The Art Journal Penguin

Buckingham Palace is one of the most familiar buildings in the world, but who knows the real tales hidden behind its ceremonial gates? Who was the witch that once lived in the royal courtyard? How could courtesans once have plied their trade in front of the present royal windows? How dare a prime minister call the palace a monstrous insult to the nation? This text presents a detailed exploration of the ordinary and sometimes extraordinary people who owned or lived on the land now occupied by the Palace, and of the royal occupants who later inhabited it. The Strange History of Buckingham Palace reveals how Buckingham Palace came to be the place it is today, from the time when it probably formed the escape route from a Roman battle nearly 2000 years ago, to the establishment of the first gentleman's house there in the 17th century, and on into a chequered royal history, which includes an ambitious Saxon queen and James I's plan to found an English silk industry in the Palace gardens.

Buckingham Palace Simon and Schuster

The Prince of Wales has asked four wealthy entrepreneurs and their wives to Buckingham Palace to discuss a fantastic idea: the construction of a six-thousand-mile railroad that would stretch the full length of Africa. But the prince's gathering proves disastrous when the mutilated body of a prostitute turns up in a linen closet among the queen's monogrammed sheets. With great haste,

Thomas Pitt, the brilliant mainstay of Special Services, is summoned to resolve the crisis. The Pitts' cockney maid, Gracie, is also recruited to pose as a palace servant and listen in on the guests' conversations. If Pitt and Gracie fail to find out who brutally murdered the young woman, Pitt's career will be over, and the scandal may just cause the monarchy to fall.

Now available in PDF format.

Top 10 London

Interior designer and artist Ashley Hicks presents his photographs and description of the interior design of Buckingham Palace, home of Britain's royal family since 1837. An important representation of Regency, Victorian, and Edwardian styles, the palace is the work of such noted architects as John Nash and Sir Aston Webb. Hicks records the formal spaces with vibrancy, capturing the magnificent rooms furnished with treasures from the Royal Collection. Starting at the Grand Staircase, Hicks leads us through the state rooms, which include the White Drawing Room and the Blue Drawing Room that both overlook the palace gardens; the Ballroom, which is the setting for twenty investiture ceremonies each year; and the Throne Room, used by Queen Victoria for spectacular costume balls in the 1840s. The long, skylit Picture Gallery is hung with important works of art from the Royal Collection by Rembrandt van Rijn, Peter Paul Rubens, Nicolas Poussin, Anthony van Dyck, Johannes Vermeer, and Canaletto, among others. Decorative furnishings from George IV's exotic Brighton Pavilion lend a fanciful turn to many of the rooms.
