I was born and raised in Rockland County,
which until the mid-fifties, was a region of
New York State characterized by small
villages and farms just 18 miles or so from
New York City. After high school and
college and having seen enough of
"progress" destroying this wonderful way
of life, my wife and I moved to a small
community a few miles from Cooperstown,
New York, home of the Baseball Hall of
Fame. After raising three daughters and a
career in education I decided to change
the tempo of life and began a new
occupation as a full-time writer of
automotive history. This was simply an
extension of what I had been doing since
my preadolescent years when my brother
and I would collect sales brochures from
any auto dealer who wouldn't show us the
exit/door, since we obviously had no cash,
no credit and no intention of buying a new
car. Ever since I was in elementary school
I was fascinated by the hopped-up Fords
and Chevys (and even an occasional
Plymouth) of the late '30's and '40's that
the older "cool" boys drove to school.
Recollections of those cars from long ago
instantly came to mind when I first saw the
PT Cruiser in 2000. Having previously
written numerous articles and several
books on Chrysler vehicles, my interest in
the PT as the subject of a forthcoming
volume was instantaneous.
