Introduction to Business Cengage Learning

Language Policy in Business: Discourse, ideology and practice provides a critical sociolinguistic and discursive understanding of language policy in a minority language context. Focusing on Welsh-English bilingualism in private sector businesses in Wales, the book unpacks the circulating discourses, ideologies and practices of promoting bilingualism as a sociocultural and economic resource in the globalised knowledge economy. It sheds light on businesses as ideological sites for struggles over language revitalisation, which has been characterised by tensions and discursive shifts from essentialist ideologies about language, identity, nation and territory, to an increased commodification of bilingualism. The book is premised on the understanding that language is a focal point for articulating and living out historical power relationships and inequalities, and that language policy processes are never apolitical. It adds to a body of literature about bilingualism in minority language contexts and, more broadly, about how the fields of politics, business and society are inextricably related.

Business English! The very name is an anomaly. From a literary point of view there is no such thing.

English is English whether it be used to express the creations of our imagination, our aesthetic appreciations, or our daily wants. There is no magical combination of words, phrases, and sentences that is peculiar and distinctive to business transactions. Business English as used in these pages means effective communication, both oral and written. The author's aim throughout has been to teach the art of using words in such a way as to make people think and act. To do this she has applied the principles of literary composition to the highly complex and ever increasing problems of our business life. She realizes that business is vital, and that the problems of commerce are not to be met and handled with dead forms and stereotyped expressions of legal blanks.

Pride and Prejudice and *Mistletoe* from New York Times bestselling author, Melissa de la Cruz, is a sweet, sexy and hilarious gender-swapping, genre-satisfying re-telling, set in contemporary America and featuring one snooty Miss Darcy. The basis for the Hallmark TV Movie of the same name available on streaming. Darcy Fitzwilliam is 29, beautiful, successful, and brilliant. She dates hedge funders and basketball stars and is never without her three cellphones—one for work, one for play, and one to throw at her assistant (just kidding). Darcy's never fallen in love, never has time for anyone else's drama, and never goes home for Christmas if she can help it. But when her mother falls ill, she comes home to Pemberley, Ohio, to spend the season with her family. Her parents throw their annual Christmas bash, where she meets one Luke Bennet, the smart, sardonic slacker son of their neighbor. Luke is 32-years-old and has never left home. He's a carpenter and makes beautiful furniture, and is content with his simple life. He comes from a family of five brothers, each one less ambitious than the other. When Darcy and Luke fall into bed after too many egg-nogs, Darcy thinks it's just another one night stand. But why can't she stop thinking of Luke? What is it about him? And can she fall in love, or will her pride and his prejudice against big-city girls stand in their way?

How to Win Friends and Influence People John Wiley & Sons

The New York Times bestselling authors of *Switch* and *Made to Stick* explore why certain brief experiences can jolt us and elevate us and change us—and how we can learn to create such extraordinary moments in our life and work. While human lives are endlessly variable, our most memorable positive moments are dominated by four elements: elevation, insight, pride, and connection. If we embrace these elements, we can conjure more moments that matter. What if a teacher could design a lesson that he knew his students would remember twenty years later? What if a manager knew how to create an experience that would delight customers? What if you had a better sense of how to create memories that matter for your children? This book delves into some fascinating mysteries of experience: Why we tend to remember the best or worst moment of an experience, as well as the last moment, and forget the rest. Why "we feel most comfortable when things are certain, but we feel most alive when they're not." And why our most cherished memories are clustered into a brief period during our youth. Readers discover how brief experiences can change lives, such as the experiment in which two strangers meet in a room, and forty-five minutes later, they leave as best friends. (What happens in that time?) Or the tale of the world's youngest female billionaire, who credits her resilience to something her father asked the family at the dinner table. (What was that simple question?) Many of the defining moments in our lives are the result of accident or luck—but why would we leave our most meaningful, memorable moments to chance when we can create them? *The Power of Moments* shows us how to be the author of richer experiences.

A GOOD MORNING AMERICA BOOK CLUB PICK Named a Best Book Pick of 2021 by Harper's Bazaar and Real Simple Named a Most Anticipated Book of Fall by People, Essence, New York Post, PopSugar, New York Newsday, Entertainment Weekly, Town & Country, Bustle, Fortune, and Book Riot Told from alternating perspectives, this "propulsive, deeply felt tale of race and friendship" (People) follows two women, one Black and one white, whose friendship is indelibly altered by a tragic event. Jen and Riley have been best friends since kindergarten. As adults, they remain as close as sisters, though their lives have taken different directions. Jen married young, and after years of trying, is finally pregnant. Riley pursued her childhood dream of becoming a television journalist and is poised to become one of the first Black female anchors of the top news channel in their hometown of Philadelphia. But the deep bond they share is severely tested when Jen's husband, a city police officer, is involved in the shooting of an unarmed Black teenager. Six months pregnant, Jen is in freefall as her future, her husband's freedom, and her friendship with Riley are thrown into uncertainty. Covering this career-

making story, Riley wrestles with the implications of this tragic incident for her Black community, her ambitions, and her relationship with her lifelong friend. Like Tayari Jones ' s *An American Marriage* and Jodi Picoult ' s *Small Great Things*, *We Are Not Like Them* takes " us to uncomfortable places—in the best possible way—while capturing so much of what we are all thinking and feeling about race. A sharp, timely, and soul-satisfying novel " (Emily Giffin, *New York Times* bestselling author) that is both a powerful conversation starter and a celebration of the enduring power of friendship.
