Managing Human Resources Cengage Learning  
Loose-Leaf for Managing Human Resources

Managing Human Resources  
CEOs regularly identify strategic execution as their biggest challenge, and the top priority facing today's business leaders. Based on their research with senior executives across a variety of industries—and including firms like Marriott, Microsoft, SunTrust, UPS, and Vail Resorts—Kenneth J. Carrig and Scott A. Snell have distilled the elements that are most critical for execution. This book addresses the challenges of execution, why it matters, and why the approach remains elusive. It introduces an integrated framework for understanding four priorities underlying execution excellence. Ultimately, it all comes down to alignment, agility, ability, and architecture. The authors lay out a process for applying the framework, helping business leaders to diagnose their challenges and to determine their path toward breakthrough performance.

Thermodynamics and Statistical Mechanics Jist Works

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Strategic Human Resource Planning McGraw-Hill Education

Business Model Generation is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need Business Model Generation. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model--or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"

"The 18th edition ... will place your students at the forefront of understanding how organizations can gain a sustainable competitive advantage through people." - Preface.

M: Management John Wiley & Sons  
Recognizing the inherent tensions and contradictions that result from managing people in organizations, Human Resource Management in Public Service: Paradoxes,

Processes, and Problems offers provocative and thorough coverage of the complex issues of management in the public sector. Continuing the award-winning tradition of previous editions, this Sixth Edition helps students to understand complex managerial puzzles and explores the stages of the employment process, including recruitment, selection, training, legal rights and responsibilities, compensation, and appraisal. Grounded in real public service experiences, the book emphasizes hands-on skill building and problem solving. New to the Sixth Edition: Ethics case studies have been added to all the chapters, enabling students to learn about a variety of ethical situations that come up in management. Updated and consolidated recruiting strategies offer students a window into the most current methods used in the recruitment process and provide insight into the job seeker's perspective. New examples from a broad range of local, state, federal, and international settings enable students to apply key concepts to common management issues.

Applied Psychology in Human Resource Management Irwin/McGraw-Hill

MANAGEMENT, 12E, takes a functional, skills-based approach to the process of management with a focus on active planning, leading, organizing and controlling. Griffin carefully examines today's emerging management topics, including the impact of technology, importance of a green business environment, ethical challenges, and the need to adapt in changing times. This edition builds on proven success to help strengthen your management skills with a balance of classic theory and contemporary practice. Numerous new and popular cases and learning features highlight the challenges facing today's managers. Hundreds of well-researched contemporary examples, from Starbucks to The Hunger Games to professional baseball, vividly demonstrate the importance of strong management to any type of organization.
