Integrated Business Communication applies communication concepts and issues from various fields such as marketing, public relations, management, and organizational communication and

packages them into a dynamic new approach – Integrated Communication. It is designed to give business students a basic knowledge and broad overview of communication practices in the workplace. Ultimately, the book should be seen as a practical guide to help students understand that communication is key to decision making and fundamental to success in a global marketplace. This book uses an interdisciplinary approach to its discussion of integrated communication by incorporating theory, application, and case studies to demonstrate various concepts. Theory will be introduced when necessary to the understanding of the practical application of the various concepts. This co-authored book will be broad enough in scope and method to be used as a core text in business communication. Case studies will be an integral part of the material. The book focuses on the practical application of theory and concepts. Presents case studies from many sectors to illustrate concepts. The book will have an interdisciplinary approach utilizing examples from communications, mass communications, marketing, public relations, management, and intercultural and organizational communication being used in many countries throughout the world. There will be a strong pedagogical structure within the text with a website providing additional materials for students and lecturers. Lesikar and Flatley's, *Basic Business Communication (BBC): Skills for Empowering the Internet Generation*, has long been known as a solid introductory business communication book that gets to the writing skills sooner than most other texts and gives students true 'how-to' skills in all areas of business communication. It has solid examples, and is both consumer- and service-oriented. Its strength has also been its use of margin notes, cartoons and photos that relate to the concepts and use of cases. Recent editions have established BBC as truly cutting edge; it was the first text

in the market with PowerPoint as part of its package, the first to have an online chapter, and with the 9th Edition is now the first to offer writing tips and templates for PDAs (personal digital assistants).).

The eleventh edition of this classic textbook provides an overview of communication and media law that includes the most current legal developments. It explains the laws affecting the daily work of writers, broadcasters, PR practitioners, photographers and other public communicators. By providing statutes and cases in an accessible manner, even to students studying law for the first time, the authors ensure that students will acquire a firm grasp of the legal issues affecting the media. This new edition features discussions of hot topics such as the prosecution of WikiLeaks founder Julian Assange for Espionage Act violations, the U.S. Supreme Court's decision in *Iancu v. Brunetti* addressing the registration of offensive trademarks, revenge porn, FTC guidelines on social media influencers and efforts by social media platforms to develop coherent approaches to misinformation. The Law of Public Communication is an ideal core textbook for undergraduate and graduate courses in communication law and mass media law.
