When celebrated neuropsychologist Paul Broks's wife died of cancer, it sparked a journey of grief and reflection that traced a lifelong attempt to understand how the brain gives rise to the soul. The result of that journey is a gorgeous, evocative meditation on fate, death, consciousness, and what it means to be human. The Darker the Night, The Brighter the Stars weaves a scientist's understanding of the mind – its logic, its nuance, how we think about what makes a person – with a poet's approach to humanity, that crucial and ever-elusive why. It's a story that unfolds through the centuries, along the path of humankind's constant quest to discover what makes us human, and the answers that consistently slip out of our grasp. It's modern medicine and psychology and ancient tales; history and myth combined; fiction and the stranger truth. But, most importantly, it's Broks' story, grounded in his own most fascinating cases as a clinician—patients with brain injuries that revealed something fundamental about the link between the raw stuff of our bodies and brains and the ineffable selves we take for who we are. Tracing a loose arc of loss, acceptance, and renewal, he unfolds striking, imaginative stories of everything from Schopenhauer to the Greek philosophers to jazz guitarist Pat Martino in order to sketch a multifaceted view of humanness that is as heartbreaking as it is affirming.

"A beautiful novel" following three women of different backgrounds as they search for home and family in sub-Saharan Africa (Tim Johnston, New York Times—bestselling author of The Current). Leona, an isolated American anthropologist, gives birth to a

baby girl in a remote Maasai village and must decide how she can be a mother, in spite of her own grim childhood. Jane, a lonely expat wife, follows her husband to the tropics and learns just how fragile life is. Simi, a barren Maasai woman, must confront her infertility in a society in which females are valued by their reproductive roles. In this affecting debut novel, these three very different women grapple with motherhood, recalibrate their identities, and confront unforeseen tragedies and triumphs. In evocative prose, Adrienne Benson brings to life the striking Kenyan terrain as these women ' s lives intertwine in unexpected ways—and as they face their own challenges and heartbreaks, they find strength traversing the arid landscapes of tenuous human connection. “ The African backdrop gives an interesting spin to Benson ' s exploration of themes related to motherhood, outsidership, and emotional connection. ” —Booklist

If the author's measure is any gauge than it will almost certainly be hazardous to your financial health. No portion of this book should be taken as any type of advice, legal or otherwise. This book is merely the out loud musings of a Southern Man\* with a southern heart from a U.S. Southern State, at the early part of the 21st century. Any similarities of any individuals are accurately attributable to the fact that we are all human beings, at least in theory, and therefore we all share similar experiences. It is NOT my objective to be cute nor is my objective to convince you or win you, or flatter you, or anything to you. It IS my objective to express myself as clearly, as honestly, as precise as I am capable. For as three comes before 4 or score and seven years ago, our forefathers hung their harps on the willows and cried for Babylon. And with quills like chisels carved on the snarling face of time these words: Hello . . . . I love you . . . . wont you tell me your name?

Roger and Carolyn Perron purchased the home of their dreams and eventual nightmares in December of 1970. The Arnold Estate, located just beyond the village of Harrisville, Rhode Island seemed the idyllic setting in which to raise a family. The couple unwittingly moved their five young daughters into the ancient and mysterious farmhouse. Secrets were kept and then revealed within a space shared by mortal and immortal alike. Time suddenly became irrelevant; fractured by spirits making their presence known then dispersing into the ether. The house is a portal to the past and a passage to the future. This is a sacred story of spiritual enlightenment, told some thirty years hence. The family is now somewhat less reticent to divulge a closely-guarded experience. Their odyssey is chronicled by the eldest sibling and is an unabridged account of a supernatural excursion. Ed and Lorraine Warren investigated this haunting in a futile attempt to intervene on their behalf. They consider the Perron family saga to be one of the most compelling and significant of a famously ghost-storied career as paranormal researchers. During a seance gone horribly wrong, they unleashed an unholy hostess; the spirit called Bathsheba; a God-forsaken soul. Perceiving herself to be the mistress of the house, she did not appreciate the competition. Carolyn had long been under siege; overt threats issued in the form of fire...a mother's greatest fear. It transformed the woman

in unimaginable ways. After nearly a decade the family left a once beloved home behind though it will never leave them, as each remains haunted by a memory. This tale is an inspiring testament to the resilience of the human spirit on a pathway of discovery: an eternal journey for the living and the dead.

A Bright Ray of Darkness Christian Faith Publishing, Inc.

A moving and beautifully written story about a British poet ' s conversion from staunch atheism to Catholicism in the space of nine electric months. In 2010, Sally Read was heralded as one of the bright young writers of the British poetry scene. Feminist, atheist and deeply anti-Catholic, she was writing a book about women ' s reproduction and sexuality when, during her research, she spoke with a Catholic priest. That mysterious encounter led Read on a dramatic journey of spiritual quest and discovery which ended up at the Vatican itself, where she was received into the Catholic Church in December of that year. This story is one that, unsurprisingly, has the vivid flavor and beauty of poetry. Read relates her encounters with the Father, the Spirit and then the Son, exactly in the way they were given to her—timely, revelatory and compelling. These transforming events throw new light onto the experiences of her past—her father ' s death, her work as a psychiatric nurse, her life as a single woman in London, as a mother and as a writer. She reveals how she developed a close intimacy with the new love that erupted into her life, Christ himself, and how she comes to embrace a doctrine she had previously rejected as bigoted and stifling. Sally Read ' s story is a testimony to the powerhouse of Christianity: divine love and the life-changing encounter with Christ.
