The HP BladeSystem
c7000 Enclosure
(referred to as the
enclosure) can be
used in a rack-free
environment. The
following conditions
must be met when
performing a rack-
free installation: •A
fully-populated
enclosure can weigh
up to 217.7 kg (480
lb). The object
supporting the

enclosure must be able to withstand this weight.

C7000 User Guide

Page 31: Enclosure Installation Install the heaviest item first, and continue to populate the rack from the bottom to the top. **IMPORTANT:** Install all cage nuts for the enclosure, seismic brace, and cable management system before installing the enclosure.

Cage nuts can not be installed post-installation of a c7000 CG enclosure.
