With this book, you can handle all of the  
maintenance needs of your four-stroke  
small engine, whatever the brand, and take  
on virtually any repair project. It guides you  
through each procedure in clear, concise  
steps, with more than 325 color photographs  
and illustrations. *Small Engine Care &  
Repair* provides more than just detailed  
instructions and glossy photos. It teaches  
you the principles of small engine  
operation, so you can broaden your  
knowledge, whether you're performing  
maintenance or repairs or just want to  
understand your equipment better. This  
book is a resource for beginners and  
seasoned home mechanics alike, with a  
wealth of information on specialty tools,  
safety and other issues affecting your small  
engine. This new, expanded edition has  
been revised to include an important section  
on seasonal maintenance, and updated to  
include the latest engines, maintenance  
products, and tools.
