Polish-born Karina was twenty-seven when she met the acclaimed writer, forty-two years her senior, and they spent a decade together. Here she chronicles their relationship, from their first encounter in Vienna, Austria, and moving across continents to be with each other, to finding calm and stability in their married life in Cape Town, and finally facing the challenges of Andr é's deteriorating health in the last year of his life. A riveting and frequently hilarious insider account of one of the twentieth century 's most outrageous capers. On the evening of January 17, 1950, armed robbers wearing Captain Marvel masks entered the Brink ' s Armored Car building in Boston, Massachusetts. They walked out less than an hour later with more than \$2.7 million in cash and securities. It was a brazen and expertly executed theft that captured the imaginations of millions of Americans and baffled the FBI and local law enforcement officials. But what appeared on the surface to be the perfect crime was, in fact, the end result of a mind-boggling series of mistakes, miscalculations, and missteps. The men behind the masks were not expert bank robbers but a motley crew of small-time crooks who bumbled their way into a record-breaking payday and managed to elude the long arm of the law for six years. New York Times – bestselling author Noel Behn tape-recorded nearly one thousand hours of interviews with the

surviving robbers, including motormouthed mastermind Tony Pino, a character so colorful he might have been dreamed up by a Hollywood screenwriter, to tell the uncensored story of the heist forever known as “ the Great Brink ’ s Robbery. ” Fun and suspenseful from first page to last, Behn ’ s true-crime classic was the basis for The Brink ’ s Job (1978), the Academy Award – nominated film directed by William Friedkin and starring Peter Falk and Peter Boyle.

Alistair Darling's long-awaited book will be one of the most reviewed, widely discussed, and saleable political memoirs of recent years. In the late summer of 2007, shares of Northern Rock went into free-fall, causing a run on the bank - the first in over 150 years. Northern Rock proved to be only the first. Twelve months later, as the world was engulfed in the worst banking crisis for more than a century, one of its largest banks, RBS, came within hours of collapse. Back from the Brink tells the gripping story of Alistair

Darling's one thousand days in Number 11 Downing Street. As Chancellor, he had to avert the collapse of RBS hours before the cash machines would have ceased to function; at the eleventh hour, he stopped Barclays from acquiring Lehman Brothers in order to protect UK taxpayers; he used anti-terror legislation to stop Icelandic banks from withdrawing funds from Britain. From crisis talks in Washington, to dramatic meetings with the titans of international banking, to dealing with the massive political and economic fallout in the UK, Darling places the reader in the rooms where the destinies of millions weighed heavily on the shoulders of a few. His book is also a candid account of life in the Downing Street pressure cooker and his relationship with Gordon Brown during the last years of New Labor. Back from the Brink is a vivid and immediate depiction of the British government's handling of an unprecedented global financial catastrophe. Alistair Darling's knowledge and understanding provide a unique perspective on the events that rocked international capitalism. It is also a vital historical document.

In Pastor Rod Parsley's words, we are On the Brink. In this "fullness of time" period, believers must realize that there is a

force that is consciously and skillfully directing destructive images, enticements, and entrapments toward our homes, marriages, and children. This force is the Spirit of the Age, pure and simple demon power. Using a strong biblical foundation and real-life stories of victory over evil, Parsley shows readers how to resist evil and experience a divine breakthrough to fulfill God's purposes in these last days.
