[A Hood Rat Novel](#) Princeton Review
A girl tumbles into a downward spiral when a romantic encounter turns violent in this heartwrenching novel from the author of Cracked. Dell is used to disappointment. Ever since her dad left, it ’ s been one let down after another. But no one—not even her best friend—understands all the pain she ’ s going through. So Dell hides behind self-deprecating jokes and forced smiles. Then the one person she trusts betrays her. Dell is beyond devastated. Without anyone to turn to for comfort, her depression and self-loathing spin out of control. But just how far will she go to make all the heartbreak and the name-calling stop?

California-Mexican-style recipes and menus from the beloved Food Network host From the long-time host of Food Network’s Mexican Made Easy and now co-host of The Kitchen comes Marcela’s most personal collection of recipes yet, a reflection of her experience growing up in Tijuana and traveling back and forth to San Diego to see family and friends and for school. This book captures a culture centered around food, loved ones, and gatherings with mouthwatering recipes and in vibrant photography, all shot at Valladolid’s home. Mexican food really is simple at its core, if you have some extra time for slow roasting meats or to prepare a few salsas, and the results are sure to impress. There are small bites like Cod Fritters with Chipotle Tartar Sauce and Grilled Steak and Cheese Tostadas; entrees such as Red Chile Lamb Stew and Roasted Tomatillo Salmon; and even drinks and desserts for special occasions, including Strawberry Layered Tres Leches Cake. With mouthwatering recipes and evocative photography, Casa Marcela presents Mexican food in a way never seen before.

[800+ Essential Words to Help You Excel on the TOEFL](#) Heinemann
Taryn Clark thought she’d outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.

Amish Lost Baby Houghton Mifflin Harcourt
The new edition of Gene Control has been updated to include significant advances in the roles of the epigenome and regulatory RNAs in gene regulation. The chapter structure remains the same: the first part consists of pairs of chapters that explain the mechanisms involved and how they regulate gene expression, and the second part deals with specific biological processes (including diseases) and how they are controlled by genes. Coverage of methodology has been strengthened by the inclusion more explanation and diagrams.The significant revision and updating will allow Gene Control to continue to be of value to students, scientists and clinicians interested in the topic of gene control.

Gene Control, Second Edition McGraw Hill Professional
If you’ve never experienced this unique, cute sci-fi romance about what it means to be human, now’s your chance! One of the biggest hits from CLAMP, creators of xxxHOLiC and Magic Knight Rayearth, returns in a definitive, hardcover premium collector’s edition, featuring a large size, premium paper, color pages, and more. After moving from the countryside into the big city, poor college student Hideki Motosuwa finds himself down on his luck. All he wants is a good job, a girlfriend, and his very own “persocom” – the latest and greatest in humanoid computer technology. Hideki’s luck changes one night when he finds Chi – an adorable, but seemingly broken, persocom thrown out in a pile of trash. After taking her home, Hideki discovers that Chi is more responsibility than he expected – and that there’s much more to his cute new persocom than meets the eye.
