A "gorgeous, thoughtful, heartbreaking" historical novel, *The Cape Doctor* is the story of one man ' s journey from penniless Irish girl to one of most celebrated and accomplished figures of his time (Lauren Fox, New York Times bestselling author of *Send for Me*). Beginning in Cork, Ireland, the novel recounts Jonathan Mirandus Perry ' s journey from daughter to son in order to enter medical school and provide for family, but Perry soon embraced the new-found freedom of living life as a man. From brilliant medical student in Edinburgh and London to eligible bachelor and quick-tempered physician in Cape Town, Dr. Perry thrived. When he befriended the aristocratic Cape Governor, the doctor rose to the pinnacle of society, before the two were publicly accused of a homosexual affair that scandalized the colonies and nearly cost them their lives. E. J. Levy ' s enthralling novel, inspired by the life of Dr. James Miranda Barry, brings this captivating character vividly alive.

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

In this paradigm-shattering book, leading behavioural economist and food psychologist Brian Wansink - dubbed the 'Sherlock Holmes of food' and the 'wizard of why' - offers a radical new philosophy for weight loss. The answer isn't to tell people what to do: it's to set up their living environments so that they will naturally lose weight. Using cutting-edge, never-before-seen research from his acclaimed Food and Brand Lab at Cornell University, Wansink reveals how innovative and inexpensive design changes - from home kitchens to restaurants, from grocery stores to schools and workplaces - can make it mindlessly easy for people to eat healthier and make it more profitable for the companies who sell the food. In *Slim by Design*, Wansink argues that the easiest, quickest and most natural way to reverse weight gain is to work with human nature, not against it. He demonstrates how schools can nudge kids to take an apple instead of a cookie, how restaurants can increase profits by selling half-size portions, how supermarkets can double the amount of fruits and vegetables they sell, and how anyone can cut plate refills at home by more than a third. Interweaving drawings, charts, floor plans and scorecards with new scientific studies and compelling insights that will make you view your surroundings in an entirely fresh way, this entertaining, eye-opening book offers practical solutions for changing your everyday environment to make you, your family and even your community slim by design.

Faith, I tell them, is a mystery, elusive to many, and never easy to explain. Sweeping and lyrical, spellbinding and unforgettable, David Ebershoff's *The 19th Wife* combines epic historical fiction with a modern murder mystery to create a brilliant novel of literary suspense. It is 1875, and Ann Eliza Young has recently separated from her powerful husband, Brigham Young, prophet and leader of the Mormon Church. Expelled and an outcast, Ann Eliza embarks on a crusade to end polygamy in the United States. A rich account of a family's polygamous history is revealed, including how a young woman became a plural wife. Soon after Ann Eliza's story begins, a second exquisite narrative unfolds—a tale of murder involving a polygamist family in present-day Utah. Jordan Scott, a young man who was thrown out of his fundamentalist sect years earlier, must reenter the world that cast him aside in order to discover the truth behind his father's death. And as Ann Eliza's narrative intertwines with that of Jordan' s search, readers are pulled deeper into the mysteries of love and faith. Praise for *The 19th Wife* "This exquisite tour de force explores the dark roots of polygamy and its modern-day fruit in a renegade cult . . . Ebershoff brilliantly blends a haunting fictional narrative by Ann Eliza Young, the real-life 19th "rebel" wife of Mormon leader Brigham Young, with the equally compelling contemporary narrative of fictional Jordan Scott, a 20-year-old gay man. . . . With the topic of plural marriage and its shattering impact on women and powerless children in today's headlines, this novel is essential reading for anyone seeking understanding of the subject."—Publishers Weekly (starred review)

"All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series Discover the secret missions behind America's greatest conflicts. Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

#### Small Engine Repair Manual

A NEW YORK TIMES AND USA TODAY BESTSELLER! "I've loved every one of Susanna's books! She has bedrock research and a butterfly's delicate touch with characters—sure recipe for historical fiction that sucks you in and won't let go!"—DIANA GABALDON, #1 New York Times bestselling author of *Outlander* A hauntingly beautiful tale of love that transcends time: an American writer travels to Scotland to craft a novel about the Jacobite Rebellion, only to discover her own ancestral memories of that torrid moment in Scottish history... In the spring of 1708, an invading Jacobite fleet of French and Scottish soldiers nearly succeeded in landing the exiled James Stewart in Scotland to reclaim his crown. When young Sophia Paterson travels to Slains Castle by the sea, she finds herself in the midst of the dangerous intrigue. Now, Carrie McClelland hopes to turn that story into her next bestselling novel. Settling herself in the shadow of that historic Scottish castle, she starts to write. But when she discovers her novel is more fact than fiction, Carrie wonders if she might be the only living person who knows the truth—the ultimate betrayal—that happened all those years ago. A sweeping historical fantasy of love, danger, and time travel, Susanna Kearsley masterfully weaves Scotland's past into Carrie's present in this stunning book. Also by Susanna Kearsley: *The Rose Garden* *Mariana* *The Shadowy Horses* *The Firebird* *The Splendour Falls* *Season of Storms* *A Desperate Fortune* *Named of the Dragon* *Belleweather*
