This
Intergovernmental
Panel on Climate
Change Special
Report (IPCC-SREX)
explores the
challenge of
understanding and
managing the risks
of climate extremes

to advance climate change adaptation. Extreme weather and climate events, interacting with exposed and vulnerable human and natural systems, can lead to disasters. Changes in the frequency and severity of the physical events affect disaster risk, but so do the spatially diverse and temporally dynamic patterns of exposure and vulnerability. Some types of extreme weather and climate events have increased in frequency or magnitude, but populations and assets at risk have also increased, with consequences for disaster risk. Opportunities for managing risks of weather- and climate-related disasters exist or can be developed at any scale, local to international. Prepared following strict IPCC procedures, SREX is an invaluable assessment for anyone interested in climate extremes, environmental disasters and adaptation to climate change, including policymakers, the private sector and academic

researchers .

“ The Book offers

invaluable lessons to the young and growing tribe of aspiring Chartered Accountants; It traverses despair, broken confidence to instant change in emotions and confidence, and ultimately an achievement and motivation, which makes failure at examinations a non-event.” - CA Shailesh Haribhakti “ Ajinkya has done a wonderful job of addressing key doubts in the minds of aspiring Chartered Accountants through the example of a fictitious story of CA Krishna Kumar. The unique tale of a firm which only hires CAs who have taken multiple attempts to clear their exams is very thought provoking. I have enjoyed and found myself inspired after reading the book, and would definitely recommend any CA student to thoroughly go through this book ” - CA T.P. Ostwal

Is it necessary to clear the CA examinations in the first

attempt and possibly also secure a rank to make a name as a reputed and in-demand chartered accountant? Is it necessary to complete Articleship only from a large and reputed firm to succeed in chartered accountancy as a career? You Can Be a Successful Chartered Accountant addresses, through the example of Mr. Krishna Kumar, such common questions and doubts that concern any aspiring Chartered Accountant to encourage, motivate and celebrate his decision of becoming a Chartered Accountant!
