**Business Communication** Irwin/McGraw-Hill

Discover how your communication conveys your character -- or who you are as a person -- as you learn to make effective written and oral communication choices in your professional and personal life. Master your own natural, conversational style to earn trust and respect, to differentiate yourself in your career, or to gather funding. This edition addresses today's most important business communication concepts as new self-reflection questions help you develop a deeper understanding of yourself to better communicate and reach personal and professional goals. A new communication model emphasizes character check, audience analysis, message and medium (CAM) within in-person, online or social media communication. Intriguing examples from real companies illustrate principles at work. You also learn to communicate within a team, resolve conflict and maximize the latest communication and collaboration technology tools. MindTap digital tools help you further refine your communication skills.

**How to Win Friends and Influence People** Business Communication Today

Lesikar and Flatley's, **Basic Business Communication (BBC): Skills for Empowering the Internet Generation**, has long been known as a solid introductory business communication book that gets to the writing skills sooner than most other texts and gives students true 'how-to' skills in all areas of business communication. It has solid examples, and is both consumer-and service-oriented. Its strength has also been its use of margin notes, cartoons and photos that relate to the concepts and use of cases. Recent editions have established BBC as truly cutting edge; it was the first text in the market with PowerPoint as part of its package, the first to have an online chapter, and with the 9th Edition is now the first to offer writing tips and templates for PDAs (personal digital assistants.).

**Lesikar's Business Communication** Prentice Hall

Covering business communication skills, this text includes a grammar check, writing improvement exercises and cases which break down the writing process into simple components. E-mail, Web research, team and critical thinking exercises have also been added to this edition.
