Britax Parkway SG-L Review - Car Seats For The Littles

The Britax Parkway SG booster car seat features the SafeGuard technology. This technology works with your vehicle's own safety belt. The SafeGuard clip tends to hold the lap portion of the seat belt in place and thus, it prevents your child from slipping under the lap belt and prevents the risk of abdominal injury that your child might face.

Britax Parkway SGL
Booster Review -
CarseatBlog

Britax makes some of
the best baby
equipment you can
buy. Their car seats
and boosters are
made to the European
standard, which is
far more stringent
than the American.
The Parkway may

weigh a little more than most of its competitors, but that just speaks to its superior sturdiness. The Parklane can be used as a full or backless booster.
