Following a decade of U.S. bombing campaigns that obliterated northern Vietnam, East Germany helped Vietnam rebuild in an act of socialist solidarity. In *Building Socialism* Christina Schwenkel examines the utopian visions of an expert group of Vietnamese and East German urban planners who sought to transform the devastated industrial town of Vinh into a model socialist city. Drawing on archival and ethnographic research in Vietnam and Germany with architects, engineers, construction workers, and tenants in Vinh’s mass housing complex, Schwenkel explores the material and affective dimensions of urban possibility and the quick fall of Vinh’s new built environment into unplanned obsolescence. She analyzes the tensions between aspirational infrastructure and postwar uncertainty to show how design models and practices that circulated between the socialist North and the decolonizing South underwent significant modification to accommodate alternative cultural logics and ideas about urban futurity. By documenting the building of Vietnam’s first planned city and its aftermath of decay and repurposing, Schwenkel argues that underlying the ambivalent and often

unpredictable responses to modernist architectural forms were anxieties about modernity and the future of socialism itself. Directory of Corporate Affiliations Columbia Books Incorporated Publishers

This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Hitler's Willing Executioners provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing Executioner's is an original, indeed brilliant contribution to the...literature on the Holocaust."--New York Review of Books  
"The most important book ever published about the Holocaust...Eloquently written, meticulously documented, impassioned...A model of moral and scholarly

“ A vivid & sensitive portrait of a small, tradition-bound community coming to terms with modernity under the most adverse of conditions. ” —Observer Review Many scholars have tried to assess Adolf Hitler ’ s influence on the German people, usually focusing on university towns and industrial communities, most of them predominately Protestant or religiously mixed. This work by Walter Rinderle and Bernard Norling, however, deals with the impact of the Nazis on Oberschopfheim, a small, rural, overwhelmingly Catholic village in Baden-Wuerttemberg in southwestern Germany. This incisively written book raises fundamental questions about the nature of the Third Reich. The authors portray the Nazi regime as considerably less “ totalitarian ” than is commonly assumed, hardly an exemplar of the efficiency for which Germany is known, and neither revered nor condemned by most of its inhabitants. The authors suggest that Oberschopfheim merely accepted Nazi rule with the same resignation with which so many ordinary people have regarded their governments throughout history. Based on village and county records and on the direct testimony of Oberschopfheimers, this book will interest anyone concerned with contemporary Germany as a growing economic power and will appeal to the descendants of German immigrants to the United States because of its depiction of several generations of life in a German village. “ An excellent study. Describes in rich detail the political, economic, and social structures of a village in southwestern Germany from the turn of the century to the present. ” —Publishers Weekly “ A lively, informative treatise that puts a human face on history. ” —South Bend Tribune “ This very readable story emphasizes continuities within change in German historical development during the twentieth century. ” —American Historical Review

#1 NEW YORK TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014 ’ s Unbroken and the upcoming Unbroken: Path to Redemption. On a May afternoon in 1943, an Army Air Forces bomber crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane ’ s bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant ’ s name was Louis Zamperini. In boyhood, he ’ d been a cunning and incorrigible delinquent, breaking into houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in Seabiscuit. Telling an unforgettable story of a man ’ s journey into extremity, Unbroken is a testament to the resilience of the human mind, body, and spirit. Praise for Unbroken “ Extraordinarily moving . . . a powerfully drawn survival epic. ” —The Wall Street Journal “ [A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring. ” —New York “ Staggering . . . mesmerizing . . . Hillenbrand ’ s writing is so ferociously cinematic, the events she describes so incredible, you don ’ t dare take your eyes off the page. ” —People “ A meticulous, soaring and beautifully written account of an extraordinary life. ” —The Washington Post “ Ambitious and powerful . . . a startling narrative and an inspirational

book. ” —The New York Times Book Review “ Marvelous . . . Unbroken is wonderful twice over, for the tale it tells and for the way it ’ s told. . . . It manages maximum velocity with no loss of subtlety. ” —Newsweek “ Moving and, yes, inspirational . . . [Laura] Hillenbrand ’ s unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time. ” —Maureen Corrigan, Fresh Air “ Hillenbrand . . . tells [this] story with cool elegance but at a thrilling sprinter ’ s pace. ” —Time “ Unbroken is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it. ” —Christopher McDougall, author of Born to Run

From the Foreword. In 1949, while I was visiting Ezra Pound who was a political prisoner at St. Elizabeth's Hospital, Washington, D.C. (a Federal institution for the insane), Dr. Pound asked me if I had ever heard of the Federal Reserve System. I replied that I had not, as of the age of 25. He then showed me a ten dollar bill marked ""Federal Reserve Note"" and asked me if I would do some research at the Library of Congress on the Federal Reserve System which had issued this bill. Pound was unable to go to the Library himself, as he was being held without trial as a political prisoner by the United States government. After he was denied broadcasting time in the U.S., Dr. Pound broadcast from Italy in an effort to persuade people of the United States not to enter World War II. Franklin D. Roosevelt had personally ordered Pound's indictment, spurred by the demands of his three personal assistants, Harry Dexter White, Lauchlin Currie, and Alger Hiss, all connected with Communist espionage.
