"We came to Britain in search of better opportunities or to get some of the wealth which had been misappropriated from the Caribbean, but what in reality did we find?" Speak Out brings together the writings of

Brixton Black Women's Group for the first time, in a landmark collection. Established in response to the lack of interest in women's issues experienced in male-dominated Black organisations, the Brixton Black Women's Group's aim was to create a distinct space where women of African and Asian descent could meet to focus on political, social and cultural issues as they affected black women. BBWG published its own newsletter, Speak Out, which kept alive the debate about the relevance of feminism to black politics and provided a black women's perspective on immigration, housing, health and culture.

How can management be developed to create the greatest wealth for society as a whole? This is the question Peter Drucker sets out to answer in Innovation and Entrepreneurship. A brilliant, mould-breaking attack on management orthodoxy it is one of Drucker's most important books, offering an excellent overview of some of his main ideas. He argues that what defines an entrepreneur is their attitude to change: 'the entrepreneur always searches for change, responds to it and exploits it as an opportunity'. To exploit change, according to Drucker, is to

innovate. Stressing the importance of low-tech entrepreneurship, the challenge of balancing technological possibilities with limited resources, and the organisation as a learning organism, he concludes with a vision of an entrepreneurial society where individuals increasingly take responsibility for their own learning and careers. Our Iceberg Is Melting Penguin

“ One of the 12 best business books of all time.... Timeless principles of empowering leadership. ” – USA Today "The best how-to manual anywhere for managers on delegating, training, and driving flawless execution. ”

—FORTUNE Since Turn the Ship Around! was published in 2013, hundreds of thousands of readers have been inspired by former Navy captain David Marquet ’ s true story. Many have applied his insights to their own organizations, creating workplaces where everyone takes responsibility for his or her actions, where followers grow to become leaders, and where happier teams drive dramatically better results. Marquet was a

Naval Academy graduate and an experienced officer when selected for submarine command. Trained to give orders in the traditional model of “ know all – tell all ” leadership, he faced a new wrinkle when he was shifted to the Santa Fe, a nuclear-powered submarine. Facing the high-stress environment of a sub where there ’ s little margin for error, he was determined to reverse the trends he found on the Santa Fe: poor morale, poor performance, and the worst retention rate in the fleet. Almost immediately, Marquet ran into trouble when he unknowingly gave an impossible order, and his crew tried to follow it anyway. When he asked why, the answer was: “ Because you told me to. ” Marquet realized that while he had been trained for a different submarine, his crew had been trained to do what they were told—a deadly combination. That ’ s when Marquet flipped the leadership model on its head and pushed for leadership at every level. Turn the Ship Around! reveals how the Santa Fe skyrocketed from worst to first in the fleet by challenging the U.S. Navy ’ s traditional leader-follower approach. Struggling against his own instincts to take control, he instead achieved the vastly more powerful model of giving control to his subordinates, and creating leaders. Before long, each member of Marquet ’ s crew became a leader and assumed responsibility for

everything he did, from clerical tasks to crucial combat decisions. The crew became completely engaged, contributing their full intellectual capacity every day. The Santa Fe set records for performance, morale, and retention. And over the next decade, a highly disproportionate number of the officers of the Santa Fe were selected to become submarine commanders. Whether you need a major change of course or just a tweak of the rudder, you can apply Marquet's methods to turn your own ship around.

Boy Scout Handbook; a Handbook of Training for Citizenship Through Scouting Verso Books
The revised and updated tenth anniversary edition of the classic, beloved business fable that has changed millions of lives in organizations around the world. Our Iceberg Is Melting is a simple story about doing well under the stress and uncertainty of rapid change. Based on the award-winning work of Harvard Business School's John Kotter, it can help you and your colleagues thrive during tough times. On an iceberg near the coast of Antarctica, group of beautiful emperor penguins live as they have for many years. Then one curious bird discovers a potentially devastating problem threatening their home—and almost no one listens to him. The characters in the story—Fred, Alice, Louis, Buddy, the Professor, and NoNo—are like people you probably recognize in your own organization, including yourself. Their tale is one of resistance to change and heroic action,

seemingly intractable obstacles and clever tactics for dealing with those obstacles. The penguins offer an inspiring model as we all struggle to adapt to new circumstances. Our Iceberg Is Melting is based on John Kotter's pioneering research into the eight steps that can produce needed change in any sort of group. After finishing the story, you'll have a powerful framework for influencing your own team, no matter how big or small. This tenth anniversary edition preserves the text of the timeless story, together with new illustrations, a revised afterword, and a Q&A with the authors about the responses they've gotten over the past decade. Prepare to be both enlightened and delighted, whether you're already a fan of this classic fable or are discovering it for the first time.
