This study guide is a tool to help students get the most out of Survey of Historic Costume, 6th Edition. Following the chapters of the textbook, the Student Study Guide includes chapter objectives, key terms, historic overviews, chapter summaries, chapter quizzes, image-analysis exercises, garment analysis worksheets, glossary of key terms, and a fashion garment guide—a mini-dictionary identifying basic garment terminology with illustrations. By providing a consistent approach to all of the chapters in this text, the guide provides a vehicle that enhances the journey students will take through time and place-making the study of historic costume accessible, memorable and exiting.

This text is a companion to Survey of Historic Costume 6th Edition (978-1-62892-167-0). For access to the free eBook version, order the Survey of Historic Costume 6th Edition + STUDIO bundle ISBN 9781501395253.

[Byzantine Empire 225 Success Secrets - 225 Most Asked Questions on Byzantine Empire - What You Need to Know](#) Penguin

Forget the stereotype! Giacomo Casanova's (1725-1798) reputation as libertine has sadly eclipsed his talents as scholar, linguist, prolific writer and manqué doctor. Fortunately for us, he wrote his memoirs at the end of his life on the advice of his doctor to control his propensity to depression. Although these often have been harvested for information on political, cultural and social aspects of his time, the insights they give about medical practice and the lived experiences of illness have been largely neglected. This book addresses this deficiency through exploring in detail what Casanova wrote on a variety of conditions that include venereal disease and female complaints, duelling injuries, suicide, skin complaints and stroke and even piles. These descriptions provide alternately grim and amusing insights about public health measures, the doctor-patient relationship, medical etiquette and the dominant medical theories of the era. To help the reader understand the historical significance of the medical subjects covered, the author integrates throughout the book an extensive historical context drawn from contemporary sources of information and current history of medicine literature

Mercenaries have been active in battle from the beginning of military history and, as private armies and military support firms, they are a major component of warfare today. Security, military advice, training, logistics support, policing, technological expertise, intelligence, transportation—all are outsourced to a greater or lesser degree in the U.S. military. However, privatization is not a uniquely American phenomenon. Countries as diverse as Saudi Arabia and Australia rely on privatization in one form or another. Historically, heads of state, politicians, and other administrators have justified use of mercenaries on the basis of their effectiveness, and cost-savings. These reasons and others continue to serve as rationales for use of private military companies in military strategy. Mercenaries: A Guide to Private Armies and Private Military Companies provides a comprehensive survey and guide to mercenary forces, entrepreneurs, and corporations active on the international military scene today, including a concise history of mercenaries and private armies on land, sea, and in the air. Narrative chapters are amply supplemented by sidebars including biographies of major figures, key statistics, historical and current documents, contracts, and legislation on private armies and outsourced military services. Each chapter includes a bibliography of books, journal articles, and web sites, and a general bibliography concludes the entire work.

Creation Through the Age of Discovery (4004 BC to AD 1500) Harper Collins

This handy reference guide makes it easier to access and understand histories written in Greek between 600 and 1480 CE. Covering classicizing histories that continued ancient Greek traditions of historiography, sweeping, fast-paced 'chronicle' type histories, and dozens of idiosyncratic historical texts, it distills the results of complex, multi-lingual, specialist scholarship into clear explanations of the basic information needed to approach each medieval Greek history. It provides a sound basis for further research on each text by describing what we know about the time of composition, content covered by the history, authorship, extant manuscripts, previous editions and translations, and basic bibliography. Even-handed explanations of scholarly debates give readers the information they need to assess controversies independently. A comprehensive introduction orients students and non-specialists to the traditions and methods of Byzantine historical writing. It will prove an invaluable timesaver for Byzantinists and an essential entry point for classicists, western medievalists, and students.

DK Eyewitness Travel Guide: Istanbul ABC-CLIO

Inside Islam: A Guide for Catholics utilizes a popular question-and-answer format so that all Catholics - both the theological novice and the well-catechized - can learn the basics of Islam. Co-authors Robert Spencer and Daniel Ali, a convert from Islam, give you a solid understanding of Islam's unique teachings including: The Islamic view of God The role of Jesus in Islamic theology Islam's controversial theology of jihad, or "holy war" Why Islam's strong beliefs are so attractive to secularized Western societies The role of women in Islam Inside Islam is an essential resource for anyone who wants to know more about this historic religion from the Middle East. After reading this book, you will have a better understanding of the issues discussed every day in the news.

DK Eyewitness Travel Guide Istanbul New Leaf Publishing Group

In October 1945 at the age of 19, John Freely passed the southernmost tip of Crete on his way home from the war in China, just as Odysseus did on his homeward voyage from the battle of Troy. He has been bewitched by Homer and the lands of Homer's epics ever since. As the culmination of a life spent exploring both these lands and the stories by, and connected to, Homer, Freely has created a captivating traveller's guide to Homer's lost world and to his epics, the Iliad and the Odyssey, investigating where such places as the Land of the Lotus Eaters are and what it was about the landscapes of Greece and Turkey that so inspired Homer - the greatest classical epic poet. With unparalleled knowledge and passion, John Freely guides the traveller through all of those places linked to Homer that can be identified and brings Homer and his world vividly to life, revealing how the Homeric epics continue to echo through the ages in literature, art, legend and folklore.
