The easiest way to create classes and objects when classes map closely to tables is to perform the following steps: 1. In the structure pane of the "Designer" dialog, click on a table to highlight it and drag it to the Universe pane. Do this for all three tables. The "Designer" dialog should appear as follows when you are finished: 2.

```
In his book and CBT on "Business Objects XI: Creating Universes with
Designer XI", again he has done a marvelous job in explaining basic
but important aspects of creating universes. I would highly recommend
both the book (for reference) and CBT( to learn faster and have a
better understanding of concepts).
