Examined Lives Penguin

The first clear and faithful guide to the timeless, practical teachings of the Stoic philosopher Seneca. Stoicism, the most influential philosophy of the Roman Empire, offers refreshingly modern ways to strengthen our inner character in the face of an unpredictable world. Widely recognized as the most talented and humane writer of the Stoic tradition, Seneca teaches us to live with freedom and purpose. His most enduring work, over a hundred "Letters from a Stoic" written to a close friend, explains how to handle adversity; overcome grief, anxiety, and anger; transform setbacks into opportunities for growth; and recognize the true nature of friendship. In *Breakfast with Seneca*, philosopher David Fideler mines Seneca's classic works in a series of focused chapters, clearly explaining Seneca's ideas without oversimplifying them. Best enjoyed as a daily ritual, like an energizing cup of coffee, Seneca's wisdom provides us with a steady stream of time-tested advice about the human condition—which, as it turns out, hasn't changed much over the past two thousand years.

### Rescuing Socrates Ludwig von Mises Institute

Presents an introduction to the ideas of major Western philosophers, including Aristotle, Augustine, John Locke, and Karl Marx.

### The 5AM Club Springer

Argues that the key to understanding ourselves and consciousness is the "strange loop," a special kind of abstract feedback loop that inhabits the brain.

### Principles of Management Harper Collins

Yearning for a life of leisure? In 24 chapters representing each hour of a typical working day, this book will coax out the loafer in even the most diligent and schedule-obsessed worker. From the founding editor of the celebrated magazine about the freedom and fine art of doing nothing, *The Idler*, comes not simply a book, but an antidote to our work-obsessed culture. In *How to Be Idle*, Hodgkinson presents his learned yet whimsical argument for a new, universal standard of living: being happy doing nothing. He covers a whole spectrum of issues affecting the modern idler—sleep, work, pleasure, relationships—bemoaning the cultural skepticism of idleness while reflecting on the writing of such famous apologists for it as Oscar Wilde, Robert Louis Stevenson, Dr. Johnson, and Nietzsche—all of whom have admitted to doing their very best work in bed. It's a well-known fact that Europeans spend fewer hours at work a week than Americans. So it's only befitting that one of them—the very clever, extremely engaging, and quite hilarious Tom Hodgkinson—should have the wittiest and most useful insights into the fun and nature of being idle. Following on the quirky, call-to-arms heels of the bestselling *Eat, Shoots and Leaves: The Zero Tolerance Approach to Punctuation* by Lynne Truss, *How to Be Idle* rallies us to an equally just and no less worthy cause: reclaiming our right to be idle.

### The Mis-Education of the Negro Macmillan

The protagonists are Sophie Amundsen, a 14-year-old girl, and Alberto Knox, her philosophy teacher. The novel chronicles their metaphysical relationship as they study Western philosophy from its beginnings to the present. A bestseller in Norway.

### Doubt: A History John Wiley & Sons

Winner of the International Lannan Literary Award for Nonfiction Animal tracks, word magic, the speech of stones, the power of letters, and the taste of the wind all figure prominently in this intellectual tour de force that returns us to our senses and to the sensuous terrain that sustains us. This major work of ecological philosophy startles the senses out of habitual ways of perception. For a thousand generations, human beings viewed themselves as part of the wider community of nature, and they carried on active

relationships not only with other people with other animals, plants, and natural objects (including mountains, rivers, winds, and weather patters) that we have only lately come to think of as "inanimate." How, then, did humans come to sever their ancient reciprocity with the natural world? What will it take for us to recover a sustaining relation with the breathing earth? In *The Spell of the Sensuous* David Abram draws on sources as diverse as the philosophy of Merleau-Ponty, Balinese shamanism, Apache storytelling, and his own experience as an accomplished sleight-of-hand of magician to reveal the subtle dependence of human cognition on the natural environment. He explores the character of perception and excavates the sensual foundations of language, which—even at its most abstract—echoes the calls and cries of the earth. On every page of this lyrical work, Abram weaves his arguments with a passion, a precision, and an intellectual daring that recall such writers as Loren Eiseley, Annie Dillard, and Barry Lopez.

### Creating Your Own Destiny

*Principles of Management* is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the *Principles of Management* course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. This is an adaptation of *Principles of Management* by OpenStax. You can access the textbook as pdf for free at [openstax.org](http://openstax.org). Minor editorial changes were made to ensure a better ebook reading experience. Textbook content produced by OpenStax is licensed under a Creative Commons Attribution 4.0 International License.

### Inquiries Into Human Faculty and Its Development Yale University Press

*Twilight of the Idols* presents a vivid, compressed overview of many of Nietzsche's mature ideas, including his attack on Plato's Socrates and on the Platonic legacy in Western philosophy and culture. Polt provides a trustworthy rendering of Nietzsche's text in contemporary American English, complete with notes prepared by the translator and Tracy Strong. An authoritative Introduction by Strong makes this an outstanding edition. Select Bibliography and Index.

### The Animal that Therefore I Am Harper Collins

What does it mean to be awake? What exactly is therapeutic about retail therapy? And what are you really working on when you're at your desk, in the gym, or having dinner? From getting ready in the morning, through heading to work, going to a party, having sex and falling back to sleep, *Breakfast with Socrates* provides an hour-by-hour commentary on what history's greatest philosophers have said about the meaning behind everything we do. A fascinating exploration of our daily lives, *Breakfast with Socrates* also draws on literature, art, politics and psychology to offer an informal introduction to the history of ideas that will help anyone to think more healthily. *Breakfast* will never be the same again...

### Twilight of the Idols SPCK Publishing

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed "Insider-only" tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

### Feed Candlewick Press

In the tradition of grand sweeping histories such as *From Dawn To Decadence*, *The Structure of Scientific Revolutions*, and *A History of God*, Hecht champions doubt and questioning as one of the great and noble, if unheralded, intellectual traditions that distinguish the Western mind especially from Socrates to Galileo and Darwin to Wittgenstein and Hawking. This is an account of the world's greatest 'intellectual virtuosos,' who are also humanity's greatest doubters and disbelievers, from the ancient Greek philosophers, Jesus, and the Eastern religions, to modern secular equivalents Marx, Freud and Darwin—and their attempts to reconcile the seeming meaninglessness of the universe with the human need for meaning. This

remarkable book ranges from the early Greeks, Hebrew figures such as Job and Ecclesiastes, Eastern critical wisdom, Roman stoicism, Jesus as a man of doubt, Gnosticism and Christian mystics, medieval Islamic, Jewish and Christian skeptics, secularism, the rise of science, modern and contemporary critical thinkers such as Schopenhauer, Darwin, Marx, Freud, Nietzsche, the existentialists.

**The Perfect Omelet: Essential Recipes for the Home Cook** Hackett Publishing  
A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of Western thought and literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of America's last remaining Great Books programs. The experience changed his life and determined his career—he went on to earn a PhD in English and comparative literature, serve as director of Columbia's Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás's life. In doing so, the book drives home what it's like to experience a liberal education—and why it can still remake lives.

### The Language Instinct Courier Corporation

A timely intervention into debates on the representation of feminist and feminine identities in contemporary visual culture. The essays in this collection interrogate how and why certain formulations of feminism and femininity are currently prevalent in mainstream cinema and television, offering new insights into postfeminist media phenomena.

### Sophie's World Vintage

Put your own fate exactly where it belongs—in your hands It is one of the great questions of life. Its a simple question, really, but it seems impossible for many to answer: Do we control our own destinies? 90 percent of people think and act as if their destiny is foreordained, while only about 10 percent believe in the capacity to

---

change and act on it. *Creating Your Own Destiny* explains and demonstrates to the majority how to dream, plan, and execute a better future—despite the challenges of the economy and life circumstances. Based on time-honored principles, theories, and case studies, it provides a Success Road Map for all those people who are seeking to achieve success but who aren't satisfied with their careers. Written in an easy and accessible tone by Patrick Snow, who has been dubbed "the Dean of Destiny," with the powerful and practical tools featured in this essential guide, you'll find yourself newly empowered and energized to achieve extraordinary results.

Bourbon for Breakfast The Countryman Press

A guide to locating and preparing wild edible plants growing in Missouri.

Each plant has a botanical name attached. The length or season of the flower bloom is listed; where that particular plant prefers to grow; when the plant is edible or ready to be picked, pinched, or dug; how to prepare the wildings; and a warning for possible poisonous or rash-producing plants or parts of plants.—from Preface (p. vi).

The Autocrat of the Breakfast Table Basic Books (AZ)

Get to grips with the concepts that shaped the way we think about ethics, politics, and our place in the universe. Explaining the big ideas and groundbreaking theories of key philosophers clearly and simply, *The Philosophy Book* is the perfect one-stop guide to philosophy and the history of how we think. Untangling knotty theories and shedding light on abstract concepts, entries explore and explain each complex idea with easy-to-follow explanations and innovative visuals. Explore the history of philosophy, from ancient Greece and China to today, and find out how theories from over 2,000 years ago are still relevant to our modern lives. Follow the progression of human ideas and meet the world's most influential philosophers — from Plato and Confucius through René Descartes and Mary Wollstonecraft to Ludwig Wittgenstein and Judith Butler. Dive into this phenomenal philosophy book to discover: -An accessible guide to philosophy, covering every major school and movement throughout history. -The clear and detailed text explains the most groundbreaking philosophical concepts and theories ever devised, while bold illustrations and pull-out quotes bring each idea to life. -Fully revised and updated to cover any developments in the field over the last 5 – 10 years. -Biography and context boxes place each idea in its wider historical, cultural, and social context. *Your Philosophical Questions, Simply Explained* If you thought it was difficult to learn philosophy and its many concepts, *The Philosophy Book* presents the key ideas in a clear layout. Find out what philosophers thought about the nature of reality and the fundamental questions we ask ourselves: What is the meaning of life? What is the Universe made of? And work your way through the different branches of philosophy, such as metaphysics and ethics, from ancient and modern thinkers. The Big Ideas Series With millions of copies sold worldwide, *The Philosophy Book* is part of the award-winning Big Ideas series from DK. The series uses striking visuals and engaging writing, making big topics easy to understand.
