Teams that bond together, succeed together. Easier said than done. That's because in reality, team building activities are hard to swallow. Some of your colleagues might not feel comfortable getting all too childish, while others might already think about how many things they could get done during this time.. Here's the good news: it doesn't have to be like this.

Confusion about the definition of care coordination makes studying this topic particularly challenging. Throughout the project, experts have underscored the critical need for a consensus definition. Without a common definition, it was not feasible to determine what should be included as a care coordination intervention in our review of systematic reviews.
