This volume sheds a much-
needed light on Edwidge
Danticat (b. 1969) and her ability
to depict timely issues in
sparkling prose that delves deep
into the borderlands, an
uncharted in-between space

located outside fixed geographic, cultural, and ideological bounds. Prevalent throughout many interviews here is Danticat's expressed determination not only to reveal Haitian immigrant experience, but also to make that nuanced culture and its vibrant traditions accessible to a wide audience. These interviews coincide with Edwidge Danticat's evolving artistic vision, her steady book publication, and her expanding roles as fiction writer, essayist, memoirist, documentarian, young adult book author, editor, songwriter, cultural critic, and political commentator. Dating from her appearance on the literary scene at the age of twenty-five, the many interviews that she has granted attest to not only her productivity, but also her accessibility to scholars, teachers, writers, and journalists eager for knowledge about her vision. Included in this volume are interviews that range from 2000, covering the publication of her debut work of fiction, *Breath, Eyes, Memory*, to a personal interview conducted with the volume editor in 2016. In that conversation, which appears for the first time as part of this collection, Danticat provides insight into little-known aspects of her life, art, and politics. Her candid interviews carry out a careful stripping away of preconceived notions of Danticat, disclosing the private and public life of a first-class writer and intellectual whose countless achievements have assured her an enduring place within contemporary world letters.

Brother, I'm Dying Routledge
Arriving one year after the Haitian-American's first novel (Breath,

Eyes, Memory) alerted critics to her book's final piece, "Epilogue: compelling voice, these 10 stories, some of which have appeared in small literary journals, confirm Danticat's reputation as a remarkably gifted writer. Examining the lives of ordinary Haitians, particularly those struggling to survive under the brutal Duvalier regime, Danticat illuminates the distance between people's desires and the stifling reality of their lives. A profound mix of Catholicism and voodoo spirituality informs the tales, bestowing a mythic importance on people described in the opening story, "Children of the Sea," as those "in this world whose names don't matter to anyone but themselves." The ceaseless grip of dictatorship often leads men to emotionally abandon their families, like the husband in "A Wall of Fire Rising," who dreams of escaping in a neighbor's hot-air balloon. The women exhibit more resilience, largely because of their insistence on finding meaning and solidarity through storytelling; but Danticat portrays these bonds with an honesty that shows that sisterhood, too, has its power plays. In the

Women Like Us," she writes: "Are there women who both cook and write? Kitchen poets, they call them. They slip phrases into their stew and wrap meaning around their pork before frying it. They make narrative dumplings and stuff their daughter's mouths so they say nothing more." The stories inform and enrich one another, as the female characters reveal a common ancestry and ties to the fictional Ville Rose. In addition to the power of Danticat's themes, the book is enhanced by an element of suspense (we're never certain, for example, if a rickety boat packed with refugees introduced in the first tale will reach the Florida coast). Spare, elegant and moving, these stories cohere into a superb collection.

Brother, I'm Dying Akashic Books

From the best-selling author of *The Dew Breaker*, a major work of nonfiction: a powerful moving family story that centers around the men closest to her heart - her father, Mira, and his older brother, Joseph. From the age of four, Edwidge Danticat came to think of her uncle Joseph, a charismatic

pastor, as her 'second father', when she was placed in his care after her parents left Haiti for a better life in America. Listening to his sermons, sharing coconut-flavored ices on their walks through town, roaming through the house that held together many members of a colorful extended family, Edwidge grew profoundly attached to Joseph. He was the man who 'knew all the verses for love'. And so she experiences a jumble of emotions when, at twelve, she joins her parents in New York City. She is at last reunited with her two youngest brothers, and with her mother and father, whom she has struggled to remember. But she must also leave behind Joseph and the only home she's ever known. Edwidge tells of making a new life in a new country while fearing for the safety of those still in Haiti as the political situation deteriorates. But *Brother I'm Dying* soon becomes a terrifying tale of good people caught up in events beyond their control. Late in 2004, his life threatened by an angry mob, forced to flee his church, the frail, eighty-one-year-old Joseph makes his way to Miami, where he thinks he will be safe. Instead, he is detained by U.S. Customs, held by the Department of Homeland Security, brutally imprisoned, and dead within days. It was a story that made headlines around the world. His brother, Mira, will soon join him in death, but not before he holds hope in his arms: Edwidge's firstborn, who will bear his name - and the family's stories, both joyous and tragic - into the next generation. Told with tremendous feeling, this is a true-life epic on an intimate scale: a deeply affecting story of home and family - of two men's lives and deaths, and of a daughter's great love for them both.

"Dr. Paul Farmer is one of the most extraordinary people I've

ever known. Partner to the Poor recounts his relentless efforts to eradicate disease, humanize health care, alleviate poverty, and increase opportunity and empowerment in the developing world. It will inspire us all to do our parts."--William J. Clinton "If the world is curious about Paul Farmer, there is a reason for that. No one has done more than he has in bringing modern medicine to the poor across the globe and no one has exceeded him in making us appreciate the diverse barriers that prevent proper medicine from reaching the underdogs of the world. In this wonderful collection of essays, putting together Paul Farmer's writings over more than two decades, we can see how his far-reaching ideas have developed and radically enhanced the understanding of the challenges faced by healthcare in the uneven world in which we live. This is an altogether outstanding book."--Amartya Sen, Nobel Laureate, Economics "To delve into these pages is to join one of the world's great explorers on an epic life journey--to grapple with culture, poverty, disease, health care, ethics, and ultimately our common humanity in the Age of AIDS. Paul Farmer is a pioneer, guide, and inspiration at a time of unprecedented contrasts: between wealth and poverty, power and powerlessness, health and disease, compassion and neglect. His medical expertise, anthropological vision, and unflinching decency have helped to recharge our world with moral purpose."--Jeffrey D. Sachs, Columbia University "Wow! Perfect for teaching. This is more than vintage Farmer. Editor Haun Saussy knows Farmer's work inside out and has assembled and organized 25 classic articles that project the heart of Farmer's brilliant, radical, inspiring, eminently practical and (dare I say) genuinely subversive work."--Philippe Bourgois, author of Righteous Dopefiend "If they gave Nobel Prizes for raising moral awareness, Paul Farmer would have won his a long time ago. For several decades now, his work has posed a challenge to anyone who dares say that radically improving the health of the world's poor can't be done. This splendid compilation of the best of his work

allows us to follow a restless, creative, compassionate mind in action, in and out of prisons and barrios and mud huts and hospital wards, from Haiti to Rwanda to Moscow, never taking 'no' for an answer."--Adam Hochschild, author of *Bury the Chains* "Paul Farmer is a deep scholar of Haitian society, a formidable medical anthropologist, an implacable theorist of structural violence and health as a human right, and an ethicist for whom the place of social justice in medicine and in the world is an existential need. This book is the platform of interconnected intellectual, academic, and practical engagements upon which the amazing, world-transforming life of Farmer stands."--Arthur Kleinman, author of *What Really Matters: Living a Moral Life amidst Uncertainty and Danger* "This collection shows the impressive catalytic effects of original scholarship when combined with action, activism, and a commitment to social justice in health. Paul Farmer and his PIH colleagues have twice changed World Health Organization

policies; they continue to have a lasting impact on the global health movement and on the lives of the poor.--Peter Brown, Emory University

Edwidge Danticat, the award-winning, best-selling author of *THE FARMING OF BONES* and *KRIK? KRAK!* offers a powerful addition to The Royal Diaries series with the story of Haiti's heroic queen Anacaona. With her signature narrative grace, Edwidge Danticat brings Haiti's beautiful queen Anacaona to life. Queen Anacaona was the wife of one of her island's rulers, and a composer of songs and poems, making her

popular among her people. Haiti was relatively quiet until the Spanish conquistadors discovered the island and began to settle there in 1492. The Spaniards treated the natives very cruelly, and when the natives revolted, the Spanish governor of Haiti ordered the arrests of several native nobles, including Anacaona, who was eventually captured and executed, to the horror of her people.

 Haitian-American writer Edwidge Danticat is one of the most recognized writers today. Her debut novel, *Breath, Eyes, Memory*, was an Oprah Book Club selection, and works such as *Krik? Krak!* and *Brother, I'm Dying* have earned her a MacArthur "genius" grant and National Book Award nominations. Yet despite international acclaim and the

relevance of her writings to postcolonial, feminist, Caribbean, African diaspora, Haitian, literary, and global studies, Danticat's work has not been the subject of a full-length interpretive literary analysis until now. In *Edwidge Danticat: The Haitian Diasporic Imaginary*, Nadège T. Clitandre offers a comprehensive analysis of Danticat's exploration of the dialogic relationship between nation and diaspora. Clitandre argues that Danticat—moving between novels, short stories, and essays—articulates a diasporic consciousness that acts as a form of social, political, and cultural transformation at the local and global level. Using the echo trope to approach Danticat's narratives and subjects, Clitandre effectively navigates between the reality of diaspora and imaginative opportunities that diasporas produce. Ultimately, Clitandre calls for a reconstitution of nation through a diasporic imaginary that informs the way people who have experienced displacement view the world and imagine a more diverse, interconnected, and just future.

We meet him late in life: a quiet man, a good father and husband, a fixture in his Brooklyn neighborhood, a landlord and barber with a terrifying scar across his face. As the book unfolds, moving seamlessly between Haiti in the 1960s and New York City today, we enter the lives of those around him, and learn that he has also kept a vital, dangerous secret. Edwidge Danticat ' s brilliant exploration of the “ dew breaker ” --or torturer--s an unforgettable story of love, remorse, and hope; of personal and political rebellions; and of the compromises we make to move beyond the most intimate brushes with history. It firmly establishes her as one of America ' s most essential writers. **BONUS:** This edition includes an excerpt from
