Author Michael C. Grumley The DNA research in breakthrough is deep and painstaking, as is much of the other information in the series. More specifically, when speaking about common DNA between species, the data is both accurate and well-established within the scientific community. For example, humans and apes sharing 95% or more of our genes is completely true, as is the same overlap, though to lesser degrees with ...

Ripple by Michael C. Grumley is a great book! It satisfied me as a reader on many levels. It has a great, thrilling story line with several plots intertwining nicely. It has well developed, full-blooded characters: some of them already familiar to those who have been following the

series since the first book, Breakthrough, was published.

And again - Michael C. Grumley presented me with nailbiting suspense in this fast paced 3rd book of the Breaktrough series. We meet Clay, Alison, and Steve and other protagonists from the first two books again (and not to forget Dirk, Sally, and Dulce!), who on different levels, and in different continents, try to unravel more of the mystery they discovered in the last book, in a race against ...

1 Les Gorski stared through his dark-framed glasses with a weary expression. Most of the men before him were not the normal soldiers he was used to working with--those with a grizzled toughness and the ability to endure extreme conditions. This group was very different. Instead of fighters, these men were engineers. Smarter but softer. Navy engineers who, along with Gorski and his own team ...

Breakthrough by Michael C. Grumley is a good sci-fi book where you can cheer for the dolphins, talk with the dolphins, meet with aliens, and hate on the corrupt government (esp. the idiot one that kept calling the dolphins fish!). I will certainly follow this series. The book is narrated by Scott Brick and he did a fabulous job!

Michael C. Grumley is one of the greatest writers of this time. He is one of the few writers who actually can paint pictures in your mind as you read. He doesn't just tell a story, he makes the words come alive and for this reader, made me feel like I was right there. I wish I could give this entire series more stars than the allotted 5. I have become one of Mr. Grumley's biggest fans and am ...
