a daughter running straight into trouble...

From Grant Ginder, the author of *The People We Hate at the Wedding*, comes a poignant, funny, and slyly beguiling novel which proves that, like democracy, family is a messy and fragile thing —perfect for fans of *Veep*'s biting humor, the family drama of *Succession*, and the joys of Kevin Wilson's *Nothing to See Here*. Nancy Harrison is running for Senate, and she's going to win, goddamnit. Not that that's her slogan, although it could be. She's said all the right things. Passed all the right legislation. Chapped her lips kissing babies. There's just one problem: her grown children.

Greta and Nick Harrison are adrift. Nick is floundering in his attempts to write a musical about the life of Joan Didion (called *Hello to All That!*). And then there's his little sister Greta. Smart, pretty, and completely unmotivated, allowing her life to pass her by like the shoppers at the Apple store where she works. One morning the world wakes up not to Nancy making headlines, but her daughter, Greta. She's in Paris. With extremist protestors. Throwing a bottle of champagne through a beloved bistro's front window. In order to save her campaign, not to mention her daughter, Nancy and Nick must find Greta before it's too late. Smart, funny, and surprisingly tender, *Let's Not Do That Again* shows that family, like politics, can hurt like a mother.

future, and when he sees a bridge that no longer exists in the present, Aleca can't wait to investigate. Hand in hand with Aunt Zephyr, the three of them manage to cross the bridge and climb through a portal into the past. Aleca, Ford, and Aunt Zephyr spend a day in the 1950s. At first, it's exciting to see how things have changed, but time travel doesn't come without snags! And when it's time to go back home, they return to the bridge and find that the portal is gone! Will they be able to find a way home? Or are they stuck in the past for good?

Thirteen-year-old Tig Ripley has plenty of good reasons for starting an all-girl rock band. Never mind she doesn't play an instrument--she'll figure that out. Fronting a band is sure to propel her out of the background and into the spotlight at her middle school. So after a few weeks' worth of drumming lessons under her belt, she starts assembling her band. With her cousin Kyra agreeing to play bass, soon Tig has her piano-playing friend Olivia down for the keyboard. And then she convinces tough girl Robbie Chan to sign on as lead guitarist. With a cool name--*Pandora's Box*--all the band needs now is a

killer lead singer. How hard can that be? But when Kyra invites obnoxious diva Haley Thornton to join the band, Tig realizes snagging a lead singer--the right lead singer--is not going to be easy. Everyone says the drummer is the heartbeat of a band--does Tig have what it takes to lead *Pandora's Box*?

#### When Scotland Was Jewish Ten Speed Press

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive

---

errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

*Have Mercy on Us All* Aladdin Acclaimed author Anne Roiphe evokes the sights and sounds of 1880s Alexandria, Egypt, a bustling center of trade and travel. From teeming docks to overflowing market stalls, from grand homes to grimy narrow alleyways, cholera microbes rise and bob in streams of water and tiny droplets, clinging to moisture as man clings to air. With a keen mind and dedication to his work, young Louis Thuillier has impressed his mentor—famed scientist Louis Pasteur—enough to be sent to Alexandria as one-third of the French mission searching for the source of the cholera that is terrorizing the city. Along with the other members of the French mission—scientists Emile Roux and Edmond Nocard and their enterprising servant Marcus—Louis longs to

find the cure, bringing glory to himself and to France. Este Malina is the lovely daughter of a respected Jewish doctor, whose family has lived in Alexandria for hundreds of years. A life of comfort has made Este a romantic, and she hopes to marry a man with the heart of a poet. Neither expects to find a soul mate in the other, but when Este begins to assist at the French mission's lab, a deep bond forms. Este, though, is engaged to another, and Louis is not Jewish—her family would never allow them to marry. In spite of their many differences, the lovers' desire grows and their fantasies threaten to distract them from their work. In Alexandria, the disease rages on, as mysterious as it was a thousand years before. Political intrigue threatens to separate Este and Louis permanently. Their love, as fragile as the glass slides they use in the lab, is in danger before it has had a chance to thrive. With *An Imperfect Lens*, rich with the sights and scents of a different era, Anne Roiphe once again demonstrates the storytelling power for which she has long been hailed.

*End of the World House* Simon and Schuster When a Parisian town crier receives anonymous, ominous messages warning of an imminent outbreak of the Black Death, genius detective Commissaire Adamsberg and his straight-edged sidekick, Danglard, begin to suspect that the

predictions are linked to strange marks that have appeared on doorways, a mystery that is complicated by a suspicious death.

In this sequel to *Tig Ripley: Rock 'n' Roll Rebel*, things are looking up for the girls of Pandora's Box. Following their successful appearance in the University of Alabama student TV commercial, Tig and the other members of Pandora's Box are eager to be taken seriously as a rock band. But the high drama of middle-school life rears its head. First, the girls finally tire of Kyra's lack of commitment and refusal to improve her bass skills. Tig can only defend her cousin just so much. Then to add to the Kyra problem, Robbie wants to bring in a new member to the band. This new girl really sets Tig's teeth on edge. Is Tig losing her bestie status with Robbie? And now, topping everything off, Tig can't stop thinking about Will Mason. Seeing him together with bandmate Olivia is agonizing. Tig is trying to do her best as leader but will all these struggles pull Pandora's Box apart just when it looks like musical success is around the corner?

Aleca Zamm, an ordinary ten-year-old with an extraordinary talent, finds a new friend and has to rescue her Aunt Zephyr from a teleportation crisis in this hilarious third novel in the Aleca Zamm chapter book series. Aleca Zamm knows she's not the only Wonder at school with a magical ability. Third grader Ford Kimble is a Wonder as well. Ford is able to see people as they used to be in the past and as they will be in the future. He can time travel! Well, sort of! Aleca starts hanging out with Ford to discuss their magical abilities, which makes Aleca's best friend, Maria, jealous. Aleca even forgot the first meeting of the Secret Pals Club, Maria and Aleca's new idea for a club that performs secret good deeds for bullied kids! Worse, Maria is onto Aleca's secret of being a Wonder. She definitely suspects something, but Aleca has sworn to Aunt Zephyr that she won't tell anyone about her magical ability. Plus, Aunt Zephyr's ability to teleport is starting to deteriorate along with her age, and Aunt Zephyr's about to throw in the towel on being a Wonder for good. Can Aleca and Ford figure out how to get Aunt Zephyr's magical powers

back? And can Aleca save her friendship with Maria while still keeping her magical powers a secret? *Aleca Zamm Is a Wonder* Abrams

There is no such thing as neutral. According to the Ambassadors 4 Kids Club, one out of every four students is bullied—and 85% of these situations never receive intervention. Parents, students, and teachers alike have amped up the discussion of how to solve the bullying problem for a networked generation of kids. Written by bestselling author, Nancy Rue, each book in the Mean Girl Makeover trilogy focuses on a different character's point of view: the bully, the victim, and the bystander. Each girl has a different personality so that every reader can find a character she relates to. The books, based on Scripture, show solid biblical solutions to the bullying problem set in a story for kids. So Not Okay, the first book in the series, tells the story of Tori Taylor, a quiet sixth grader at Gold Country Middle School in Grass Valley, California. Tori

knows to stay out of the way of Kylie, the queen bee of GCMS. When an awkward new student named Ginger becomes Kylie's new target, Tori whispers a prayer of thanks that it's not her. But as Kylie's bullying of Ginger continues to build, Tori feels guilty and tries to be kind to Ginger. Pretty soon, the bullying line of fire directed toward Ginger starts deflecting onto Tori, who must decide if she and her friends can befriend Ginger and withstand Kylie's taunts, or do nothing and resume their status quo. Tori's decision dramatically changes her trajectory for the rest of the school year. *Aleca Zamm Is Ahead of Her Time* Simon and Schuster

Aleca Zamm, an ordinary ten-year-old with an extraordinary talent, is on a mission to find the other Wonder at her school and find out what their special power is in this hilarious follow-up to *Aleca Zamm Is a Wonder*. Every roller-skating party has its pooper... And for Aleca Zamm, that pooper is Madison, her former best friend and current worst enemy. But Aleca's mom

---

insisted that Aleca invite her entire class to her tenth birthday party at the skating rink—including queen-of-mean Madison! What’s even worse? Aleca suspects that Madison knows about Aleca’s magical ability to freeze time. And that could mean over-the-top trouble for Aleca and Aunt Zephyr, her kooky teleporting aunt. There’s no telling what dangers await if news about their mysterious abilities gets out. Between Aunt Zephyr’s risky roller-skating tricks and Madison’s threat of spilling Aleca’s secret, Aleca is sure that her tenth birthday party will be a total disaster!
