Btec National Business Hodder Education

The emergence of an enterprise culture and entrepreneurial economy has led to the rapid development of theories, policies and practices in the field of entrepreneurship. Understanding Enterprise provides a critical introduction to enterprise in its broadest context, particularly its application to business through entrepreneurship and small business. The book is divided into three distinct parts, which examine traditional approaches to entrepreneurship, new perspectives on the subject, and the success or otherwise of government policy. Key features: - Extensively revised to take into account the latest thinking and research - Reassessment of traditional views and a critique of conventional wisdom - Updated coverage of the impact and failings of comparative government policies - A good balance between theoretical and practical perspectives Understanding Enterprise is an essential companion for undergraduate and postgraduate students of entrepreneurship. Policy makers and practitioners will also benefit from this comprehensive guide.

AQA Biology: A Level Pearson Education

The Award in Education and Training is the threshold qualification for anyone wanting to teach in a wide range of contexts including the further education and skills sector, workplace learning, offender learning and adult and community settings. This user-friendly text is your guide to all the units of the Award and is a key text for the course. Structured around the teaching, learning and assessment cycle, it includes full coverage of all units as well as information relevant to the Learning and Development units. Examples, activities and checklists help link theory to practice. The text is written for all learners and all awarding organisations. This revised edition is updated for the new qualification requirements and the Professional Standards for Teachers and Trainers. • A key text for the new Award in Education and Training. • Contents specifically follow the teaching, learning and assessment cycle, and match the qualification requirements. • Readable, relevant and easy to understand. • Provides valuable support for prospective teachers and trainers with little or no previous experience. • An excellent foundation for those considering or progressing to further teaching qualifications. ?Ann Gravells is leading a CPD Day on 22nd June in London. The event will focus on Raising quality and improving practice in the FE and Skills sector and is a rare opportunity to learn from leading experts. There will only be a limited number of seats available, so book your place here to avoid disappointment.

Revise BTEC National Applied Science Revision Guide Hodder Education

Review of the first edition: "An excellent introduction to all of the core professional issues that trainee teachers need to address during their training... a first port of call for all student

teachers keen to understand the challenges involved in becoming a professional teacher in today's schools." Professor John Furlong, Director, Department of Educational Studies, Oxford University, UK. The new edition of this bestseller is the definitive guide for all trainee secondary school and newly qualified teachers. Using practical examples, it covers the range of core professional skills and concepts that all student teachers need to acquire, irrespective of their subject specialism or training route. Updated and revised throughout to take into account recent developments in teaching, the second edition covers topics such as Every Child Matters, Special Educational Needs, and ICT in the classroom, making it suitable for use by newly qualified teachers to support their early professional development. Informative, accessible and engaging, the book offers students: Use of examples and illustrations to make abstract or unfamiliar ideas concrete and meaningful An interactive approach whereby readers are invited to engage with the text and respond to it through a set of objectives, to be achieved by the end of the chapter Thought-provoking research to alert readers to fresh thinking and initiatives, which are at the cutting-edge of developments in the field Self-contained tasks to enable readers to complete them there and then

The Award in Education and Training Learning Matters

Management through leadership is the message of this book. Leadership is the crux of successful management and Action Centered Leader inspires others by words and examples. The book covers in depth the main topics involved in what you need to do to be a leader. It emphasizes on the simple actions that a leader must take to achieve the task, build the team and develop the individual.
