his popular Half Upon a Time series—perfect for fans of Fablehaven and Chris Colfer’s A Tale of Magic series! Five and a half feet might seem pretty tall for a twelve-year-old, but it’s not when your parents are giants. Lena has kept the fact that she’s a tiny giant secret, using magic to grow when out in the giant village. But hiding who she is has

always felt wrong, even though she knows the other giants might not accept her. Fortunately, Lena has friends down in the Cursed City who understand that looking different doesn’t make her less of a giant. Someone who knows not to judge by appearances is Jin, a young genie currently serving one thousand and thirty-eight years of genie

training that requires him to fulfill the wish of whoever holds his magical ring. In Jin’s case, it’s the power-hungry Golden King. At least the king only has two wishes left, one of which is for Jin to go to the Cursed City and capture its protector, the Last Knight—one of Lena’s closest friends. What Lena and Jin don’t know is how close the Golden King’s

plans are to coming together, between his dark magic and his horrible Faceless knights. If Jin does find the Last Knight and bring him to the Golden King, why, that could doom the entire fairy-tale world. ...This sounds like it'll end badly, doesn't it? *Fablehaven the Complete Series* Simon and Schuster Trapped in a world where

magic is powerful and dreams are real, Cole's epic adventure comes to a close in book five of the New York Times bestselling "fanciful, action-packed adventure" series (Publishers Weekly, starred review), from the author of the *Fablehaven* and *Beyonders* series. Cole

Randolph can barely remember what life was like back home in Arizona. It's hard to imagine there was a time he didn't wake up to daily threats and danger. But Cole is still determined to find a way home with his friends and to set things right in the Five Kingdoms before he leaves. That

means traveling to the last of the kingdoms –Creon. It’s a place where time itself can be manipulated, where reality can bend and change. On one last death-defying mission, Cole must use everything he has learned to face a villain with powers beyond anything her

has seen before. The past, present, and future are all at stake in this epic conclusions to the bestselling Five Kingdoms series. Sky Raiders Yearling Fans of Brandon Mull and James Riley will love this middle grade fantasy trilogy about a regular kid who discovers that the truth about his past could be the answer to saving the

future. All Jack Blank knows is his bleak, dreary life at St. Barnaby’s Home for the Hopeless, Abandoned, Forgotten, and Lost, an orphanage that sinks more and more into the swampland of New Jersey with each passing year. His aptitude tests project him as spending a long, unhappy career as a toilet brush cleaner. His only chance at escape comes through the comic books donated years ago to the orphanage that he secretly

reads in the dark corners of the library. Everything changes one gray morning when Jack receives two visitors that alter his life forever. The first is a deadly robot straight out of one of his comic books that tries its best to blow him up. The second is an emissary from a secret country called the Imagine Nation, an astonishing place where all the fantastic and unbelievable things in our world originate—including Jack. Jack soon

discovers that he has an amazing ability—one that could make him the savior of the Imagine Nation and the world beyond, or the biggest threat they've ever faced.
