The volume features Jack Miles' s illuminating General Introduction—" How the West Learned to Compare Religions " —as well as Lawrence S. Cunningham' s " The Words and the Word Made Flesh, " a lively primer on the history and core tenets of Christianity.

The Buddhist World National Geographic Books
With this historical introduction to Buddhism, the authors aim to portray the thoughts and actions of the followers of Buddha. The book covers ritual, devotionism, doctrine, meditation, practice, and institutional history.
Buddhism Wadsworth Publishing Company
Buddhism, one increasingly hears, is an 'eco-friendly' religion. It is often said that this is because it promotes an 'ecological' view of things, one

stress the essential unity of human beings and the natural world. Buddhism, Virtue and Environment presents a different view. While agreeing that Buddhism is, in many important respects, in tune with environmental concerns, Cooper and James argue that what makes it 'green' is its view of human life. The true connection between the religion and environmental thought is to be found in Buddhist accounts of the virtues - those traits, such as compassion, equanimity and humility, that characterise the life of a spiritually enlightened individual. Central chapters of this book examine these virtues and their implications for environmental attitudes and practice. Buddhism, Virtue and Environment will be of interest not only to students and teachers of Buddhism and environmental ethics, but to those more generally engaged with moral philosophy. Written in a clear and accessible style, this book presents an original conception of Buddhist environmental thought. The authors also contribute to the wider debate on the place of ethics in Buddhist teachings and practices, and to debates within 'virtue ethics' on the relations between human well-being and environmental concern.

Buddhist - Christian Dialogue Buddhist Publication Society

Buddhism in the Global Eye focuses on the importance of a global context and transnational connections for understanding Buddhist modernizing movements. It also explores how Asian agency has been central to the development of modern Buddhism, and provides theoretical reflections that seek to overcome misleading East-West binaries. Using case studies from China, Japan, Vietnam, India, Tibet, Canada, and the USA, the book introduces new research that reveals the permeable nature of certain categories, such as "modern", "global", and "contemporary" Buddhism. In the book, contributors recognize the multiple nodes of intra-Asian and global influence. For example, monks travelled among Asian countries creating networks of information and influence, mutually stimulating each other's modernization movements. The studies demonstrate that in modernization movements, Asian reformers mobilized all available cultural resources both to adapt local forms of Buddhism to a new global context and to shape new foreign concepts to local Asian forms.

Today, Buddhism is the world's fourth-largest religion, with over 576 million followers worldwide. Buddhists follow traditions and spiritual beliefs that were taught by Guatama Buddha, a revered wise man. Guatama Buddha lived in the eastern part of the Indian subcontinent more than 2,400 years ago. Although born into a royal family, he became concerned with the problem of suffering in the world and spent years

studying a variety of religions and philosophies. Eventually, he was "enlightened," and spent the rest of his life teaching people the path to true happiness. Buddhism soon spread throughout Asia, and today most Buddhists live in countries like China, Thailand, Japan, and Burma. This book describes the origins and history of Buddhism, and sheds light on some of this religion's most important beliefs, practices, and rituals. The MAJOR WORLD RELIGIONS series provides information about six of the most important religious faiths practiced around the world. More than 75 percent of the world's population over 5.2 billion people observes the tenets of one of these six religions. Each book in the series describes the important beliefs of a particular religion, along with information about its history, practices, and rituals. This book is a must read for anyone looking to study up on Buddhism. It covers all aspects of Buddhism and defines what it is in such a way that everyone can understand it. Despite Buddhism being one of the oldest religions in the world, there are many people who still do not understand it. In fact, they misinterpret the teachings so much because they only know what they see in television and movies.

These depictions of Buddhism are often wrong and send out the wrong message of what Buddhism actually teaches. In a nutshell, it teaches that suffering is bad, but it is also guaranteed in our physical world. It doesn't matter how rich or poor a person is because they will eventually endure suffering in their life.

However, the state of mind you carry with you determines the amount of suffering you will endure. That is where the teachings of Buddha come into play. He will show you that refraining from cheating lying, sexual misconduct, killing

and intoxication are the key ways to overcome suffering upon yourself and others. Buddhism was created by a young prince named Siddhartha Gautama, who later became known as Buddha. He is the central figure of this book because he was the one who created the Buddhist religion in the first place. Even to this day, Buddha is celebrated all over eastern society with big statues in his honor. Despite how godly they make Buddha out to be, he was still just a man. In fact, he was a prince who left his throne and wealth in order to become a wandering preacher that spread his teachings on ending suffering and finding peace. How many rich people in the modern age do you think would leave their wealth behind to become a poor humanitarian? There probably aren't too many, unless they were of the Buddhist faith because Buddhists do not care about monetary gains. Now no one is saying that you have to give away all your money and become a poor Buddhist on the streets. You will learn by

reading this book that there are all kinds of Buddhist followers, not just monks and nuns. You can become a lay follower that still lives a life filled with money, sex and material things. Just as long as you are not hurting anybody then you can enjoy all the sensual pleasure that you want. Buddha isn't going to send you to hell for it. What's covered in this book? What is Buddhism? Buddhism has some key teachings, that are necessary to succeed in religious enlightenment. The Endless Cycle of Cause and Impact The 5 Delusions (also referred to as The 5 Aggregates) Beginnings: The Buddha Different Buddhist Traditions: however we have a tendency to Act on Our apply Theravada, Mahayana and Vajrayana Chinese Buddhism Japanese Buddhism Western Buddhism The Noble Truths and the way we tend to Interpret Them Following the octuple Path The 3 Jewels - Wholesome Roots The 3 Poisons - nauseating Roots The Modern

 The major religions of the world are a mystery to many high school teens. Now you can help them unlock the doors of these traditions with our new text, *World Religions: A Voyage of Discovery*. The book is an introductory survey that helps eleventh and twelfth graders understand the people, dimensions, and religious principles of the world's major religions. The textbook includes a chapter on each of eleven major world religions, including Christianity, Islam, Hinduism, Buddhism, Judaism, and others. The text offers the Catholic perspective on interreligious dialogue, an overview of basic questions that religions address, and Ninian Smart's seven dimensions of religion. A glossary and word pronunciations in each chapter help students learn unfamiliar terms. In addition, the second edition of this text incorporates the following new features: a new chapter on modern trends in religion; new, more detailed maps; a new section on the Aztec religion of Mesoamerica; a sidebar in each chapter offering examples of the seven dimensions of religion; and review questions at the end of each chapter.

 Focusing on Buddhism,

Christianity, and Islam, this book traces the origins and spread of these "world" or "universal" religions. By examining cross-cultural encounters and inviting students to consider similarities and differences in the meanings they ascribe to human life, the book highlights the relationship between religious and cultural life and the political and social context in which it is embedded.
Religion 101 Independently Published
Discovering Religions looks at the world's major religions in a clear and accessible way. Written specifically for lower secondary students, it examines key religious themes - worship, history, festivals and rites of passage. The emphasis throughout is upon a comprehensive, balanced coverage of the subjects and clear, motivating presentation.
Buddhism in the Global Eye
 SUNY Press
 Contributors: John Butt (Buddhism), Elliot N. Dorff (Judaism), Carool Kersten (Islam), Kalyan Ray (Hindusim), David Kwang-sun Suh (Christianity) This book introduces students to five of the world's great religions? Hinduism, Buddhism, Judaism, Christianity, and Islam? with a special emphasis on each religion's philosophy of service and call to serve. With excerpts regarding

service and social responsibility from the sacred writings of each tradition, followed by questions for study and reflection, VISIONS OF SERVICE gives students a framework for considering the differences and commonalities among the religions on the subject of serving those in need and reflecting on their own experience of service. VISIONS OF SERVICE is ideal for religion courses in which service is a corequisite, and will be a useful guide to reflection for volunteers, service-learning students, and those in service professions. It will also be of interest to those in religious organizations who wish to contemplate their own tradition of service and learn more about other religions and their philosophies of service. *Buddhism and Ecology* Religions of the World Buddhism in the Modern World explores the challenges faced by Buddhism today, the distinctive forms that it has taken and the individuals and movements that have shaped it. Part One discusses the modern history of Buddhism in different geographical regions, from Southeast Asia to North America. Part Two examines key themes

including globalization, gender issues, and the ways in which Buddhism has confronted modernity, science, popular culture and national politics. Each chapter is written by a distinguished scholar in the field and includes photographs, summaries, discussion points and suggestions for further reading. The book provides a lively and up-to-date overview that is indispensable for both students and scholars of Buddhism.

Provides chapter review questions.

The World's Religions
John Wiley & Sons
A great deal of Buddhist

literature and scholarly writing about Buddhism of the past 150 years reflects, and indeed constructs, a historically unique modern Buddhism, even while purporting to represent ancient tradition, timeless teaching, or the "essentials" of Buddhism. This literature, Asian as well as Western, weaves together the strands of different traditions to create a novel hybrid that brings Buddhism into alignment with many of the ideologies and sensibilities of the post-Enlightenment West. In this book, David McMahan charts the development of this "Buddhist modernism." McMahan examines and analyzes a wide range of popular and scholarly writings produced by Buddhists around the globe. He focuses on ideological and imaginative encounters between Buddhism and modernity, for example in the realms of science, mythology, literature, art, psychology, and religious pluralism. He shows how certain themes cut across cultural and geographical contexts, and how this form of Buddhism has been created by multiple

agents in a variety of times and places. His position is critical but empathetic: while he presents Buddhist modernism as a construction of numerous parties with varying interests, he does not reduce it to a mistake, a misrepresentation, or fabrication. Rather, he presents it as a complex historical process constituted by a variety of responses -- sometimes trivial, often profound -- to some of the most important concerns of the modern era.

Buddhism, Virtue and Environment Simon and Schuster

A fully comprehensive and new approach to the study of the world's religions which uses a dramatic metaphor to bring the subject alive and to explore players (key figures), the script (foundational texts) and performance (religious practice).
