Twelve-year-old Rill Foss and her four younger siblings live a magical life aboard their family’s Mississippi River shantyboat. But when their father must rush their mother to the hospital one stormy night, Rill is left in charge—until strangers arrive in force. Wrenched from all that is familiar and thrown into a Tennessee Children’s Home Society orphanage, the Foss children are assured that they will soon be returned to their parents—but they quickly realize the dark truth. At the mercy of the facility’s cruel director, Rill fights to keep her sisters and brother together in a world of danger and uncertainty. Aiken, South Carolina, present day. Born into wealth and privilege, Avery Stafford seems to have it all: a successful career as a federal prosecutor, a handsome fiancé, and a lavish wedding on the horizon. But when Avery returns home to help her father weather a health crisis, a chance encounter leaves her with uncomfortable questions and compels her to take a journey through her family’s long-hidden history, on a path that will ultimately lead either to devastation or to redemption. Based on one of America’s most notorious real-life scandals—in which Georgia Tann, director of a Memphis-based adoption organization, kidnapped and sold poor children to wealthy families all over the country—Lisa Wingate’s riveting, wrenching, and ultimately uplifting tale reminds us how, even though the paths we take can lead to many places, the heart never forgets where we belong. Conversations with Will D. Campbell is the first collection of interviews with the southern

preacher, activist, and author best known for his involvement with the civil rights movement. Ranging from a 1971 discussion about religion and ending with a previously unpublished interview conducted in 2009, these twelve interviews give insight to Campbell's unique religious beliefs and highlight pivotal moments of his career. Will D. Campbell (1924-2013) was born poor in rural Mississippi and became an ordained minister when he was barely seventeen years old. After serving in the Army during World War II, Campbell ministered in a variety of positions, including a pastorate in Louisiana, as religious director at the University of Mississippi, and as a race relations consultant for the National Council of Churches. Along the way, Campbell worked with civil rights figures, Klansmen, Black Panthers, and country music icons, believing all were equal in the eyes of God. Throughout his career, Campbell drew attention for criticizing the institutional churches and supporting women's rights, gay rights, and school desegregation. From 1962 through 2012, Campbell published over fifteen books including novels, biographies, and memoirs. His first book, *Race and the Renewal of the Church*, introduced his theories of reconciliation and the failures of institutional churches. His best-known work, *Brother to a Dragonfly*, was a National Book Award finalist.

This edition features full-colour paintings by Gloria Ortiz Hernandez, an artist whose work has been exhibited in Europe, South America, and the USA. A native of Columbia, she currently lives and creates her work on a farm in Pennsylvania.

Will Campbells award-winning book shares two interrelated stories. One is of his youth in rural Mississippi and his devotion to his brother whose life ended in seeming tragedy. secrets. But now she is returning with her grown daughter to Scotland's majestic mist-shrouded hills. Here Claire plans to reveal a truth as stunning as the events that gave it birth: about the mystery of an ancient circle of standing stones, about a love that transcends the boundaries of time and about James Fraser, a Scottish warrior whose gallantry once drew a young Claire from the security of her century to the dangers of his. Now a legacy of blood and desire will test her beautiful copper-haired daughter, Brianna, as Claire's spellbinding journey of self-discovery continues in the intrigue-ridden Paris court of Charles Stuart, in a race to thwart a doomed Highlands uprising and in a desperate fight to save both the child and the man she loves.

The publication of the *Encyclopedia of Religion in the South* in 1984 signaled the rise in the scholarly interest in the study of Religion in the South. Religion has always been part of the cultural heritage of that region, but scholarly investigation had been sporadic. Since the original publication of the ERS, however, the South has changed significantly in that Christianity is no longer the primary religion observed. Other religions like Judaism, Buddhism, and Hinduism have begun to have very important voices in Southern life. This one-volume reference, the only one of its kind, takes this expansion into consideration by updating older relevant articles and by adding new ones. After more than 20 years, the only reference book in the field of the Religion in the South has been totally revised and updated. Each article has been updated and bibliography has been expanded. The ERS has also been expanded to include more than sixty new articles on Religion in the South. New articles have been added on such topics as Elvis Presley, Appalachian Music, Buddhism, Bill Clinton, Jerry Falwell, Fannie Lou Hamer, Zora Neale Hurston, Stonewall Jackson, Popular Religion, Pat Robertson, the PTL, Sports and Religion in the South, theme parks, and much more. This is an indispensable resource for anyone interested in the South, religion, or cultural history.

When the Supreme Court declared in 1954 that segregated public schools were unconstitutional, the highest echelons of Protestant, Catholic, and Jewish religious organizations enthusiastically supported the ruling, and black civil rights workers expected and actively sought the cooperation of their white religious cohorts. Many white southern clergy, however, were outspoken in their defense of segregation, and even those who supported integration were wary of risking their positions by urging parishioners to act on their avowed religious beliefs in a common humanity. Those who did so found themselves abandoned by friends, attacked by white supremacists, and often driven from their communities. Michael Friedland here offers a collective biography of several southern and nationally known white religious leaders who did step forward to join the major social protest movements of the mid-twentieth century, lending their support first to the civil rights movement and later to protests over American involvement in Vietnam. Profiling such activists as William Sloane Coffin Jr., Daniel and Philip Berrigan, Abraham Joshua Heschel, Eugene Carson Blake, Robert McAfee Brown, and Will D. Campbell, he reveals the passions and commitment behind their involvement in these protests and places their actions in the context of a burgeoning ecumenical movement.
