The Britax Parkway SG booster car seat features the SafeGuard technology. This technology works with your vehicle ' s own safety belt. The SafeGuard clip tends to hold the lap portion of the seat belt in place and thus, it prevents your child from slipping under the lap belt and prevents the risk of abdominal injury that your child might face.

Britax makes some of the best baby equipment you can buy. Their car seats and boosters are made to the European standard, which is far more stringent than the American. The Parkway may weigh a

little more than most of its competitors, but that just speaks to its superior sturdiness. The Parklane can be used as a full or backless booster.
