A beautifully nostalgic picture book about one grandfather's younger days that shows you're only as old as you feel! "In this affectionate story, three children follow their grandfather up to the attic, where he pulls out his old bowler hat, gold-tipped cane, and his tap shoes. Grandpa once danced on the vaudeville stage, and as he glides across the floor, the children can see what it was like to be a song and dance man. Gammell captures all the story's inherent joie de vivre with color pencil renderings that leap off the pages. Bespectacled, enthusiastic Grandpa clearly exudes the message that you're only as old as you feel, but the children respond--as will readers--to the nostalgia of the moment. Utterly original."--(starred) Booklist.

The Acerra family had sixteen children, including twelve ball-playing boys. It was the 1930s, and many families had lots of kids. But

only one had enough to field a baseball team . . . with three on the bench! The Acerras were the longest-playing all-brother team in baseball history. They loved the game, but more important, they cared for and supported each other and stayed together as a team. Nothing life threw their way could stop them. Full of action, drama, and excitement, this never-before-told true story is vividly brought to life by Audrey Vernick's expert storytelling and Steven Salerno's stunning vintage-style art.

This enhanced eBook features read-along narration. On a beautiful day at the beach, a young boy brings his bucket, shovel, and imagination, and builds a perfect sand castle. Right away, a dragon moves in. The boy decides to befriend his dragon and they spend time roaming the shore, flying a kite, braving the waves, defying bullies, and roasting

marshmallows—all while Dad is busy sunbathing and Mom is engrossed in her book.

Unfortunately, no one believes the boy when he tries to share the news of this magnificent creature. That's when the mischief begins, and the dragon becomes a force to be reckoned with. While adults will recognize the naughty antics as a ploy for attention, children will dissolve into giggles as the dragon devours every last sandwich, blows bubbles in the lemonade, and leaves claw prints in the brownies. Maybe the dragon really is running amok on the beach, or maybe it's a little boy's imagination that is running wild.

English Magic moves through fields and parklands, estates and empty beaches. It lands at Heathrow Airport, takes a taxi to the suburbs, finds emptiness and oppression. It strikes out for the countryside on May Day, to where maypoles whirl and haybales blaze, and where blessings sound like threats. It 's in a flat, drags itself out of half sleep... and there 's something tapping behind the gas fire... In her

debut collection of short stories, Uschi Gatward takes us on a tour of an England simultaneously domestic and wild, familiar and strange, real and imagined. Coupling the past and the present, merging the surreal and the mundane, *English Magic* is a collection full of humour and warmth, subversion and intoxication. It announces the arrival of a shining new talent.

In *Brother to a Dragonfly*, Will D. Campbell writes about his life growing up poor in Amite County, Mississippi, during the 1930s alongside his older brother, Joe. Though they grew up in a close-knit family and cared for each other, the two went on to lead very different lives. After serving together in World War II, Will became a highly educated Baptist minister who later became a major figure in the early years of the civil rights movement, and Joe became a pharmacist who developed a substance abuse problem that ultimately took his life. *Brother to a Dragonfly* also serves as a historical record.

Though Will's love and dedication to his brother are the primary story, interwoven throughout the narrative is the story of the Jim Crow South and the civil rights movement. Will is present through many of the most pivotal moments in history--he was one of four people who escorted black students integrating the Little Rock public schools; he was the only white person present at the founding of the SCLC; he helped CORE and SNCC Freedom Riders integrate interstate bus travel; he joined Dr. Martin Luther King Jr.'s campaign of boycotts, sit-ins, and marches in Birmingham; and he was at the Lorraine Motel the night Dr. King was assassinated. Will's accomplishments, however, never take the spotlight from his brother, and as his relationship with Joe evolves, so does Will's faith. Featuring a new foreword by Congressman John Lewis, this book brings back to print the combined lives of Will Campbell--Will the brother and Will the preacher. In a way its saga is the story of the nation. When a Dragon Moves In Dragonfly Books Micheal Butts was born in 1974, Des Moines, Iowa. His first attempt to kill himself was when he was nine years old, but his brother stopped him. At this early age, he knew that he was not fit for this world. Again at fourteen, he almost died from alcohol poisoning, but once again a family member, his mother, found him and took him to the hospital before he died. Both schools that he went to were filled with those that thought they were better than he just because he was Black. But there also were those that took the time to look beyond his flesh to find a true friend. Shrouded by alcohol, drugs, racial tensions, yet knowing there was something else out

there has always been a way of life for Micheal until he found a way to live without drugs or a drink. The line though that he still walks is that of spirit and flesh, or ego and soul if you will. Daily asking himself if this is truly the ultimate reality then what have I been doing all these years? And if it is not then whom truly do I serve? Finishing this book is the second of many tasks he has set out to do. He took to inspiring others that need healing when he launched I: A.M. Message cards. This all manifested when he heard a voice while lying on the floor of his job in pain tell him to turn his poems into cards. Since then he has sold/given away more than 2,000 cards, paintings, and inspirational messages. Micheal continues to teach but this time as a personal trainer. He

and his family now reside in a suburb of Houston, Texas. Funny how life has put him in the last state to set slaves free. This place would be the last place to finally set his soul free from the drink and back toward the beam. In closing, Micheal's only wish is that others understand that the writings might have been made from his hand but not from him for he is just a nail that God has hammered through the veil.

Farmer, writer, and preacher-at-large for more than half a century, master storyteller Will Campbell offers a collection of thirty

classic meditations challenging readers toward a more conscientious faith. With the soul of a true satirist, Campbell combines Scripture and homespun humor in a deceptively simple style that belies the seriousness of his intent: to deflate the pompous, indict the hypocritical, and expose the self-righteous.
