Last Bus to Woodstock is the novel that began Colin Dexter's phenomenally successful Inspector Morse series. 'Do you think I'm wasting your time, Lewis?' Lewis was nobody's fool and was a man of some honesty and integrity. 'Yes, sir.' An engaging smile crept across Morse's mouth.

He thought they could get on well together . . . The death of Sylvia Kaye figured dramatically in Thursday afternoon's edition of the Oxford Mail. By Friday evening Inspector Morse had informed the nation that the police were looking for a dangerous man – facing charges of wilful murder, sexual assault and rape. But as the obvious leads fade into twilight and darkness, Morse becomes more and more convinced that passion holds the key . . . Last Bus to Woodstock is followed by the second Inspector Morse book, Last Seen Wearing.

An absorbing novel of romance and revolution, loyalty and family, sacrifice and undying love We have three souls, or so I'd been told. But only in death could I confirm this. . . . So begins the haunting and captivating tale, set in 1935 China, of the ghost of a young woman named Leiyin, who watches her own funeral from above and wonders why she is being denied entry to the afterlife. Beside her are three souls—stern and scholarly yang; impulsive,

romantic yin; and wise, shining lun—who will guide her toward understanding. She must, they tell her, make amends. As Leiyin delves back in time with the three souls to review her life, she sees the spoiled and privileged teenager she once was, a girl who is concerned with her own desires while China is fractured by civil war and social upheaval. At a party, she meets Hanchin, a captivating left-wing poet and translator, and instantly falls in love with him. When Leiyin defies her father to pursue Hanchin, she learns the harsh truth—that she is powerless over her fate. Her punishment for disobedience leads to exile, an unwanted marriage, a pregnancy, and, ultimately, her death. And when she discovers what she must do to be released from limbo into the afterlife, Leiyin realizes that the time for making amends is shorter than she thought. Suffused with history and literature, *Three Souls* is an epic tale of revenge and betrayal, forbidden love, and the price we are willing to pay for freedom.

The Whispering of Bones Penguin
Two-time Edgar Award-winning author Lori Roy spins a twisted, atmospheric tale about a small Southern town where girls disappear and boys run away. When Lane Fielding fled her isolated Florida hometown after high school for the anonymity of New York City, she swore she'd never return. But twenty years later, newly divorced and with two daughters in tow, she finds herself tending bar at the local dive and living with her parents on the historic Fielding Plantation. Here, the past haunts

her and the sinister crimes of her father--the former director of an infamous boys' school--make her as unwelcome in town as she was the day she left. Ostracized by the people she was taught to trust, Lane's unsteady truce with the town is rattled when her older daughter suddenly vanishes. Ten days earlier, a college student went missing, and the two disappearances at first ignite fears that a serial killer who once preyed upon the town has returned. But when Lane's younger daughter admits to having made a new and unseemly friend, a desperate Lane attacks her hometown's facade to discover whether her daughter's disappearance is payback for her father's crimes--or for her own. With reporters descending upon the town, police combing through the swamp, and events taking increasingly disturbing turns, Lane fears she faces too many enemies and too little time to bring her daughter safely home. Powerful and

heart-pounding, *The Disappearing* questions the endurance of family bonds, the dangers of dark rumors and small-town gossip, and how sometimes home is the scariest place of all.

New Right, New Racism is a comparative analysis of the role of racialized symbols in the right turn of US and British politics in the late 1970s through to today. The author argues that the symbol of race has been central to the New Right's project to redefine the cultural codes and broader social imaginary upon which the consensus politics of the post-war years was built. In the process of mobilizing race as an ideological articulator of the exit from consensus politics, the New Right has promoted a new form of racism qualitatively distinct from more traditional forms.

In Athens in 1928, Letty begins a perilous race to unearth a plot steeped in betrayal, seething with retribution, and about to explode in a wave of lethal violence. In the open-air theatre of the dark god Dionysos, Letty watches a performance of an ancient Greek tragedy. But the revenge that is exacted onstage, the dagger that is wielded, and the blood that flows in full view of the audience are not theatrical effects. As Letty digs for clues, she unearths disturbing secrets and dark animosities with catastrophic implications worthy of a Sophocles—but of far more recent vintage. Now, as a killer cuts a merciless swath across a country in the throes of political instability,

Letty herself steps unawares into the murderer's savage spotlight—a light so bright she may not be able to see the dark figure behind it until it's too late.
