Alexander Hamilton HarperCollins

"A revered and provocative theater observer presents a grand history of the producers, directors, actors, and critics battling for creative and financial control of Broadway"--Front jacket flap.

Unprotected Simon and Schuster

From Adelaide in "Guys and Dolls" to Nina in "In the Heights" and Elphaba in "Wicked," female characters in Broadway musicals have belted and crooned their way into the American psyche. In this lively book, Stacy Wolf illuminates the women of American musical theatre--performers, creators, and characters--from the start of the Cold War to the present day, creating a new, feminist history of the genre. The musicals discussed here are among the most beloved in the canon--"West Side Story," "Cabaret," "A Chorus Line," "Phantom of the Opera," and many others--with special emphasis on the blockbuster "Wicked." Along the way, Wolf demonstrates how the musical since the mid-1940s has actually been dominated by women--women onstage, women in the wings, and women offstage as spectators and fans.

Broadway in the Box Crown

(Applause Books). A full-color gallery with over 150 photos of the original Broadway production; color costume and set designs and sketches; the complete back-story of the production from concept to launch to hit musical; artists at the helm: the crossing from fact to fiction; a brief history of Titanic lore; poster and marketing art; and the complete book and lyrics.

Introduction to Logic Applause Theatre & Cinema Book Publishers

These lists offer facts and background that stimulate laugh and discussion,

provoke passionate reactions, and provide tons of fun for any Broadway enthusiast. Offering a new twist on the subject, this collection explores Broadway musicals and their history and provides intriguing background for music theater aficionados of all levels.

[A Feminist History of the Broadway Musical](#) Theatre Communications Group #1 NEW YORK TIMES BESTSELLER • "The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly." —Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE "MOST INFLUENTIAL" (CNN), "DEFINING" (LITHUB), AND "BEST" (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first "immortal" human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her "immortality" until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn't her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

[A Memoir](#) Createspace Independent Pub

From the 2-time Tony Award-winner and the star of TV's *Younger*, funny and intimate stories and reflections about how crafting has kept her sane while navigating the highs and lows of family, love, and show business (and how it can help you, too). Whether she's playing an "age-defying" book editor on television or dazzling audiences on the Broadway stage, Sutton Foster manages to make it all look easy. How? Crafting. From the moment she picked up a cross stitch needle to escape the bullying chorus girls in her early performing days, she was hooked. Cross stitching led to crocheting, crocheting led to collages, which led to drawing, and so much more. Channeling her emotions into her creations centered Sutton as she navigated the significant moments in her life and gave her tangible reminders of her experiences. Now, in this charming and poignant collection, Sutton shares those moments, including her fraught relationship with her agoraphobic mother; a painful divorce splashed on the pages of the tabloids; her struggles with fertility; the thrills she found on the stage during hit plays like *Thoroughly Modern Millie*, *Anything Goes*, and *Violet*; her breakout TV role in *Younger*; and the joy of adopting her daughter, Emily. Accompanying the stories, Sutton has included crochet patterns, recipes, and so much more! Witty

and poignant, *Hooked* will leave readers entertained as well as inspire them to pick up their own cross stitch needles and paintbrushes.

How Computers Misunderstand the World Rowman & Littlefield

In *The Complete Book of 1990s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway during the 1990s. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues. The 1990s saw major changes in the Broadway musical, most notably: the so-called Disneyfication of shows, with the debuts of long-running hits like *Beauty and the Beast* and *The Lion King*.

Better Nate Than Ever Houghton Mifflin Harcourt
From the incomparable Emmy, Grammy, and Tony Award winner, a powerful and revealing autobiography about race, sexuality, art, and healing It ’ s easy to be yourself when who and what you are is in vogue. But growing up Black and gay in America has never been easy. Before Billy Porter was slaying red carpets and giving an iconic Emmy-winning performance in the celebrated TV show *Pose*; before he was the groundbreaking Tony and Grammy Award-winning star of Broadway ’ s *Kinky Boots*; and before he was an acclaimed recording artist, actor, playwright, director, and all-around legend,

Porter was a young boy in Pittsburgh who was seen as different, who didn ’ t fit in. At five years old, Porter was sent to therapy to “ fix ” his effeminacy. He was endlessly bullied at school, sexually abused by his stepfather, and criticized at his church. Porter came of age in a world where simply being himself was a constant struggle. Billy Porter ’ s *Unprotected* is the life story of a singular artist and survivor in his own words. It is the story of a boy whose talent and courage opened doors for him, but only a crack. It is the story of a teenager discovering himself, learning his voice and his craft amidst deep trauma. And it is the story of a young man whose unbreakable determination led him through countless hard times to where he is now; a proud icon who refuses to back down or hide. Porter is a multitalented, multifaceted treasure at the top of his game, and *Unprotected* is a resonant, inspirational story of trauma and healing, shot through with his singular voice.

Farrar's Illustrated Guide Book to Moosehead Lake and Vicinity MIT Press

A charming and heartfelt picture book about a little bird who dreams of making it big on Broadway, from renowned Broadway director Alex Timbers. What Louisa loved most about living in Times Square wasn't the buzzzz of the city... No, it was that she could sing as loud as she wanted. She could sing all day and she could sing all night. Louisa was truly a Broadway bird. Louisa is a tiny parakeet with a HUGE dream: to be a Broadway star. But no matter what she does, everyone keeps telling her she's too small to make it big! When a chance at her big break comes, Louisa learns that no matter how small you are, with a little talent and a lot of hard work, you can do anything - even be on Broadway! With colorful, charming illustrations by artist Alisa Coburn, this heartfelt picture book from renowned Broadway director Alex Timbers is about persistence, believing in yourself, and, of course, the magic of Broadway.

Cultivating Creativity through Projects, Passion, Peers, and Play

HarperCollins

This is a comprehensive introduction to the fundamentals of logic (both formal logic and critical reasoning), with exceptionally clear yet conversational explanations and a multitude of engaging examples and exercises. Herrick's examples are on-point and fun, often bringing in real-life situations and popular culture. And more so than other logic textbooks, Introduction to Logic brings in the history of philosophy and logic through interesting boxes/sidebars and discussions, showing logic's relation to philosophy.

"Broadway in the Box shines a television-centric light on the cross-industry presence of a seminal American art form. Over seven chapters, it works to unearth, explore, and analyze pockets of over seventy years of television programming which embraced, nodded toward, and satirized the American musical in its various forms. This concentrated exploration of the genre across American television allows for an explication of America's shifting and at times wavering feelings toward the musical, its songs, and its stars. Further, examining these texts alongside constantly changing and at times intersecting entertainment industries uncovers forms of symbiosis and synergy that linked the cultural and economic futures of the musical across platforms. In the end, Mitzi Gaynor titillating America in a revealing and bejeweled Bob Mackie dress was not just the seventies being the seventies, but a single event reflecting a larger confluence of Broadway, film, Vegas, ratings, genre, and programming trends within a specific television model. Perhaps in a style similar to various Broadway and film retrospectives, Broadway in the Box takes individual events and brings them together to craft a larger commentary on American entertainments, economics, and industries. Broadway has always been in the box; someone just needed to plug it in to see what was on"--

The Complete Book of the Musical Simon and Schuster

Concepts embody our knowledge of the kinds of things there are in the world. Tying our past experiences to our present interactions with the environment, they enable us to recognize and understand new objects and events. Concepts are also relevant to understanding domains such as social situations, personality types, and even artistic styles. Yet like other phenomenologically simple cognitive processes such as walking or understanding speech, concept formation and use are maddeningly complex. Research since the 1970s and the decline of the "classical view" of concepts have greatly illuminated the psychology of concepts. But persistent theoretical disputes have sometimes obscured this progress. The Big Book of Concepts goes beyond those disputes to reveal the advances that have been made, focusing on the major empirical discoveries. By reviewing and evaluating research on diverse topics such as category learning, word meaning, conceptual development in infants and children, and the basic level of categorization, the book develops a much broader range of criteria than is usual for evaluating theories of concepts.
