Ideals of American Life Told in Biographies and Autobiographies of Eminent Living Americans OUP USA

For courses in Employment Law, Labor Law, and Human Resource Management. Using cases and examples in every chapter, the second edition of Employment Law deals with this complex and controversial subject by making it easy to understand. The text is a simple approach to employment law, with a foundation of legal principles explained in the layperson's language. The principles, once learned, can be applied to understand the judges' opinions in the cases presented.

Text and Cases Pearson

BUSINESS ORGANIZATIONS FOR PARALEGALS, 1/e combines the ethical, practical and professional topics relating to Business Organizations with the most contemporary cases and substantive material. Taking a hands-on approach, it offers comprehensive coverage and uses practice tips, critical thinking exercises, landmark case law, case scenarios, and portfolio builders to reinforce concepts. At the beginning of the text, each student is asked to create their own mock business that can be used to complete chapter assignments and exercises. Throughout the text, articles written by practicing paralegals are included to assist students as they transition from student to practicing paralegal.

Contemporary Employment Law Wiley

Designed for a one-semester course that covers the major aspects of law, the highly teachable Contemporary Employment Law explores the legal essentials of managing a modern workforce. The text identifies the differences between employees and independent contractors, then proceeds through the phases of hiring, promotion, and termination of employment. Modern employment issues covered include selecting employees; whistleblowing; immigration and nationality; covenants not to compete; confidentiality and trade secret agreements; current laws and regulations on pay, disability, and age discrimination; work-family conflicts; privacy; wage and hour laws; worker safety; and global employment. Each chapter features learning objectives, well-edited landmark cases followed by questions, abundant examples, management applications, "Focus on Ethics," Human Resource forms, and more. Students will learn to frame the issues that managers must identify in the workplace. The companion website offers online student support with resources, forms, quizzes,

additional assignments, and extracts of pertinent statutes. The presentation has been streamlined, to make the Second Edition even more readable and accessible, thoroughly explaining basic concepts before moving to more complex material. More short cases and practice forms help students learn. New U.S. Supreme Court cases are briefed, including: AT&T Mobility LLC v. Concepcion (effect of the Federal Arbitration Act preemption of state laws restricting arbitration of employment claims), Wal-Mart Stores, Inc. v. Dukes (class action certification denied), Thompson v. North American Stainless, LP (third party retaliation claims against employers), Staub v. Proctor Hosp. (employer liable if non-decision maker with discriminatory bias influenced actions of unbiased decision maker), Duryea v. Guarnieri (employees right to exercise First Amendment rights), Kasten v. Saint-Gobain Performance Plastics Corp. (employee's oral complaint about FLSA violation has filed a claim), Christopher v. SmithKline Beecham (whether pharmaceutical salespeople are exempt under the FLSA), and Perich v Hosanna (rights of ministers against their churches). More than twenty new state and federal cases are covered, including Rainey v. Domino's Pizza (franchisor's liability for accident caused by franchisee's delivery person), Does I-XI, Workers in China, Bangladesh, etc. v. Wal-mart Stores, Inc. (foreign workers not intended beneficiaries of contracts with foreign suppliers over wages, hours, working conditions, and discrimination), Neessen v. Arona Corp. (Pregnancy Discrimination Act protects against refusal to hire women who are recently pregnant), Kuebel v. Black & Decker, Inc. (???), Hispanics United of Buffalo, Inc. v Carlos Ortiz (Facebook postings related to workplace conditions as a protected activity), Tides v. Boeing (Sarbanes-Oxley whistleblower protection does not extend to communications to the media), Nixon-Tinkelman v. New York City Dep't of Health and Mental Hygiene (expansion of duty of reasonable accommodation regarding transfer from a distant to a near work site), and Nichols v. Dancer (interests in workplace efficiency may outweigh employee's First Amendment rights). New statutes and regulations enacted since the first edition was published are explored, including Dodd-Frank Wall Street Reform and Act of 2010, Health Care Reform Act of 2010 and its regulations, employers duty to notify employees of their rights under the National Labor Relations Act (NLRA) through a notice mandated by the National Labor Relations Board, and the implementation of Genetic Information Nondiscrimination Act of 2008.

From Ideas to Action Pearson Higher Ed
Using practical, self-contained chapters, this text provides an overview of wills, trusts, and estates and can easily support a variety of programs and audiences. Designed with flexibility in mind, it captures the complexities of the field, while maintaining a clear tone that is accessible and concise. Throughout the text, core concepts are reinforced by illustrations, charts, tables, and cases. This edition features updated case materials and statutes, updated statistics, more review questions and projects, summarized appellate court cases and earlier coverage of non-traditional families.

Employee Management and Customer Service in the Retail Industry South-Western Pub

Contrary to the common saying: we do want you to judge this new edition of Organizational Behavior by its front cover. Specifically, featured is that this is the 14th edition, it takes an "Evidence-Based Approach," and similar to the previous edition there are now three Luthans authors. This 14th edition is based on the foundation provided by the first mainline text which has become the classic for the study and understanding of organizational behavior. However, by taking an evidence based approach, this insures that, even though a classic, this new edition adds the most recent and relevant research to the most extensive, up-to-date reference-base of any organizational behavior text. By adding the two closely related authors (professor sons) literally pumps "new blood" into the sustainability of this classic text by Fred Luthans. Importantly, Fred has recently been recognized with: 1) Lifetime Achievement Award in Organizational Behavior; 2) Top 1% of Citation Count of all researchers in the world; and 3) the #1 most cited author in Organizational Behavior textbooks. Finally, this new edition recognizes that even though the theoretical framework and coverage largely remains, the context of organizational behavior is rapidly changing. This new edition reflects the "New Age" environment, but still holds to the premise that in today's organizations, success and competitive advantage still comes from the understanding, prediction, and effective management of human resources. With this new edition we invite you to continue the never-ending journey guided by the best organizational behavior theory, research, and application.

Business Law Prentice Hall

This popular text effectively combines a traditional case focus with clear and concise coverage of a wide range of up-to-date topics. Students are introduced to the impact of the law affecting business, while concentrating on information and applications essential to the business practitioner.

A Critical Thinking Approach Prentice Hall

[→ Henry Dearborn, served as an office in the American Revolution from April, 1775, until the reduction of the New Hampshire line on March 1, 1783. He fought at Bunker Hill and marched on the expedition to Quebec. He was active in the Burgoyne campaign, and Basic Finance: An Introduction to Financial Institutions, Investments, and Management Prentice Hall

Concise and practical, "Managing Human Resources, Third Edition" will help you gain a mastery of those issues while you learn the skills you'll need as a manager of people. Using a managerial perspective, the book illustrates the role and impact of technology on globalization, compensation, legal, safety, and health issues. A host of timely features make this book interesting and thought-provoking: The Managerial Perspective, a new introduction for every chapter, focuses on the managerial perspective and summarizes why the material is relevant to managers. Managerial Skill Builder: Issues and Exercises, an end-of-chapter feature, presents a managerial situation relevant to each chapter topic and concludes with questions, issues, exercises, and group projects. Manager's Notebook, located in every chapter, illustrates procedures, tips, and strategies you can really use in management. You Manager It! Discussion Cases, found at the end of every chapter, focus on human resources issues from a manager's perspective and encourage you to think critically. Technology and its influence on human resources information is addressed in every chapter.

Globalization and its effect on human resources practices is discussed throughout the book, and the authors address the unique human resources problems faced by multinational organizations. The authors and Prentice Hall are committed to providing a unique learning and teaching package to accompany this third edition. New to this edition: Skills Live! Videos offer dramatizations that highlight a human resources skill related to each part of the text. These videos allow students the opportunity to see what it's like to conduct an interview, give performance appraisals, deal with sexual harassment issues, and more. PHLIP/CW Web Site (www.prenhall.com/gomez) provides full academic support for both professors and students. Instructors can find answers to current events and Web exercises, download ancillary materials, and more. For students, there is an on-line study guide, current events articles and exercises, Web exercises, and more.

The Eighth Edition is updated with all new cases, statutes, and features.

Theory and Management of Strabismus Pearson College Division
Children are already learning at birth, and they develop and learn at a rapid pace in their early years. This provides a critical foundation for lifelong progress, and the adults who provide for the care and the education of young children bear a great responsibility for their health, development, and learning. Despite the fact that they share the same objective - to nurture young children and secure their future success - the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well. Transforming the Workforce for Children Birth

Through Age 8 explores the science of child development, particularly looking at implications for the professionals who work with children. This report examines the current capacities and practices of the workforce, the settings in which they work, the policies and infrastructure that set qualifications and provide professional learning, and the government agencies and other funders who support and oversee these systems. This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals. These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning, shared knowledge and competencies for care and education professionals, and principles for effective professional learning. Young children thrive and learn best when they have secure, positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress. Transforming the Workforce for Children Birth Through Age 8 offers guidance on system changes to improve the quality of professional practice, specific actions to improve professional learning systems and workforce development, and research to continue to build the knowledge base in ways that will directly advance and inform future actions. The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive, and ultimately improve outcomes for children.

Men of Mark in Connecticut Prentice Hall

Focus on the basics of business law principles with **BUSINESS LAW: TEXT AND EXERCISES, 9E**. Written in user-friendly language, each chapter concentrates on one important topic, allowing readers to easily explore specific points of law and concepts. The authors have taken special care to provide straightforward descriptions, everyday examples, and varied exercises to help readers apply what they are reading and learning to real-life situations. Developed to provide a business law overview, this edition's short, concise chapters are punctuated with illustrative and timely features, including Highlighting the Point and real case summaries. Online Commerce, Ethics, and Global Issues Thomson South-Western

Pack your cutlass and blunderbuss--it's time to go a-pirating! The Invisible Hook takes readers inside the wily world of late seventeenth- and early eighteenth-century pirates. With swashbuckling irreverence and devilish wit, Peter Leeson uncovers the hidden economics behind pirates' notorious, entertaining, and sometimes downright shocking behavior. Why did pirates fly flags of Skull & Bones? Why did they create a "pirate code"? Were pirates really ferocious madmen? And what made them so successful? The Invisible Hook uses economics to examine these and other infamous aspects of piracy. Leeson argues that the pirate customs we know and love resulted from pirates responding rationally to prevailing economic conditions in the pursuit of profits. The Invisible Hook looks at legendary pirate captains like Blackbeard, Black Bart Roberts, and Calico Jack Rackam, and shows how pirates' search for plunder led them to pioneer remarkable and forward-thinking practices. Pirates understood the advantages of constitutional democracy--a model they adopted more than fifty years before the United States did so. Pirates also initiated an early system of workers' compensation, regulated drinking and smoking, and in some cases practiced racial tolerance and equality. Leeson contends that pirates exemplified the virtues of vice--their self-seeking interests generated socially desirable effects and their greedy criminality secured social order. Pirates proved that anarchy could be organized. Revealing the democratic and economic forces propelling history's most colorful criminals, The Invisible Hook establishes pirates' trailblazing relevance to the contemporary world.
