Acts and Letters of the Apostles Zondervan
For ten years, Gabe Talmadge languished in prison, convicted of a horrible crime. Now, he is free once again but unable to find work in the midst of the Great Depression. In desperation, Gabe returns to Ransom,

Idaho, hoping that his uncaring father will give him food and shelter, if not love. But the prodigal son is not welcomed home. Hungry and hopeless, Gabe is rescued by the owner of a sheep ranch south of Ransom. Incredibly, Akira Macauley gives him a place to live and work to do. More than that, she gives him hope. But just as Gabe comes to believe that happiness may be within his grasp, his life begins to unravel. Gabe must either sink again into an abyss of hopelessness or cling to a hope, faith, and love stronger than any he has ever known. Discover What's Working and Find Hope Negative perceptions. Church dropouts. Prodigals and nomads. It's easy to get discouraged by all that's going wrong when it comes to Christianity and the emerging generation. Yet what's going

right? In fact, signs of hope are springing up all around. In *Faith for Exiles*, the author of *unChristian* and *You Lost Me* unveils major new Barna research that uncovers what's working--five practices that contribute to resilience. Enter the world of resilient young adult Christians and learn how they are sustaining faith. Finally, you can find hope in all that God is doing among young disciples today. *Caught Between Cultures* In a world where always-connected smart devices and search algorithms educate and entertain, digital Babylon is the new context for discipleship. *Faith for Exiles* reveals findings from a groundbreaking three-year research study of young Christians whose faith remains resilient even in exile. Barna president David Kinnaman teams up with former executive director of Youth Specialties Mark Matlock to help you:

- Make sense of chaotic cultural changes and respond with

compassion to the next generation of believers • Recognize the biblical concept of exile as an essential framework for following Christ today • Discover five research-based practices that cultivate faithfulness in digital Babylon • Prepare young Christians to be on mission with Jesus in the world • Empower Jesus followers of all ages to thrive in our current exile

Are You a "Whosoever?"
Whosoevers are people destined to live forever in a place beyond their wildest expectations.
Whosoevers are

becoming more difficult to identify today due their being mocked and persecuted by Hollywood, the mainstream media, and most of our schools and universities. However, the rewards for achieving "whosoever status" are well worth looking into! How can you become a "whosoever"? Just believe! (John 3:16) "For God so loved the world that he gave his one and only Son, that whosoever believes in him shall not perish but have eternal life." Whosoevers

are believers in God, the Creator of the universe, and Jesus Christ His one and only Son who exchanged His righteous for our sinfulness. Jesus paid the price for all our sins, past, present, and future. The game of life is extremely complicated and doomed to failure if you don't know all the rules. The Bible is God's use and care manual and is His means used to communicate with us today. In the past, God communicated through various prophets. Now, we have God's Word, the Bible, to help

us understand and know what pleases our creator. God says that it is impossible to please Him without faith and that faith comes from hearing His Word, the Bible. Today, many people know that God hates "idol worship." However, many peoples don't realize that anything that you put in front of God, for example, family, friends, possessions, or power, is idol worship. In God's eyes, hating anyone is equivalent to murder and lust for anyone, but your spouse is adultery.

That is why we need to study the Bible to help us understand God's character! Everyone sins and falls short of God's standard. (Romans 3:10-12) "There is no one righteous, not even one; there is no one who understands there is no one who seeks God. All have turned away, they have together become worthless; there is no one who does good, not even one." This is why everyone needs a Savior! (Proverbs 14:12) "There is a way that seems right to man but in the end it leads to death." At the opposite end of the believing spectrum are the "never God" people. "Never God" people not only deny God their Creator and Jesus's sacrifice on the cross but also mock believers. The Apostle John called those who deny Jesus "antichrists." Unbelievers or antichrists will also live forever, but in an extremely hot environment. Instead of joy, there will be weeping and a gnashing of teeth. The fire in hell will burn eternally, but the occupants will never die. (John

8:31""32) "To the Jews who has believed him, Jesus said, 'If you hold to my teachings, you are my disciples. Then you will know the truth and the truth will set you free.'"

In recent years nonlinear and irreversible quantum mechanics is becoming

increasingly important because of the availability of precision experiments. There are new and successful attempts to understand quantum irreversibility. The development of generalized symmetries has led to new families of evolution equations for pure and mixed states. On the one hand, this timely symposium covers nonlinear and irreversible quantum mechanics, the theory of quantization methods, causality and various problems important in this context. On the other hand, it reports the development of quantum group symmetries, and of methods to construct deformed quantum mechanical evolution equations like the q-deformed Schrödinger equations.

DepCoS – RELCOMEX is an annual series of conferences organized by Wrocław University of Technology to promote a comprehensive approach to evaluation of system performability which is now commonly called dependability. In contrast to classic analyses which were concentrated on reliability of technical resources and structures built from them, dependability is based on multi-disciplinary approach to theory, technology and maintenance of a system considered to be a multifaceted amalgamation of technical, information, organization, software and human (users, administrators, supervisors, etc.) resources. Diversity of processes being realized (data processing, system management, system monitoring, etc.), their concurrency and their reliance on in-system intelligence often severely impedes construction of strict

mathematical models and calls for application of intelligent and soft computing methods. This book presents the proceedings of the Ninth International Conference on Dependability and Complex Systems DepCoS-RELCOMEX, which took place in Brunów Palace, Poland, from 30th June to 4th July, 2014. The articles selected for this volume illustrate the variety of topics that must be included in system dependability analysis: tools, methodologies and standards for modelling, design and simulation of the systems, security and confidentiality in information processing, specific issues of heterogeneous, today often wireless, computer networks or management of transportation networks.

Why Men Hate Going to

Most parents would give
anything to anchor their children
with a vibrant faith that
“ sticks ” and continues to

mature long-term. Yet despite this deep desire, research indicates that approximately 40-50% of high school seniors drift from their faith after graduation. In response to this problem, the Fuller Youth Institute (FYI) has launched the College Transition Project, a national longitudinal study following 400 high school seniors during their first three years in college. This provocative and needed research is geared to spark a movement that empowers parents, churches, leaders, and adults of all ages to develop robust and long-term faith in kids.
