*Origins of Human Language* Europa Editions

Amber has escaped her strict up bringing and when learns about Daddys and their little girls she wants one of her own. Sam wants a little girl, but he worries Amber might be too innocent. Will he push past his protective limits and bring them both to ecstasy?

Replay Penguin

This book proposes a detailed picture of the continuities and ruptures between communication in primates and language in humans. It explores a diversity of perspectives on the origins of language, including a fine description of vocal communication in animals, mainly in monkeys and apes, but also in birds, the study of vocal tract anatomy and cortical control of the vocal productions in monkeys and apes, the description of combinatorial structures and their social and communicative value, and the exploration of the cognitive environment in which language may have emerged from nonhuman primate vocal or gestural communication.

**The House Uptown** Weidenfeld & Nicolson

Attorney and activist Robyn Gigl tackles the complexities of gender, race, power and public perception in *By Way of Sorrow*, a gripping debut legal thriller with a ripped-from-the-headlines plot and a unique

---

protagonist who, like the author herself, is a transgender attorney. Erin McCabe is a criminal defense lawyer doing her best to live a quiet life in the wake of profound personal change. But when a young, Black, transgender prostitute is accused of murdering a wealthy politician's son, Erin feels duty-bound to defend her – even if it puts her career and life in jeopardy... Four months ago, William E. Townsend, Jr., son of a New Jersey State Senator, was found fatally stabbed in a rundown motel near Atlantic City. Sharise Barnes, a nineteen-year-old transgender prostitute, is in custody, and given the evidence against her, there seems little doubt of a guilty verdict. Erin knows that defending Sharise will blow her own private life wide open, and doubtless deepen her estrangement from her family. Yet as a trans woman, she feels uniquely qualified to help Sharise, and duty-bound to protect her from the possibility of a death sentence. Sharise claims she killed the senator's son in self-defense. As Erin assembles the case with her partner, former FBI agent Duane Swisher, the circumstances hint at a more complex and chilling story with ties to other brutal murders. Senator Townsend is using the full force of his prestige and connections to publicly discredit everyone involved in defending Sharise. Behind the scenes, his tactics are even more dangerous. His son had secrets that could destroy the senator's political aspirations—secrets worth killing for. And as leads begin mysteriously disappearing, it's not just the life of Erin's client at stake, but her own...

How will governments and courts protect civil liberties in this new era of hacktivism? Ethical Hacking discusses the attendant moral and legal issues. The first part of the 21st century will likely go down in history as the era when ethical hackers opened governments and the line of transparency moved by force. One need only read the motto “ we open governments ” on the Twitter page for Wikileaks to gain a sense of the sea change that has occurred. Ethical hacking is the non-violent

use of a technology in pursuit of a cause—political or otherwise—which is often legally and morally ambiguous. Hacktivists believe in two general but spirited principles: respect for human rights and fundamental freedoms, including freedom of expression and personal privacy; and the responsibility of government to be open, transparent and fully accountable to the public. How courts and governments will deal with hacking attempts which operate in a grey zone of the law and where different ethical views collide remains to be seen. What is undisputed is that Ethical Hacking presents a fundamental discussion of key societal questions. A fundamental discussion of key societal questions. This book is published in English. - La première moitié du XXI<sup>e</sup> siècle sera sans doute reconnue comme l'époque où le piratage éthique a ouvert de force les gouvernements, déplaçant les limites de la transparence. La page twitter de Wikileaks enchaîne cet ethos à même sa devise, « we open governments », et sa volonté d'être omniprésent. En parallèle, les grandes sociétés de technologie comme Apple se font compétition pour produire des produits de plus en plus sécuritaires et à protéger les données de leurs clients, alors même que les gouvernements tentent de limiter et de décrypter ces nouvelles technologies d'encryption. Entre-temps, le marché des vulnérabilités en matière de sécurité augmente à mesure que les experts en sécurité informatique vendent des vulnérabilités de logiciels des grandes technologies, dont Apple et Google, contre des sommes allant de 10 000 à 1,5 million de dollars. L'activisme en sécurité est à la hausse. Le piratage éthique est l'utilisation non-violente d'une technologie quelconque en soutien d'une cause politique ou autre qui est souvent ambiguë d'un point de vue juridique et moral. Le hacking éthique peut désigner les actes de vérification de pénétration professionnelle ou d'experts

en sécurité informatique, de même que d'autres formes d'actions émergentes, comme l'hactivisme et la désobéissance civile en ligne. L'hactivisme est une forme de piratage éthique, mais également une forme de militantisme des droits civils à l'ère numérique. En principe, les adeptes du hactivisme croient en deux grands principes : le respect des droits de la personne et les libertés fondamentales, y compris la liberté d'expression et à la vie privée, et la responsabilité des gouvernements d'être ouverts, transparents et pleinement redevables au public. En pratique, toutefois, les antécédents comme les agendas des hacktivistes sont fort diversifiés. Il n'est pas clair de quelle façon les tribunaux et les gouvernements traiteront des tentatives de piratage eu égard aux zones grises juridiques, aux approches éthiques conflictuelles, et compte tenu du fait qu'il n'existe actuellement, dans le monde, presque aucune exception aux provisions, en matière de cybercrime et de crime informatique, liées à la recherche sur la sécurité ou l'intérêt public. Il sera également difficile de déterminer le lien entre hactivisme et droits civils. Ce livre est publié en anglais.

LE TOUT PREMIER ROMAN DE GUILLAUME MUSSO

RÉÉDITÉ ! "Une petite merveille" Alain Lallemand, Le Soir Alors que le vol de La Joconde fait la une de tous les journaux, quatre personnes qui ne se connaissent pas reçoivent un fragment décapé de la célèbre œuvre de Léonard de Vinci, accompagné d'un mystérieux rendez-vous dans une chapelle de Toscane. Pourquoi eux ? Qui les a choisis ? Quel plan se cache derrière ce coup d'éclat ? Ils l'ignorent encore, mais à l'instant même où ils décident de résoudre ensemble cette

énigme, leur vie prend un tournant dangereux, exaltant et sans retour. Depuis Skidamarink, paru en 2001, Guillaume Musso a publié de nombreux romans qui ont conquis des dizaines de millions de lecteurs dans le monde. Il est en 2023 l'auteur le plus lu en France, pour la douzième année consécutive. Ce tout premier thriller, mêlant mystère, suspense, amour et aventure, révèle le génie de son talent sans pareil pour raconter une histoire à la croisée des genres. « UN THRILLER POSITIF ET GÉNÉREUX. » Claude Mesplède « UN THRILLER AUX ALLURES DE JEU DE PISTE (...) UN DA VINCI CODE AVANT L'HEURE. » Blaise de Chaballier, Le Figaro littéraire

Book of the True Poem Hachette UK

Édition anniversaire avec une préface inédite de l'auteur REVUE DE PRESSE : « Ce roman est dangereux : une fois ouvert, vous ne pourrez plus le quitter avant la dernière page. » RTL « Une histoire d'amour, de suspense et d'illumination. Le début d'un style. » METRO « Les scènes s'enchaînent, tenant en haleine le lecteur dans ce thriller existentiel. » LA PROVENCE « Vraiment troublant. » LE PARISIEN « Une ambiance haletante, entre suspense amoureux et incertitude policière. » NICE MATIN « Chez Guillaume Musso, le suspense est un art littéraire à part entière. » MARIE-CLAIRE « Une course contre la montre, un polar sentimental bien rodé. » ELLE Dépechez-vous de vivre, dépechez-vous d'aimer. À huit ans, Nathan s'est noyé en plongeant dans un lac pour sauver une fillette. Arrêt cardiaque, tunnel de lumière, mort clinique. Et puis, contre toute attente, de nouveau la vie. Vingt ans plus tard, Nathan est devenu un brillant avocat new-yorkais. Meurtri par son divorce, il s'est barricadé dans son travail. C'est alors qu'un mystérieux message fait irruption dans son existence. Il est temps pour lui de découvrir pourquoi il est revenu.

This open access book is supported by the European Atherosclerosis Society Association (EAS). This follow-up edition of the well-received Handbook volume 'Atherosclerosis: Diet and Drugs' reflects the state-of-the-art and most recent developments in atherosclerosis research. Outstanding international experts give a comprehensive overview of the field covering topics, such as improving the treatment focusing on established targets, novel drug developments addressing pre-defined targets, hypothesis-based and hypothesis-free approaches to unravel novel targets.

Ethical Hacking Routledge

From the former director of GCHQ, learn the methodology used by British intelligence agencies to reach judgements, establish the right level of confidence and act decisively. Full of revealing examples from a storied career, including key briefings with Prime Ministers and strategies used in conflicts from the Cold War to the present, in *How Spies Think* Professor Sir David Omand arms us with the tools to sort fact from fiction. And shows us how to use real intelligence every day. \*\*\*\*\* 'One of the best books ever written about intelligence analysis and its long-term lessons' Christopher Andrew, *The Defence of the Realm: The Authorized History of MI5* 'An invaluable guide to avoiding self-deception and fake news' Melanie Phillips, *The Times* WINNER OF THE NEAVE BOOK PRIZE 2022 LONGLISTED FOR THE ORWELL PRIZE FOR POLITICAL WRITING 2021

*By Way of Sorrow* Asrai Devin

Par une nuit brumeuse de décembre, une jeune femme est repêchée dans la Seine au niveau du Pont-Neuf. Nue, amnésique, mais vivante. Très agitée, elle est conduite à l'infirmerie de la préfecture de police de Paris... d'où elle s'échappe au bout de quelques heures. Les analyses ADN et les photos révèlent lent son identité : il s'agit de la célèbre pianiste Milena Bergman.

Mais c'est impossible, car Milena est morte dans un crash d'avion, il y a plus d'un an. Raphaël, son ancien fiancé, et Roxane, une flic fragilisée par sa récente mise au placard, se prennent de passion pour cette enquête, bien décidés à élucider ce mystère : comment peut-on être à la fois morte et vivante ? "LE MAÎTRE FRANÇAIS DU SUSPENSE" *The New York Times*, USA "L'UN DES MEILLEURS AUTEURS DE THRILLERS ACTUELS" *The Daily Express*, UK "LE ROI DU NOIR EUROPÉEN" *La Repubblica*, Italie "UN PHÉNOMÈNE" *El Mundo*, Espagne "UN ROMANCIER HORS NORME" *France Info* "CHEZ MUSSO, L'ÉMOTION A DES ACCENTS MAJEURS" *Le Figaro Magazine*, France

streamlined, nostalgic... More please' The Times 'Hugely enjoyable and beautifully staged, with an audacious authorial coup at the death that is simply breathtaking' Irish Times 'The French call it a coup de foudre: a strike of lightning. That's how The Reunion zapped me, electrified me. For almost a decade, Guillaume Musso has reigned supreme as France's most popular author, and with this he's instantly poised to join the ranks of Stieg Larsson and Jo Nesbo' A.J. Finn, author of The Woman in the Window  
Biotechnological Approaches in Biocontrol of Plant Pathogens  
HarperCollins UK

As media environments and communication practices evolve over time, so do theoretical concepts. This book analyzes some of the most well-known and fiercely discussed concepts of the digital age from a historical perspective, showing how many of them have pre-digital roots and how they have changed and still are constantly changing in the digital era. Written by leading authors in media and communication studies, the chapters historicize 16 concepts that have become central in the digital media literature, focusing on three main areas. The first part, Technologies and Connections, historicises concepts like network, media convergence, multimedia, interactivity and artificial intelligence. The second one is related to Agency and Politics and explores global governance, datafication, fake news, echo chambers, digital media activism. The last one, Users and Practices, is finally devoted to telepresence, digital loneliness, amateurism, user generated content, fandom and authenticity. The book aims to shed light on how concepts emerge and are co-shaped, circulated, used and reappropriated in different contexts. It argues for the need for a conceptual media and communication history that will reveal new developments without concealing continuities and it demonstrates how the analogue/digital dichotomy is often a misleading one.

Historical Archaeologies of Transhumance across Europe Calmann-Lévy

This report--a joint effort of the Federal Reserve's Community Affairs function and the Brookings Institution's Metropolitan Policy Program--examines the issue of concentrated poverty and profiles 16 high-poverty communities from across the country, including immigrant gateway, Native American, urban, and rural communities. Through these case studies, the report contributes to our understanding of the dynamics of poor people living in poor communities, and the policies that will be needed to bring both into the economic mainstream. It is not the intention of this publication to explain poverty causation. Instead, the goal is to add texture to our understanding of where and how concentrated poverty exists, by studying new areas and by interviewing local stakeholders, including residents, community leaders, and government representatives, to understand how concentrated poverty affects both individuals and communities. The report begins with "Concentrated Poverty in America: An Overview" (Alan Berube) and "Introduction to the Case Studies" (Carolina Reid). It then presents the following 16 case studies: (1) Fresno, California: the West Fresno neighborhood (Naomi Cytron); (2) Cleveland, Ohio: the Central neighborhood (Lisa Nelson); (3) Miami, Florida: the Little Haiti neighborhood (Ana Cruz-Taura and Jessica LeVeen Farr); (4) Martin County, Kentucky (Jeff Gatica); (5) Blackfeet Reservation, Montana (Sandy Gerber, Michael Grover, and Sue Woodrow); (6) Greenville, North Carolina: the West Greenville neighborhood (Carl Neel); (7) Atlantic City, New Jersey: the Bungalow Park/Marina District area (Harriet Newburger, John Wackes, Keith Rolland, and Anita Sands); (8) Austin, Texas: the East Austin neighborhood (Elizabeth Sobel); (9) McKinley County, New Mexico: Crownpoint (Steven

Shepelwich and Roger Zalneraitis); (10) McDowell County, West Virginia (Courtney Anderson Mailey); (11) Albany, Georgia: the East Albany neighborhood (Jessica LeVeen Farr and Sibyl Slade); (12) El Paso, Texas: the Chamizal neighborhood (Roy Lopez); (13) Springfield, Massachusetts: Old Hill, Six Corners, and the South End neighborhoods (DeAnna Green); (14) Rochester, New York: the Northern Crescent neighborhoods (Alexandra Forter Sirota and Yazmin Osaki); (15) Holmes County, Mississippi (Ellen Eubank); and (16) Milwaukee, Wisconsin: the Northwest neighborhood (Jeremiah Boyle). Following these case studies is "Learning from Concentrated Poverty in America: A Synthesis of Themes from the Case Studies" (Alan Berube, David Erickson, and Carolina Reid).

Appended to this report are: (A) References for Comparison Statistics Tables; (B) Literature Review: Federal Reserve System Poverty-Related Research; (C) References for Overview in Alphabetical Order (by First Author); and (D) Photo Credits. (Individual case studies contain tables, figures, and footnotes.).

#1 French Bestselling author of The Reunion 'It's no wonder that Guillaume

Musso is one of France's most loved, bestselling authors' Harlan Coben

Sometimes, a second chance can come out of nowhere ... Parisian cop Martin Beaumont has never really got over his first love, Gabrielle. Their brief, intense

affair in San Francisco and the pain of her rejection still haunt him years later.

Now, however, he's a successful detective - and tonight he's going to arrest the legendary art thief, Archibald Maclean, when he raids the Musee d'Orsay for a priceless Van Gogh. But the enigmatic Archibald has other plans. Martin's pursuit of the master criminal across Paris is the first step in an adventure that will take him back to San Francisco, and to the edge of love and life itself.

exhilarating spy thriller written by an intelligence veteran about two women CIA agents whose paths become intertwined around a threat to the Russia Division--one that's coming from inside the agency. Lyndsey Duncan worries her career with the CIA might be over. After lines are crossed with another intelligence agent during an assignment, she is sent home to Washington on administrative leave. So when a former colleague--now Chief of the Russia Division--recruits her for an internal investigation, she jumps at the chance to prove herself. Lyndsey was once a top handler in the Moscow Field Station, where she was known as the "human lie detector" and praised for recruiting some of the most senior Russian officials. But now, three Russian assets have been exposed--including one of her own--and the CIA is convinced there's a mole in the department. With years of work in question and lives on the line, Lyndsey is thrown back into life at the agency, this time tracing the steps of those closest to her. Meanwhile, fellow agent Theresa Warner can't avoid the spotlight. She is the infamous "Red Widow," the wife of a former director killed in the field under mysterious circumstances. With her husband's legacy shadowing her every move, Theresa is a fixture of the Russia Division, and as she and Lyndsey strike up an unusual friendship, her knowledge proves invaluable. But as Lyndsey uncovers a surprising connection to Theresa that could answer all of her questions, she unearths a terrifying web of secrets within the department, if only she is willing to unravel it....

Le Divorce meets The Elegance of the Hedgehog in this hilariously entertaining mega-bestseller from France When her chronically unemployed husband runs off to start a crocodile farm in Kenya with his mistress, Jos é phine Cort è s is left in an unhappy state of affairs. The mother of two—confident, beautiful teenage Hortense and shy, babyish Zo é —is forced to maintain a stable family life while making ends meet on her meager salary as a medieval history scholar. Meanwhile, Jos é phine ' s charismatic sister Iris seems to have it all—a wealthy husband, gorgeous looks, and a tr è s chic Paris address—but she dreams of bringing meaning back into her life. When Iris charms a famous publisher into offering her a lucrative deal for a twelfth-century romance, she offers her sister a deal of her own: Jos é phine will write the novel and pocket all the proceeds, but the book will be published under Iris ' s name. All is well—that is, until the book becomes the literary sensation of the season.
