Many of the postcards that appear in this book were mailed more than 60 or 70 years ago, often bearing simple messages between friends and family members. Now the images are seen again, sharing some of the interesting history of Flint, Michigan. There are postcards from the time when the city had two passenger train stations a few blocks apart, and images of the first steel arches over Saginaw Street. There are images of busy streetcars and the factories that made the town a leading producer of carriages and wagons, earning it the nickname "Vehicle City." Other postcards show how Flint became a leader in the "horseless carriage" industry, and then the birthplace of General Motors. There are images of many of the city's churches, schools, stores, theaters, and amusement parks, and even major events like fires and floods.

Buick Nailhead: How to Rebuild & Modify 1953-1966 Chilton's Total Car Care Repair
Learn how to rebuild and upgrade your Buick Nailhead with the first book ever dedicated to the subject! In this all-new book from Nailhead racer and veteran engine builder Gary Weldon, you will learn everything you need to know about how to rebuild and upgrade the venerable Buick Nailhead engine. Weldon takes you through each step, including a review of the birth of the Nailhead, the benefits of its unique design, serial and casting number information to source and identify the best project, and a history of the engine in development. Also covered are the processes of rebuilding, including disassembly, inspection, sourcing the best parts, making critical upgrades, reassembly, and break-in. Of course, all the machine shop work is covered, and practical advice on building engines for competition is provided. The Nailhead was a throwback to the early overhead-valve engine design, and that unique design makes it a popular choice for period-correct hot rod projects. In addition, if your torquey Nailhead resides between the fenders of a Buick Special, LeSabre, Invicta, Roadmaster, Riviera, Century, Skylark, Wildcat, or Electra 225, this book will help you keep that old beauty on the road.
