By now we all are aware that Dealers, Dealerships, Sales People, and Sellers of vehicle's make more when they sale the vehicle at a higher price. There is no secret that the seller's whole motivation is to sell you the vehicle at the highest price possible, and/or at the highest interest rates possible, and/or on the seller's terms. It is a very common practice in dealerships that the higher the sales person sales the vehicle for, the higher the sales person's commission. The higher the interest rate, the higher the sales person's commission. The more the sales person can convince you to sign the contract closer to his terms, the higher the sales person's commission. Therefore, it should not be a surprise to you that you need to gain the most knowledge you can to offset the sales person's strategies and tactics and save yourself some money. Money that you can use for other things. This is just common sense.
