The Elysium Chronicles, J.A. Souders' riveting SF series for teens which began with the psychological thriller Renegade, continues in Revelations. Six weeks after her arrival on the Surface, Evelyn Winters is no closer to unlocking the memories lost in her subconscious than she was when she first came. Isolated in a strange new society, Evie has only Gavin Hunter to remind her of who she once was. But even with a clean slate, it's easy to see that Evie doesn't fit in on the Surface. And as her differences make her feel more and more alone, she can't help but yearn for that place she doesn't remember: the isolated city hidden in the depths of the ocean. Elysium. Home. But she can't exactly tell Gavin what she's feeling. Not when he's the one who helped her escape Elysium in the first place, and has the scars to prove it. Though the doctors say otherwise, Gavin believes that Evie just needs time. And if her memories don't come back, well, maybe she's better off not remembering her past. But the decision may be out of their hands when Evie's ever-elusive memories begin to collide with reality. People and images from her past appear in the most unlikely places, haunting her, provoking her...and making her seem not only strange but dangerous. Evie and Gavin can't wait around for her memories to return. They'll have to journey across the Outlands of the Surface to find help, and in the end, their search may just lead them back to the place it all started... As she lets him in, she is surprised by how much she cares for him, and that's when things get complicated. A brilliantly original debut about a love affair cut short, and how lonely it is to live inside a secret -- for fans of Sally Rooney, Sheila Heti, and Ottessa Moshfegh. Ana Kelly can deal with death. As an estate lawyer, an unfortunate part of her day-to-day is phone calls from the next of kin informing her that one of her clients has died. But nothing could have prepared Ana for the call from Rebecca Taylor, explaining in a strangely calm tone that her husband Connor was killed in an accident. Ana had been having an affair with Connor for three years, keeping their love secret in hotel rooms, weekends away, and swiftly deleted text messages. Though consuming, they hide their love well, and nobody knows of their relationship except Mark, Connor's best friend. Alone and undone, Ana seeks friendship with the person who she once thought of as her adversary and opposite, but who is now the only one who shares her pain -- Rebecca. As Ana becomes closer to her lover's widow, she is forced to reconcile painful truths about the affair, and the fickleness of love and desire. Funny, frank, and strange, Sarah Crossan's moving novel is wholly original and deeply resonant.

Tim Winton's *Breath*, winner of the Miles Franklin Literary Award, is a story about the wildness of youth and learning to live with its passing. When paramedic Bruce Pike is called out to deal with another teenage adventure gone wrong, he knows better than his colleague, better than the kid's parents, what happened and how. Thirty years before, that dead boy could have been him. A relentlessly gripping and deeply moving novel about the damage you do to yourself when you're young and think you're immortal. 'It's unlikely Winton has ever written as well as he writes in *Breath*... Its seeming simplicity is deceptive, for beneath its pared-back surfaces lies all the steel of a major novelist operating at full throttle in a territory he has spent 25 years making his own.' James Bradley, *The Age* 'A novelist who, to a peerless degree, has learnt how to do it...*Breath* seems to cut through everything, and to speak with unusual honesty.' Philip Hensher, *Spectator* 'An absorbing, powerful and deeply beautiful novel, a meditation on surfing which becomes a rumination about the very stuff of existence.' Helen Gordon, *The Observer* 'This brilliant book may well turn out to be the finest thing that Winton has done.' Andrew Riemer, *Sydney Morning Herald* '*Breath* is about moving out of your depth, getting in over your head, having your soul damaged beyond repair ...But against all this pointless sorrow, there remains the evanescent beauty of the world, and Winton matches that with limitlessly beautiful prose.' Carolyn See, *Washington Post*
