Upper Canada Law Journal and Municipal and Local Courts' Gazette Lyndon Maither

"This text offers a broad and basic survey of Canadian Law and its subdivisions and aims to ensure readers are able to analyze and classify offences and identify possible defences in criminal cases." --

The United States Catalog New York : H.W. Wilson

This is a collection of Canadian legal decisions, primarily from the Supreme Court of Canada, along with international cases that have bearing on Canadian law. The selected cases raise and respond to current and controversial issues in political and legal philosophy. Cases have been edited to present key legal principles and methods of judicial reasoning in action, showing not only what was decided but also how the decisions were made. Topics include: constitutional law, fundamental freedoms, equality rights, civil and criminal responsibility, and sovereignty. This new fifth edition adds over two dozen new cases, including new sections on Indigenous issues and international law. A helpful glossary of common legal terms has also been added as an appendix.

A Global Overview of International Tax Disputes on DTC This book is a unique publication that gives a global overview of international tax disputes on double tax conventions and thereby fills a gap in the area of tax treaty case law. It covers the 35 most important tax treaty cases which were decided around the world in 2017. The systematic structure of each chapter allows for the easy and efficient study and comparison of the various methods adopted for applying and interpreting tax treaties in different cases. With the continuously increasing importance of tax treaties, Tax Treaty Case Law around the Globe 2018 is a valuable reference tool for anyone interested in tax treaty case law. This book is of interest to tax practitioners, multinational businesses, policymakers, tax administrators, judges and academics.

Corporate Governance in Global Capital Markets Prentice Hall

A collection of essays on topical contract issues, covering subjects including: Paradine v Jayne; foreign currency judgements; agency problems in insurance law; increased expense and frustration; failure of consideration; restitutionary consequences of illegality; and proprietary estoppel

The Canada Law Journal UBC Press

Examining the legal history of the order to pay money initiating a funds transfer, the author tracks basic principles of modern law to those that governed the payment order of Antiquity and the Middle Ages. Exploring the legal nature of the payment order and its underpinning in light of contemporary institutions and payment

mechanisms, the book traces the evolution of money, payment mechanisms and the law that governs them, from developments in Ancient Mesopotamia, Ancient Greece, Rome, and Greco-Roman Egypt, through medieval Europe and post-medieval England. Doctrine is examined in Jewish, Islamic, Roman, common and civil laws. Investigating such diverse legal systems and doctrines at the intersection of laws governing bank deposits, obligations, the assignment of debts, and negotiable instruments, the author identifies the common denominator for the evolving legal principles and speculates on possible reciprocity. At the same time he challenges the idea of 'law merchant' as a mercantile creation. The book provides an account of the evolution of payment law as a distinct cohesive body of legal doctrine applicable to funds transfers. It shows how principles of law developed in tandem with the evolution of banking and in response to changing circumstances and proposes a redefinition of 'law merchant'. The author points to deposit banking and emerging technologies as embodying a great potential for future non-cash payment system growth. However, he recommends caution in predicting both the future of deposit banking and the overall impact of technology. At the same time he expresses confidence in the durability of legal doctrine to continue to evolve and accommodate future payment system developments.

The Lower Canada Law Journal McGraw Hill Professional

The recent failures of Enron, WorldCom, and other large publicly traded corporations have catapulted the issue of corporate governance onto the international stage. In this timely book, Janis Sarra draws together the work of legal scholars and practitioners from across North America to provide a comprehensive analysis of corporate governance issues in global capital markets. The contributors to this collection explore the theoretical underpinnings of corporate governance and provide concrete illustration of different models and their outcomes. While the perspectives of the authors sometimes differ, their

common project is to explore different normative conceptions of the corporation in order to contribute to an analysis of global trends in corporate governance.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts. *Case and Comment* Sweet & Maxwell

An extensive case compilation of the principal ITA enforcement/collection provisions as before the latest provision renumbering after 2016. Quotes cases that are of historic significance or are merely illustrative. ...sorry folks, don't have the time to bring this up to date. Recommend starting at the Supreme Ct for juris. and meander down to lower cts.

Canadian Immigration and Refugee Law for Legal Professionals Carswell Legal Publications

Hospitality Law: Managing Legal Issues in the Hospitality Industry, Fifth Edition takes an applied approach to the study of hospitality law with its touchstone of compliance and prevention. The book is highly pedagogical and includes many interactive exercises and real world cases that help students focus on the practical application of hospitality laws and model their decision process to avoid liability. As a result, this book does look different than others on the market as the legal information contained is carefully selected to specifically correlate with helping students understand how to do the right thing, i.e., it is not a comprehensive book on the laws. Barth immediately helps readers learn about the legalities of situations and work through exercises – both individually and in groups -- to effectively

apply them to hospitality management situations. Many instructors teach their course from a very applied perspective, which aligns with Barth's approach.
