For the first time in one volume, the three novels that introduced Michael Connelly's great LAPD homicide detective, maverick Hieronymous (Harry) Bosch. *The Black Echo* (Winner of the Edgar Award for Best First Novel) For Harry Bosch-hero, loner, nighthawk-the body stuffed in a drainpipe off Mulholland Drive isn't just another statistic. This one is personal. Billy Meadows was a fellow Vietnam "tunnel rat," fighting the VC and the fear they used to call the Black Echo. Harry let Meadows down once. He won't do it again. *The Black Ice* The corpse in the hotel room seems to be that of a missing LAPD narcotics officer. Rumors abound that the cop had crossed over-selling a new drug called Black Ice. Now Harry's making some dangerous connections, leading from the cop to a string of bloody murders, and from Hollywood Boulevard's drug bazaar to Mexico's dusty back alleys. In this lethal game, Harry is likely to be the next victim. *The Concrete Blonde* When Harry Bosch shot and killed Norman Church, the police were convinced it marked the end of the hunt for the Dollmaker-L.A.'s most bizarre serial killer. But now Church's widow is accusing Harry of killing the wrong man-a charge that rings terrifyingly true when a new victim is discovered with the Dollmaker's macabre signature. For the second time, Harry must hunt the murderer down, before he strikes again. Together, these three novels are the perfect way to discover, or rediscover, the sleuth the *New York Times* Book Review called a "wonderful, old-fashioned hero who isn't afraid to walk through the flames."

The psychological thriller that marked the debut of one of contemporary suspense fiction's most compelling heroes: "A gripping first novel...taut and fast-moving." --Washington Post Renowned psychologist Joseph O'Loughlin has it all -- a thriving practice, a devoted, beautiful, fiercely intelligent wife, and a lovely young daughter. But when he's diagnosed with Parkinson's, O'Loughlin begins to dread the way his exceptional mind has

been shackled to a failing body, and the cracks in his perfect existence start to show. At first, O'Loughlin is delighted to be called in to a high-profile murder investigation, hoping his extraordinary abilities at perception will help bring a killer to justice. But when O'Loughlin recognizes the victim as one of his former patients, an emotionally disturbed young woman who nearly brought ruin upon him, O'Loughlin hesitates -- a fateful decision that soon places O'Loughlin at the top of the lists of both a bullish detective, and a diabolical killer

leader against the Baathist regime. In the post-Saddam years he has held important government positions and participated in crucial national decisions and events. In this book, the former Minister of Defense and Finance draws on his unique personal experience, extensive relationships with members of the main political groups and parties in Iraq, and deep understanding of the history and society of his country to answer the baffling questions that persist about its current crises. What really led the United States to invade Iraq, and why have events failed to unfold as planned? The Occupation of Iraq examines what the United States did and didn't know at the time of the invasion, the reasons for the confused and contradictory policies that were enacted, and the emergence of the Iraqi political class during the difficult transition process. The book tracks the growth of the insurgency and illuminates the complex relationships among Sunnis, Shias, and Kurds. Bringing the discussion forward to the reconfiguration of political forces in 2006, Allawi provides in these pages the clearest view to date of the modern history of Iraq and the invasion that changed its course in unpredictable ways.

archaeological thriller! An ancient medallion is unearthed in Pueblo, Colorado, revealing a secret that will rewrite the history of North America—the Vikings somehow made it to the continent's interior, centuries before Columbus made landfall, and there they built a city of gold. But today the COELHO MEDALLION has been stolen, and a linguist and researcher has been abducted in connection with the crime. Could the abductors be after the fabled city of gold? Or do they have a more sinister plot in mind? DAN KOTLER is an independent researcher who often finds himself in more trouble than he was expecting. But when his colleague is abducted he finds himself being investigated by the FBI, he must use all of his brilliance and expertise to find her and absolve himself. ANWAR ADHAM has plans for a terrorist action on U.S. soil, and information from the Pueblo research site can give him everything he needs to put his plans in motion. Unless Adham is stopped, thousands and possibly millions will die. Whoever wins this contest of wits and wills will hold the fate of thousands in his hands, and will also lay claim to the fabled city of gold. It's an adventure that can redefine the history of America as we know it. Kotler finds himself facing off against both the FBI and Adham's terrorist network as he struggles to solve the mystery of Vikings in Colorado, to rescue Evelyn and stop Adham's plans before it's too late. “ Kevin has crashed onto the action-thriller scene as only an action-thriller author can: with provocative plot lines, unforgettable characters, and enough adrenaline to keep you awake all night. ” —Nick Thacker, author of 'The Enigma Strain' — HERE'S WHAT READERS ARE SAYING ABOUT KEVIN TUMLINSON'S BOOKS: “ [Kevin Tumlinson] is what every writer should be—entertaining and thought-provoking. ” — Shana Tehan, Press Secretary, U.S. House of Representatives “ There was something so fascinating about [Citadel] and the cast of characters [Kevin Tumlinson] put together. ” — Leah Petersen, Author of Fighting

Department at Columbia University, sat on a jury for one of the most depraved cases ever to pass through the hallowed halls of City Hall. Wyatt Butler, an antique watch restorer and alleged serial killer, was portrayed in the courtroom as a brutal monster. But Maria had to make the tough choice. In good conscience, she couldn't convict him based purely on circumstantial evidence, and her deciding vote set Wyatt Butler free. The media soon outed her as the lone juror and her successful and quaint life was turned upside down. The victims of Wyatt's ritualistic killings never forgave her either. Now, she and her family have decided to take a vacation to get away from everything: a two-week-long transatlantic cruise. Nothing, and nobody should be able to bother her there. With her two twins and her fiancé Steve, she is set to put the past behind her as soon as the ship leaves port. But when a passenger mysteriously disappears, Maria is left to wonder if maybe this was no coincidence. When another passenger is discovered brutally murdered in a similar way to Butler's ritualistic MO, the ship goes on lockdown. Maria, one of only twelve people in the world with intimate knowledge of the case, faces a perilous ticking clock. Is it a copycat? Or is she trapped on board with the bloodthirsty maniac she chose to set free?
