Don't miss the Spectrum Originals series JOE PICKETT! The first novel in the thrilling series featuring Wyoming game warden Joe Pickett from #1 New York Times bestselling author C. J. Box. Joe Pickett is the new game warden in Twelve Sleep, Wyoming, a town where nearly everyone hunts and the game warden—especially one like Joe who won't take bribes or look the other way—is far from popular. When he finds a local hunting outfitter dead, splayed out on the woodpile behind his state-owned home, he takes it personally. There had to be a reason that the outfitter, with whom he's had run-ins before, chose his backyard, his woodpile to die in. Even after the "outfitter murders," as they have been dubbed by the local press after the discovery of the two more bodies, are solved, Joe continues to investigate, uneasy with the easy explanation offered by the local police. As Joe digs deeper into the murders, he soon discovers that the outfitter brought more than death to his backdoor: he brought Joe an endangered species, thought to be extinct, which is now living in his woodpile. But if word of the existence of this endangered species gets out, it will destroy any chance of InterWest, a multi-national natural gas company, building an oil pipeline that would bring the company billions of dollars across Wyoming, through the mountains and forests of Twelve Sleep. The closer Joe comes to the truth behind the outfitter murders, the endangered species and InterWest, the closer he comes to losing everything he holds dear.

Losing: Never an Option It is August, 1940. Hitler's triumphant Third Reich has crushed all Europe—except Britain. As Hitler launches a massive aerial assault, only the heavily outnumbered British RAF and the iron will of Winston Churchill can stop him. The fate of Western civilization teeters in the balance. Johnnie Shaux, a Spitfire fighter pilot, knows that the average life expectancy of a pilot is a mere five hours of operational flying time. Sooner or later, his luck will run out. Yet he must constantly summon up the fortitude to fly into conditions in which death is all but inevitable and continue to do so until the inevitable occurs... Meanwhile, Eleanor Rand, a WAAF staff officer in RAF headquarters, is struggling to find her role in a man's world and to make a contribution to the battle. She studies the control room maps that track the ebb and flow of conflict, the aerial thrust and parry, and begins to see the glimmerings of a radical strategic breakthrough... Breaking Point is based on the actual events of six days in the historic Battle of Britain. The story alternates between Johnnie, face to face with the implacable enemy; and Eleanor, in 11 Group headquarters, using 'zero-sum' game theory to evolve a strategic model of the battle.

Dark Sky Little, Brown

Wyoming game warden Joe Pickett has two lethal cases to contend with in this electrifying #1 New York Times bestseller from C. J. Box. A prominent female British executive never came home from the high-end guest ranch she was visiting, and the British Embassy is pressing hard. Pickett knows that happens sometimes—these ranches are stocked with handsome young cowboys, and "ranch romances" aren't uncommon. But no sign of her months after she vanished? That suggests something else. At the same time, his friend Nate Romanowski has asked Joe to intervene with the feds on behalf of falconers who can no longer hunt with eagles even though their permits are in order. Who is blocking the falconers and why? The more he investigates both cases, the more someone wants him to go away. Is it because of the missing woman or because he's become Nate's advocate? Or are they somehow connected? The answers, when they come, will be even worse than he'd imagined.
