Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn't struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this "Insider's Language" to students

#1 New York Times bestselling author John C. Maxwell can teach you how to turn any situation into a winning experience. No one wins at everything they try. But any setback, whether professional or personal, can become a step forward with the right tools and mindset to turn loss into a gain. Drawing on nearly 50 years of leadership experience, Maxwell provides a roadmap for winning by examining the eleven elements that constitute the "DNA" of people who succeed in the face of problems, failure, and losses. Learning is not easy during down times. It takes discipline to do the right thing when something goes wrong. As John Maxwell often points out, experience itself isn't the best teacher; evaluating, understanding, and growing from your experience is. By examining how that process works, you can learn how to take risks and tackle challenges with a successful person's outlook. There is nothing like this interactive workbook anywhere in the Reformed community. It is a unique workbook designed to bring Reformed Theology to students of the bible in its various facets. In old England, an apprentice is a novice who engaged in a covenant with a

tradesman to learn a particular trade. A workbook of this kind was created to engage the student of scripture to be apprenticed under the teachers of Reformed Theology, thus, a Reformed Apprentice. The purpose of the workbook is to come into a deeper knowledge and relationship with the Lord Jesus Christ as he has revealed himself to the church in his Word and by his Spirit through the centuries in Reformed Theology. The workbook covers logic, hermeneutics, theology, creeds and confessions, covenant theology, worship, the sovereignty of God, the solas of the reformation, the doctrines of grace, church government, and much, much more. It extensively quotes the early church fathers, the Reformers, the Puritans, and Reformed theologians from various ages in order to aid the Reformed Apprentice in coming to a knowledge of what truly constitutes Reformed Theology and the Reformed Faith. This workbook is not to be completed in a short timeframe, nor is it governed by a specific amount of time. The Reformed Apprentice has as much time to complete each section at their own pace as they need in order to walk more closely with Jesus Christ.
